Shallotte Man Is Charged In Theft

James Dersy Benton, 40-year-old white man of Shallotte Point, was arrested by Deputy Sheriffs Drew Long and Alec Ganey Wednesday and charged with the breaking, entering and larceny of the home of Herman Lattie, Shallotte Point.

Deputy Long said that Benton had committed the offense sometime Tuesday night, and that a stolen radio had been recovered from the defendant's home. Long stated that the radio had been identified by Lattie as his property. An expensive wristwatch, missing from the looted premises, has not yet been located.

Benton made bond of \$1,000, and will be given a preliminary hearing in Recorder's Court next Monday.

INSOMNIA
By DR. ROGER W. PRICE
"If I could only sleep!" This statement is sufficient most of the time to stamp a case of "insomnia" and with it all the train of other symptoms that follow. Basically insomnia is a condition which prevents the nervous system from relaxing. Organic trouble has been frequently blamed and usually enters into the complex but when vitality has been restored to the nerves and sufficient pressure removed to permit them to relax, sleep follows that is natural and refreshing.
While several pressures on nerves can produce insomnia, the usual case many and the condition is one of long standing. The general health is usually affected since insomnia produces a type of nervous exhaustion which prevents proper organic function.
Modern Chiropractic assists nature by correcting spinal misplacements, which restores the normal nerve functions.

Price, spice and everything nice!

Who ever thought a car that saves like this could have so much sizzle? Chevrolet engineers, that's who! Liveliness and luxury for a low, low price were exactly what they had in mind to begin with. And they began from scratch with a whole carload of ingenious new ideas designed to give you more for your money. That spunky 6 with gas-sipping stinginess is just one example. Another: a new unitized Body by Fisher that's fit for a full-size family inside, easy to park

outside. Still another: tough but gentle one-piece Mono-Plate rear springs that outdo many a bigger car for quiet comfort. Any wonder Chevy II won Car Life magazine's 1962 Engineering Excellence award hands down? (The wonder would be if you settled for anything less—once you get your hands on one at your Chevrolet dealer's!)
