By: JIM POWELL YOU WILL SEE HIM

It was very early on the first day of the week when they went to the tomb, saying among themselves, who will roll away such a large heavy stone for us? A young man sitting on the right side, said, "Do not be amazed; you seek Jesus of Nazareth, who was crucified. He is risen, He is not here; the place where they laid Him. But go, tell His disciples and Peter that He is going before you into Galilee; there you will see Him, as He told you." (St. Mark 16:6-7)

Check East-West Flow Of Traffic

Study Being Made With Regard To Future Planning And Building On Highway System

The State Highway Commission announced this week that through its own Planning Department, it would begin to make an exhaustive analysis of east-west traffic movements in the state, to establish the need for major improvements on east-west routes or for the creation of such new routes.

To this end, and in cooperation with the United States Bureau of Public Roads, a special Origin-Destination Traffic Survey is to be conducted starting June 4 and continuing through the month of June. In this phase of the study, some 12 interview stations will be operated on east-west routes which cross the eastern part of the state. At each of these stations, a full day will be used to interview all passing car and truck drivers to determine their origin, destination and purpose of their trips, amounting to an estimated 40,000 separate interviews on these east-west highways.

Using this as basic data, long-range desire lines of traffic movement may be determined, and may be projected into the future based on logical growth factors

For Judge of Recorder's Court

I am indeed grateful to the many friends who pledged their vote and support during the First Primary. Since I was eligible for a Second Primary I have been making a general survey of the county and have found a great amount of interest and encouragement in my race for the Democratic nomination for Judge of Recorder's Court. I have therefore requested a run-off.

My pledge to you has been to render fair and impartial verdicts in all cases. This still is the only promise that I can make and keep. I earnestly solicit your vote and support in the Second Primary, June 23, 1962.
