SPONSOR CONTEST

The Southport Garden Club will sponsor the Christmas Lighting contest, to be judged Wednesday December 23. Included will be door decorations, living trees and over all house and yard decorations.

Santa Claus will come to Southport Friday night, and he will be riding in class. Nope, he won't be driving his traditional reindeer nor riding on his sleigh, but he will be passenger of honor aboard Southport's brand new Carolina farmers have voted 11

This and other vehicles will comprise the parade, which will proceed through the business district at 7 o'clock.

Fire Chief Ormond Leggett says that there are no elabrate p'ans for floats and other parade attractions. "We are a little late," he said, "but we hope the kids will have some fun. If anyone wishes to participate in the parade, they may contact me or the city manager, and we will be glad to have them.

There will be candy and favors for the little fellows, these to be dispensed in front of the fire station at the end of the parade

Everyone is invited.

## **Duke Foundation** Funds Give Aid On Local Level

Forty years ago, on Dec. 11, 1924, James Buchanan Duke created The Duke Endowment as an instrument of philanthropy for the people of his native North Carolina and its sister state of South Carolina.

In the intervening years, it has become one of the nation's major fourfilations, with assets at the end of 1963 totaling \$534 million and gifts to its beneficiaries in the two states amounting to \$185

It was contributed \$125,497,590 to higher education, \$29,778,050 to assist hospitals in financing charity services, \$15,195,607 to help provide more adequate hospital facilities and services, and \$7,447,848 to aid in support and care of orphans and half orphans in the Carolinas.

In addition, it has contributed in North Carolina \$3,545,204 to build and \$2,539,524 to maintain and operate rural Methodist chruches and \$1,434,982 to make more secure and comfortable the lives of aged preachers and of widows and dependent orphaned children of preachers who had served in the North Carolina or Western North Carolina conference's of the Methodist church.

Over the years, the hospital in Brunswick county and rural Methodist churches have received allocations totaling \$126,275. Appropriations totaling \$25,125 have been made to assist in building rural Methodist churches and the county shares, of course, in the nearly \$4 million given for operating and maintaining churches and for preachers, widows, and dependent children.

## Education Board Rourk Is Chairman Makes Tentative As Board Organizes **Building Plans**

The Brunswick County Board of Education has taken the initial steps toward drawing up a building program for school construction and expects to adopt a definite proposal within the next four to six weeks, according to Board Chairman J. B. Ward, Jr.

Chairman Ward disclosed that the board has just completed an intense study of the building needs in each school district. A summary has been submitted to the Division of School Planning for a reveiw of the estimate's of the cost of a construction program to meet these needs.

The Division of School Planning has not been asked to approve any construction at this time, Ward emphasized. "We are merely asking that they tell us if our cost estimates are in line." Superintendent of Schools A. W. Taylor pointed out that the 000 available from the recent statewide bond issue would not be sufficient to build the addi-

tional classrooms presently need-

"Even if the entire \$506,000, is spent merely on building additional classrooms at present school sites, a number of substandard room's would have to remain in use."

Consolidation of several schools has been discussed by the board, but Superintendent Taylor indicated that it is doubtful that consolidation be accomplished unless additional funds are found.

'With the need for new or additional facilities so presing in almost every school-district it does not appear feasible to spend all the state bond money in one area unless other funds are made availbale," he said.

Congressman Alton A. Lennon has set aside the week of December 14-18 for appointments and problems peculiar to Brunswick county. Since November 2, he has been making the rounds of his district.

On Monday and Tuesday of next week he will be in the district office in Wilmington; on Wednesday he will be traveling throughout Brunswick county; on Thursday he will be in the Brunswick county courthouse at Southport from 9 a. m. to 5 p. m.; and on Friday he will be in the district office in Wilmington.

## **Polling Places** For Soil Vote

The election of one supervisor for the Brunswick Soil and Water Conservation District will be held Friday. Polling places will be open from 8 a. m. until 5 p. m. and all qualified voters residing in the county will be eligible to cast ballots in the election.

The local board of district supervisors has assigned an election official at each polling place, The responsibility of the official is to maintain a regestration book and require all voters to sign the register. At the close of the polling places, the ballot boxes, along with the register book will be brought to the Soil Conservation Service office in Shallotte and the ballots counted at 7 p. m. Friday, the day of the election. At this time the ballot boxes will be checked against the register for each polling place. The public is invited when the ballots are counted.

## Farm Bureau Is Supporting Vote

The president of the Brunswick County Farm Bureau said this week that the December 15 tobacco quota referendum is "a decision between prosperity and poverty."

The farm leader, Ira L. Chadwick of Supply, thus cited what he termed "the urgent need for complete grower support's of the flue-cured tobacco program.

A flue-cured tobacco referendum, by law, is conducted every three years throughout the five states producing the crop. Growers must approve the program by a two-thirds majority in order to maintain marketing quotas and price supports on tobacco.

Any person sharing in income from the production of flue-cured tobacco is eligible to vote in the quota referendum, Chadwick said, including landlords, tenants

and sharecroppers. (Continued On Page 4)

# TIME and TIDE

It was December 9, 1959, and Louis Faber, who was serving a term in the County Jail in Southport, sawed the bars off his cell door and escaped, only to be recaptured in South Carolina two days later. Odell Williamson was elected the first mayor of Ocean Isle Beach, Brunswick's newest town.

Sheriff E. V. Leonard said that 21 stills were captured and destroyed, along with 783 gallons of liquor and 13,380 gallons of mash, in 1958 in Brunswick county. Coach Nelson Best's Leland Tigers had won nine straight games. A group of 26 Shallotte citizens chartered a bus to go see the Washington Redskins play Sunday.

It was December 8, 1954, and the newly elected county officers, including Sheriff Elbert H. Gray, Judge Earl Bellamy, Clerk of Court Jack Brown, and Commissioners R. L. Rabon, Leo Medlin and Herbert Swain, were sworn in Monday.

The first telephone from Sunny Point to Southport was installed by Southern Bell Tuesday. Freezing rain, mixed with sleet and snow, hit Brunswick county Monday. Bobby Jones was discharged from the Army and returned to Southport to work with his father.

It was December 7, 1949, and The Pilot came out with a special four page section celebrating the 10th anniversity of Continued On Page Four
