Cub Scouts Enjoy Outing At Sunny Point Army Terminal

Saturday was a red letter day in the lives of some 40 Cub Scouts, Boy Scouts of America, from Southport and Wilmington.

Promptly at 9 a. m. Pack No. 238 from Southport augmented by a Den from Wilmington invaded Sunny Point Army Terminal where they were met by Col. Johnnie D. Duffie, the Commanding Officer, and his officers, together with a supporting civilian force.

First on the agenda was of loading boys aboard the Cub Scout Express, which was comprised of a locomotive and modified flat car, together with appropriate pennants and signs.

The entire entourage then made an express run to Boiling Spring Lakes and returned, following which a tour of the terminal was made on the train which arrived at its final destination—Sunny Point's Center Wharf—at 11:30 a. m.

After donning life jackets, the Cubs boarded Sunny Point Army Terminal's new 110-foot combination seagoing tug and fireboat for a two hour boat trip to Southport and back.

Upon returning to Sunny Point, they were then given a demonstration by the Sunny Point Army Terminal Fire Department as to the capabilities of the department and then were given practical work and permitted to operate the sirens, fire hoses, etc.

Personnel who assisted in the operation besides Colonel Duffie and his officer staff were: Train crew—Marvin H. Congleton, Orville B. Kuhn, William P. Horne, and Cecil J. Knowles; boat crew—Oscar Williams, Anson Lewis, George Gregory, Leon McKeithan, and Russell St. George; Southport Pack—Leslie Bellows, Kenneth Poteet, Hugh Donnelly, and C. L. Elbert Hubbard on Health

By DR. ROGER W. PRICE

To put his patient in line with the healing forces of nature, Chiropractic never brings adverse results. The Chiropractor does not pin his faith in any single panacea. He simply knows the physical fact that a pressure of a bone on the nerve brings about a condition where the telegraph system fails to act properly. With skilled hands he brings about the right relationship and proper adjustment. He finds the cause and removes it. Modern Chiropractors are not doctors of medicine. They are doctors of health. From them we get a new science which is adding greatly to the happiness and welfare of the world."

copy were from Clinton, Roseboro and Wilmington.

This year, competition was restricted to a costume worn at one time, with one change of accessories allowed. The entrants modeled their costumes one way and after a skit, presented by the Southport Club and narrated by Mrs. Duffie, modeled them in a different way.

Southport's entry, by Mrs. James M. Harper, was a black wool suit with off-the-neck scarf, with which a black satin over-

blouse was worn. A second blouse, worn under the entire suit, was an evening top with gold braid, making the outfit and entirely different costume.

The student winner used the same pattern, making the suit in a green tweed with mustard colored blouse. The two suits looked entirely different.

The skit was also a fashion show—one in which costumes of the periods in which our First Ladies lived in the White House were featured. The commentary gave something of the flavor of the various administrations, and
