### Paving Plans Given Approval At Board Meet

A decision to pave several streets highlighted a meeting of the Southport Board of Aldermen Thursday night at the City Hall in which the 1964-65 budget was

After hearing a report from the Street Paving Committee, the board unanimously voted to put a rock-mat finish on several city streets, including 8th from Lord to Clarendon, Caswell from Bay to Moore, Caswell from Moore to Nash, Caswell from 8th to 11th. Atlantic from Owens to Fodale, Fodale from Leonard to NC 211, Burrington to Owens (four blocks) St. George, Leonard and Owens, between Burrington and Clarendon, and Caswell from 8th to 12th and to NC 211.

Mayor E. B. Tomlinson said it would cost the city less than \$7,000 for the street paving work.

In selecting the streets to be paved, the board decided to work on those that would not have to be torn up to install the sewage system voted on by the people in the spring. The motion for the action was made by Johnnie Vereen and seconded by J. A. Gil-

City Auditor W. L. Aldridge led the board through the first reading of the proposed \$248,000 budget for the year 1964-65. The present tax rate of \$1.37 per \$100 will remain the same.

The budget is broken down into eight categories, including administrative, \$44,472.80; electrical, \$79,081.20; water, \$7,238.00; streets \$58,579.00; fire, \$2,500.00; police, \$11,495.00; debt service, \$26,000.00; and others, \$18,634.00.

The budget was unanimously approved on first reading on a motion by Harold Aldridge, seconded by Crawford Rouark.

The board discussed extending the city limits-at least to the Sawdust Trail—but postponed a final decision until the July meeting. City Manager C. D. Pickerrell and Auditor Aldridge were asked to investigate the possibilities of extending the city limits even further than the Sawdust

Mayor Tomlinson explained that the city must furnish the new area with the same city services that the majority of residents receive within two years. "We must determine whether the additional revenue from the area would make the extension feasi-

"The main advantage would be that the city could control the appearance of the only entrance to the town," he declared.

City Manager Pickerrell reported that the State Highway Commission would furnish curb and guttering in front of the Southport Baptist church if the city would do the work. He said the city forces would begin the project immediately.

The church members had complained that after heavy rains the water from the highway would flood the entrance grounds and make it impossible for people to enter the church on Sundays.

The State Highway Commission refused to change the speed limit on Leonard street from Fodale avent to the city limits from 45-mpn to 35-mph and asked the city to approve their speed limit. The board, protesting the action, decided to table to the matter on a motion by Alderman Gilbert, seconded by Alderman

L. RICHARDSON PREYER

### Preyer Coming Here Saturday

Democratic gubernatorial candidate L. Richardson Preyer of Greensboro will make his third campaign trip to Brunswick county Saturday where he will be honored at a barbecue supper at Bolivia High School, Campaign Manager Kirby Sullivan anrounced today (Wednesday).

Preyer will arrive at the air strip between Southport and Long Beach Saturday afternoon at 3 o'clock. He will tour the county until 6 p. m. when he will be in Bolivia for the barbecue. After the supper he will outline his program to the people of Brunswick county.

This will be the third tirp he has made to Brunswick county since the campaign for the Democratic nomination for governor opened in January.

He finished second in Brunswick county during the first primary, which he won statewide. Dan K. Moore, who was a poor third with Brunswick voters, finished second on the state level and called for the second primary on June 27.

Manager Sullivan was unable to say this morning just what Preyer's itinerary will be but he did say, "We want Judge Preyer to meet as many people as possible while he is in Brunswick. He has demonstrated an interest in us by being in our county on this strategic date just one week before the election. I feel that those who meet and talk to him will realize that he has a sincere interest in this part of North Caro-

The six teenagers had walked about 75 years along the railroad tracks when they heard their automobile's windshield and winred by shotgun reported Deputy Sam

When the group returned to the car, they saw a man running from the scene. One member of the group, an 18-year-old boy still unidentified, raced after the man.

Seconds later, shotgun blasts were fired from the opposite direction of the chase and hit two girls and one boy, Deputy West said. They drove themselves to the Wilmington hospital and notified the authorities. The Raleigh boys and girls said

there were no other cars in the area when they stopped at the railroad tracks Friday night at mid-night. Deputy West added he had heard reports that a highpowered rifle was fired that

The six teenagers were in a group of 20 who were spending a week at the beach. They were to have returned to Raleigh Sunday. Some of them were members of the Hudson Memorial Presbyterian Church and, although the party was not a church-sponsored retreat, church officials said they knew of the group's plans. ### Phone Directory Is Distributed

Southern Bell's new Southport and Long Beach telephone directory is being distributed, H. F. Kincaid, Southern Bell Manager here, said this week.

"And you won't find a better yardstick of Southport's and Long Beach's progress than the new telephone directory," he added. 'It shows just how fast this area is growing." About 1250 directories will be

mailed in this area, 141 more than were distributed last year. "You should have your directory this week," Kincaid said. "If not, please notify the telephone business office.

"When you get the new directory, please throw away the old one," Kincaid continued. "That way, there's no chance of you looking in the old directroy and possibly getting a wrong number. "Also, please look in the directory for a number before calling 'Information'."

### **PCA Officials** At Conference

"The volume of credit service to agriculture by production credit associations may double during the next decade." according to Edwin S. Clemmons, Director of the Wilmington Production Credit Association, who has just returned from Bal Harbour. Florida, where he attended the 30th Anniversary Production Credit Association Directors' Con-

ference on June 7-9. Clemmons said, "Reports at the conference indicated the application of capital using technology in agriculture and reorganization of farm units are continuing and the short and intermediate term credit needs of farmers will probably double during the next ten years. The PCAs should continue to furnish an increasing share of the credit needs of farmers.

'The 77 production credit associations in Florida, Georgia, North Carolina and South Carolina have provided approximately \$4 billion in credit serve to farmer members since organized 30 year ago. The Wilmington association has provided about \$25 million to farmers of this area since organization in

1934," according to Clemmons. "The PCAs in the four-state district with 90,000 farmer-members made loans to 50,000 of these members in 1963 in the amount of more than \$265 millon, more than double the volume 10 years ago," he said.
