Brunswick CAP Gets Plane

EQUIPMENT—The Brunswick County Civil Air Patrol unit at Shallotte received a 2-seater reconnaisance plane this week for use in search and rescue operations. This new equipment is based at the CAP landing field near Shallotte. (Staff Photo by Allen)

Silver Anniversary

REA Meeting Friday

An estimated 5,000 people from Columbus and Brunswick counties will visit Whiteville Friday for the annual meeting of the Brunswick Electric Membership

The 25th annual meeting -Silver Anniversary — will get underway at Smith's warehouse on the 701 by pass at 1 p. m. with special music and singing as the opening features.

Dr. E. D. Bishop, executive director, reports a long list of prizes will be given away during the afternoon and an RCA television set will be the top prize

Main speaker for the occasion will be William T. (Bill) Crisp, High School. eral counsel for the Tar Heel Electric Membership Association. Along the way George Bailey, musician, memory expert and magician, will take the rostrum for various numbers including a gift of \$5 for every name he forgets after he has met the person.

And the Mellonettes Quartet of Bolivia will be there for songs and skits to entertain the crowd

Dr. Bishop and staff members will make a report on the cooperative's financial condition which will show that membership of over 11,000 has meet all payments and that any profits remaining after all obligations have been met will be paid to the stockholders.

These are called "capital credits" and the 1963 figure stands at 11.4 per cent of billings of the past four years.

Further, reports will show that Continued On Page Four

FOR THE RECORD

A note from Dwight McEwen, president of the Brunswick County Bar Association, calls attention to the fact that there are 11 lawyers now practicing in Southport instead of 10 as reported last week.

ELECTION RETURNS

Alton Clemmons and Henry Carter, both Shallotte amateur radio operators, will be on duty agair at the County Elections Headquarters in Bolivia Tuesday night to report the Brunswick returns for use on state-wide television. Both mem performed the same duties during both primaries in the spring.

HOMECOMING AT BETHEL

Homecoming will be observed at Bethel Baptist Church near Southport Sunday. The Rev. Bennie Prixe will bring the morning message, and following dinner on the grounds, there will be an afternoon song service featuring the Mellonettes and other singing groups. Revival services will begin Monday night at 7:30 with the Rev. Arvel Crawford of Supply as guest minister. Services will continue through next week. Rev. C. L. Turner is pastor at

Halloween Carnival To Raise Bus Funds

An old fashioned Hallowe'en Carnival will be held Saturday at the Southport High School gym under the auspicies of the Southport High School Activities Club. This organization, which is a

successor to the Southport Boosters Club, has adopted as its first major project the purchase of an activity bus for Southport

H. A. Templeton, Jr., president of the club, says that the bus is for use by all school grades and organizations. "It will be used by the athletic teams, that is true,' he said in response to a question, "but it will be used for field trips and educational tours by various other school organizations. A trip to Asheville for Beta Club members is one of the trips for which it will be used."

Templeton explained that a decision has been reached to purchase a new bus with a seating capacity of 42. It will cost \$5,200, with the chasis being purchased through the State Division of Purchase and Contract. Mrs. Irene Davis is chairman of the Activity Bus Committee, and other members in addition to Templeton include James Wolfe, T. M. Lee

and L. R. Biggerstaff. Responsibility for the Halloween Carnival has been delegated to several persons, who will head their own committees, Mrs. W. R. Lingle is in charge of the Costume Parade, which will be held at the high school auditorium

starting at 6 o'clock. Booths for the various activities will be set up in the gym, and those will include fortune telling, fish ponds, apple-bobbing, house of horrors, hot dog stand and other activities. Arrangements have been made for a cotton candy machine and a popcorn machine

for use Halloween night. It is no accident that the activities run through the supper hour, for a fish fry and barbecue will be served in the grove in front of the school starting at 5 o'clock. "Folks can come and bring the kids and stay for supper," Templeton explained. "We want them to realize that every cent they spend will help our club

Organize Math Workshop Class

help Southport High School."

Math teachers for the elementary grades in tthe schools of Brunswick county are meeting tonight at Bolivia to plan a schedule of classes for special training in the instruction of this subject along the lines of the new concept in teaching.

The course will be taught one night per week for eight weeks for a period of two hours. There will be two groups, one for teachers grades one tthrough four and (Continued On Page 4)

Tobacco Yield May Set Record

It appears now that the 1964 flue-cured to bacco yield for Brunswick County will be the sec-Raplh Price, ASCS Office Manger said this week. With 60 percent of the 1964 tobacco card and yields computed the average yield peh acre is 2087 pounds. The highest yield ever record for tthis county was in 1962 when the average was 2198 pounds. Last year's average was 1997 pounds.

This will probably come as a surprise to some of the county's agricultural leaders who earlier in the year, when the rains were a little heavier than usual, yelled "ruin" and requested that the county be declared a disaster

Brunswick Rates High In Pulpwood

Purchases of pulpwood grown in North Carolina and delivered to pulp and paper mills during 1963 totaled \$48,458,000, is was reported by H. J. Malsberger of Atlanta, general manager of the Southern Pulpwood Conservation

Among the 99 conuties in North Carolina where pulpwood was produced, the three leading countles, and the value of deliveries shipped from each, were Beaufort, \$1,493,420; Brunswick, \$1,733,260; and Onslow, \$1,541,-

Last year's total for the state, Malsberger added, was four precent higher than the value of \$46,478,000 recorded for 1962 de-

These figures were based on the results of a 12-state pulpwood production survey made by the U. S. Forest Service Experiment Stations at Asheville, North Carolina, and New Orleans, Lou-

isiana, in cooperation with SPCA. North Carolina's share in the production of wood raw material for the pulp and paper industry, Malsberger explained, was part of an all-time high pulpwood har-

vest for the South as a whole. The 120 state total for 1963 was \$531,820,000, a gain of four percent over the previous record of \$511,726,000 for 1962.

The South's pulpwood harvest last year was not only sixty percent of the total for the Nation, Malsberger stressed, but was also greater than that of any single foreign country and more than in any area of camparable

He emphasized, too, that figurprojected from Federal Gov-Continued On Page Four

CAP Unit Gets Plane For Use In Search Duty

The Brunswick County Civil Air Patrol's new single engine reconnaissance airplane was instrun ental in extinguishing a small brush fire near Ash Sunday on its first mission, says Commander Henry Carter of Shallotte.

The L 16, while on a routine flight over Brunswick county Sunday, observed the small fire and called the fire tower near Shallotte. The U.S. Forestry Service rushed men to the area to extinguish the blaze before it ould spread.

Commander Carter said the county squadron received the single engine plane from the CAP state headquarters in Charlotte. It has been assigned to Brunswick county for an indefinite

This is the second plane the state headquarters has assigned to the county unit. About a year ago, another plane was here on temporary duty and was recalled.

The two-seater yellow plane, which carries CAP decals on its body and wings, is piloted by Major Carter, commander of the unit. He is the only member of the squadron licensed to fly the plane. Another member, Gilbert Blake of Shallotte, is undergoing

Commander Carter said the plane will be used in Brunswick county for search and rescue

It will be based at the CAP airport, which is located two miles northwest of Shallotte on Highway 130. The airport was built by CAP members about five years ago and they maintain it. The runway is 3,000 feet long and

Republicans To Meet Saturday

The Brunswick County Republican party will hold their final political dinner-rally of the 1964 campaign at Shallotte Saturday night.

The oyster roast will get underway at 6 p. m. across from Martin's Repair shop on Wall street in Shallotte. The speaking, featuring Mrs. Alton M. Snipes of Wilkes county and Brunswick candidates, will start at 8 p. m.

A Brunswick county school official will attend the rally to discuss tthe \$100-million school construction bond issue which will be voted on by the people on November 3.

The rally will be sponsored by the Brunswick County Republican Woman's Club. Tickets can only be purchased at the door. Mrs. Ruby Babson of Freeland will serve as master of ceremon-

Mrs. Martin Nielsen of Shallotte, Republican woman's club president, invited all county residents, both Democrats and Republicans, to attend the final rally of the campaign. "We want to give everyone in Brunswick county this final chance to hear the Republican side of the story," she declared.

This will be Mrs. Snipes' secend trip to Brunswick this year. She was the featured speaker at a Republican woman's club meeting in Aug. "Everyone was so impressed with her that they wanted her back," Mrs. Nielsen

Mrs. Snipes, who is from Ronda, is an active member of the North Continued On Page Four

JOEL L. MOORE, JR.

Southport Man President's Host

Joel L. Moore, Jr., Southport native who now owns and operates the luxurious Cherry Plaza Hotel in Orlando, Fla., told a friend in Southport during a telephone conversation Tuesday night that he had played host to President Lyndon B. Johnson Sunday night.

"It was fabulous," he said. "I real do not know how many people were in the President's party counting the secret service, newspaper, radio and television folks. They took over our entire eighth and ninth floor. There were 200 secret service men along," he

Moore who acquired this valuable hotel property a little over one year ago, said that he had gone to Washington last month to extend an invitation to President Johnson to use his hotel facilities and to make necessary arrangements regarding security meas-

"It took two weeks for them to get ready for him to come in for an overnight stay", he said. "They installed 60 telephones operating out of their own switchboard. They had a radio station of their own and a direct line to the White House. It took two weeks to run the necessary security check, and I am happy to report that all of our 300 employees were given an o. k.

There were 110,000 persons in the street outside the Cherry Continued On Page Four

with the nation, will go to the polls Tuesday to select candidates for county, state and national of-

The polls in all 18 precincts in Brunswick county will be open from 6 a. m. to 6 p. m. Each voter will receive five ballots to

names of candidates from president to constable and the vaious offices in between. County offices at stake include senator. representative, judge, register of deeds, and five commissioners.

The ballots will also include a \$100 million school construction bond issue. If passed it would bring about \$500 into Brunswick county and has the backing of county educators and many other county leaders.

The campaign in Brunswick county actually began in early spring before the two primaries. After a short let-up, the Republicans, under Chairman M. L. Willetts of Bolivia, kicked off their fall campaign in early August and the Democrats, under Chairman Ernest E. Parker, Jr., of Southport, started shortly thereafter. There has been constant activity on the part of both parties for the past several weeks.

Democrat Carl Meares of Columbus county is the only candidate for state senator since the Republicans did not nominate a candidate.

Veteran Democratic Representative Odell Williamson is running for the state House of Representatives against Republican Harold Willetts. However, Willetts' name will not appear on the ballot because he is a substitute candidate from A. Lindburgh King, who resigned but whose name will appear on the ballot.

Incumbent Durwood T. Clark, who had no opposition in the spring Democratic primary, will be running against Mrs. Betty B. Warren, a Republican and the only woman seeking county of-

Clinton E. Bellamy, a Democrat, and Republican D. Carl Andrews are in the race for judge of recorder's court. Neither man has served in the office before although both have run for office several times in the past.

Only one of the incumbent members of the Board of County Commissioners, Democrat D. Bert Frink of Shallotte, was renominated by his party in the spring primaries. The other candidates from commissioners include Democrat George T. Rourk and Republican Thomas L. Gilles in Northwest; Republican James Hufham in Town Creek, Democrat, Thomas S. Bowmer and Republican Claude E. Harrelson in Smithville; Democrat A, Clemit Holden and Republican Martin F. Nielson in Lockwood Folly; Frink and Republican Rudaw A. Russ in Shallotte; and Democrat Parley P. Formyduval in Wacca-

Plan Program In Achievement Night For 4-H

The Brunswick County 4-H Council met Thursday night with approximately 30 4-H Club members and leaders present and the following clubs represented: Ash Community 4-H Club, Better Youth 4-H Club, Busy Bees 4-H Club, Bolivia Senior 4-H Club and the Ocean Isle 4-H Club.

The main order of business was the upcoming 4-H County Achievement Night on November 10 at 7:30 o'clock at the extension office. The program was discussed and talk about and then committee assignments

New officers were elected by the council to serve next year. They will be installed during the 4-H County Achievement Program. They are Julia Hewett, president, Kelly Reynolds, vicepresident, Susan Gray, secretary and treasurer, Jimmy Gray, reporter, Gail Johnson, song leader and Lynn Hewett, recreation

On Friday, Miss Margaret Clark, District 4-H Club agent visited the extension staff to discuss the 4-H program of the district and state as well as the Brunswick county program. brought up-to-date news on all the activities of the 4-H program, and gave a lot of useful information on starting a community 4-H Club and keeping it going.

Projects, record books, trips, scholarships and program plan-Clark. Much valuable information was gained by having Miss Clark in the office and the extension staff hopes to put this material into use in the near future in striving to make this one of the top 4-H counties in the

Trick Or Treat For UNICEF Plan

Children of Southport will participate Thursday evening in the United Nations Childrens Fund Halloween program. They will make a house-to-house can vas of the residential area and citizens are urged to make cash contributions which will help in the humanitation program which started in 1950.

During that year one Sunday School class raised the sum of \$17 by substituting UNICEF for the usual trick-or-treat round. Last year about 3.5 million boys and girls in 13,000 communities participated.

To give an idea of what can be accomplished through this program: One penny gives BCG vaccine to protect a child from tuberculosis; five pennies will deliver 25 large cups of milk; ten pennies will buy enough pencillin to cure 4 children for years; fifteen pennies will purchase enough DDT to protect two children from malaria for one year; twenty-five pennies will buy antibotics to cure two children of trachoma; one dollar will purchase sulfones to treat a leprosy victime for three years.

These are reasons why some of the adults of Southport think it is important to encourage and assist the youngsters in their UNICEF drive each year at Halloween.

TIME and TIDE

It was October 28, 1959, and a group of citizens at Winnabow, under the leadership of Elmer Skipper, were organizing a volunteer fire department. The Brunswick County Baptist Association was meeting this week, with the moderator, Rev. J. D. Hales, Jr., of Mt. Pisgah church, in cherge.

The sheriff's department captured a still capable of turning out \$10,000 per day in bootleg liquor in Lockwoods Folly township. Mrs. Frances Key was elected president of the Southport Boosters club. The Soldier's Bay Baptist Church at Ash was to observe homecoming Sunday.

It was October 27, 1954, and Brunswick County began reconstruction work after Hurricane Hazel's visit. Lonnie Evans was elected chairman, Edgar Holden vice chairman and C. W. Knox regular member of the ASCS County Committee. Captain Howard Victor was complaining because a party on

his boat caught so many fish Monday that they cancelled a scheduled second trip Tuesday and went home. The Bolivia Lion's Club was sponsoring the General Motor's world famous science show, Previews of Progress, in their community.

It was October 26, 1949, and Captain Hulan Watts landed the greatest catch of king mackerel ever brought in at South-(Continued On Page 4)
