

Haymans Attend Family Reunion

The Rev. L. D. Hayman is Executive Secretary of Hayman Clan Of Dare County

The Hayman Clan reunion of North Carolina will be held this week at Mann's Harbor beginning Friday morning at the community building. The Hayman reunion, now in its eleventh year, stems from the ancestors of the Rev. L. D. Hayman and the clan is now in the beginning of the eighth generation. This includes the two young Hayman boys who sailed on a ship out of a German port in the year 1812. The ship was wrecked on the North Carolina coast in this same year in the dead of winter. Among the survivors were Tederic and William Hayman, of Scotch and German lineage. These boys found shelter at Kitty Hawk, and liked it so well they remained there, and in time married women of that section. From this historic recording now in the hands of the Rev. Hayman, tracings of the eighth generation stretch backward for more than 150 years. Today the clan members now on record number upwards of 250.

The Rev. and Mrs. Hayman left Wednesday to be gone about ten days, sharing in the Hayman reunion, witnessing the Lost Colony and attending to business incident to bringing their list of kinsmen up to date. They plan to enjoy the haunts of the Rev. Mr. Hayman's birthplace and boyhood days.

Among the highlights of the reunion day will be registration of the large gathering, the address of welcome by the Rev. Mr. Hayman, a business session, memorial service, the feast hour and an hour talent show to see what the Hayman can do when given a chance to perform.

What's so different about the tomato?

It's just about the only thing in the kitchen garden that still needs to be canned with the old-fashioned hot pack, cold pack drudgery. Most other fruits and vegetables can be put up by easy pack—simply washed and frozen. An electric freezer will keep summer freshness and flavor on your table the year 'round.

An electric freezer means economy (stock up when things are in season) . . . convenience (less trips to the store) . . . variety (ice cream and other treats can be served anytime).

See your appliance dealer soon. Put up the modern, electric freezer way.
