SUNMOBILE-The amazing Sunmobile, a car that runs on sunshine, is shown in action in this time exposure. The button-like photovoltaic cells on the hood turn light energy into electrical energy to move the model car. A 300watt lamp simulates the sun. The Sunmobile is one of the demonstrations in the General Motors science show Previews of Progress, which will be presented at Brunswick County High School January 28. The 40-minute, stage show dramatizes the wonders of science before two million American students and adults each year.

Major Project

Erosion Control Plan Talked

The proposed \$14.6 million project to control erosion on the Brunswick county coastline was discussed generally at a meeting of county leaders at the tax office Monday afternoon

George E. Pickett of Raleigh, chief of the State Divison of Navigable Waterways, presented a plan calling for a beach fill to go seaward and constructed with dunes having a 25-foot crest at an elevation of 20 feet above sea

Immediately after the hearing, the Brunswick County Board of Commissioners approved the project and urged construction of the \$15 million erosion control dune for beaches as soon as possible.

The federal government will pay about 62 percent of the cost and the state about 80 per cent of the remaining 38 percent. In money, it will be about \$9,921,000 in federal aid, with the balance of \$4,765,000 coming from state, county and local municipalities involved. "I realize the problem involved raising the needed money," Pickett added.

Under the plan presented Monday, Yaupon Beach, Long Beach, Holden Beach, Ocean Isle Beach and Sunset Beach will be included in the project. It can include all five beaches or just one or two of the beaches.

Representative Odell Williamson, developer of Ocean Isle Beach, had high praise for the plan, "I favor the project and plan to work in the General Assembly to have the money appropriated," he declared. "Its important that we take part. I plan Continued On Page 5

Sheriff Ed V. Leonard return-

ed to his Yaupon Beach home Saturday after an extended stay in the Southport and Wilmington hospitals.

PANCAKE SUPPER

JUDGE SNOW-BOUND

The opening of Brunswick County Superior court for the trial of criminal cases was delayed until mid-afternoon Monday because Judge William Y. Bickett was snow-bound in Ra-

OYSTER ROAST

Mt. Pisgah Baptist Church will sponsor a benefit oyster roast on Saturday, January 30, at Ennis Long's Garage on U. S. 17 (in front of Maude's Station) from 5 to 9 p. m. Home-made cakes and building fund.

MORRY WATKINS

Two Brunswick Boys Nominated Outlines Plans

Brunswick County have been nominated as candidates for appointment to military academies in the fall by Congressman Alton

Morrison B. Watkins, Jr., son of Mr. and Mrs. M. B. Watkins, Sr., of Bolivia, has been nomiated to attend the United States Air Force Academy while Wade Franklin Beard, Jr., son of Mr. and Mrs. W. F. Beard of Long Beach, has been nominated for appointment to the United States Military Academy at West Point.

Both boys will compete with Congressman Lennon's other authorized nominees for places in the academies. He has nominated seven boys in his district for the Military Academy and can only select two. It is not known how many boys in the district are candidates for the Air Force

"I congratulate both Brunswick county young men for making a satisfactory rating on the preliminary examinations to determine their educational qualifications for their nominations and my best wishes for their continued success," Congressman Lennon said

in making the announcement. Both boys received official notification of their nominations from the Departments of the Air Force and the Army, together with instructions concerning the further requirements to qualify for admittance. They will compete with Congressman Lennon's other nominees and all candidates will be evaluated by a special Acad-

emy Selection Board. Watkins has been an active student for the past four years at Bolivia High School. He has been a member of the Beta Club for three years, serving as the reporter last year. He was a candidate for state president of the Beta Club last year, finishing

Two Brunswick Teachers Attend

Two Brunswick county teachers have just completed a three-day teacher-workshop in Raleigh conducted by the State Department of Trade and Industrial Education, according to Superintendent

A. W. Taylor. During the workshop, J. M. Teeter of Wilmington, an ICT teacher at Leland, and H. Orrie Gore of Southport, who teaches bricklaying at Brunswick County High School, were given information on general policies of the State concerning their 'subject areas and specific information to assist them in their classroom

The workshop started January 11 at the Carolina Hotel and was attended by about 50 teachers.

Interest Alive In CAP Outfit

The Brunswick County Squadron of the North Carolina Civil Air Patrol since acquiring its airplane has enjoyed rapid growth and renewed interest, according to Major Henry Carter, commanding officer of the Brunswick County unit.

The local unit now consists of 25 cadets and 20 senior members. Cadets are members between the ages of 13 and 18 years

Weekly classes are conducted at the local unit headquarters in Shallotte to teach cadets the history of aviation and the students are kept informed of the advances made in the entire field of modern flight development. Senior members are those per-

sons over 21 years of age. They are primarily concerned with search and rescue. The airplane Continued On Page 5

Health Active During Quarter

Department Of

The Brunswick County Health Department has been active on all fronts during the months of October, November and December, according to a release from the office.

The department gave 162 vacinations against diphtheria, and tetanus, 10 for tetanus, and 31 for polio. In additon the department administered 117 other shots to control communicable diseases.

No new cases of tuberculosis were reported. They examined 59 persons for the disease, and their findings were negative. The nurses visited 56 TB patients during the period. They made 129

The department reports that 73 expectant mothers visited the maternity clinics and nurses contacted 27 other mothers-to-be. The nurses also checked with three mid-wives.

Some 74 infants and 150 children visited pediatric clinics during the three months. The nurses checked 20 infants and 100 children in their homes.

On the school health front, the department screened 943 children, referring 641 for either medical of dental care.

Nurses made 510 visits to the homes of the 50 persons under the chronic disease program. Members of the department made talks of lead discussions on health 13 times during the period. During the three month period,

40 persons died and 57 were born.

Two infants under one year died and one under one month. Five new cases of syphilis and two of gonorrhea were reported The department made five visits

to old patients. The department visited 88 of the 120 food-handling establishments under their control, including four new ones. No permits were revolked.

None of the five dairies were visited, but 18 milk samples were collected for analysis. None of the 11 schools were checked for general sanatation practices. No dogs were vaccinated during the per-

The department issured 192 persons, including 36 for hook-

Approval was given to the two water supplies checked. They approved 70 to the 108 septic tanks, 70 of the 179 privies and 47 of the 52 plumbing units vis-

For FHA Loans

The Farmers Home Administration, under provisions of the Housing Act of 1949, makes rural housing loans to construct, improve, or repair rural houses. In addition, funds are available to modernize homes - add bathrooms, central heating, remodel kitchens, and other home improvements. Yards, driveways and farm service buildings may also be improved with loan

funds. A Senior Citizen may use loat funds to buy a previously occupied house or to buy a site on which to build as well as to build or repair a house on the land he

County Board Gives Approval To Erosion Plan

The U.S. Army Engineer pre-liminary plan for Hurricane Protection and beach erosion control for Yaupon Beach, Long Beach, Holden Beach, Ocean Isle Beach, and Sunset Beach together with the requirements of local cooperation required by the Federal Government for such projects were discussed and explained to the Board of County Commissioners of Brunswick County meeting in regular session on Monday by George E. Pickett of health certificates, treating 40 the Department of Water Resources. The following resolution

was adopted: "BE IT RESOLVED by the Commissioners of the County of Brunswick meeting in regular session on January 18, 1965, that the Board of Commissioners of the county of Brunswick approve the U.S. Army Engineer preliminary plan for Hurricame Protection and Beeach Erosion Control and urge that it be constructed at the earliest pracicable date.

"RESOLVED, that the Board of Commissioners of the County of Brunswick do hereby express their intent to comply with the requirements of local cooperation as required by the Federal Government provided that the State North Carolina provides not less than 80 percent of the non-Federal cost and that Yaupon Beach, Long Beach, Holden Beach, Ocean Isle Beach, and Sunset Beach each share in the cost of the project as apportioned to each as well as to comply with the requirements of local cooperation as required by the Federal Government

The command of the U. Coast Guard patrol boat, Cape Upright, the 95-footer assigned Brunswick county waters, changed hands during ceremonies

at the Oak Island station Friday Lt. (jg) Glenn Haines, who has served as commander for the past 14 months, was relieved by (jg) Robert W. Burchell. Haines will head the Coast Guard

> beginning April 1. After inspection, Hain 15-man crew goodbye and introduced Burchell. He remarked that Chief Quartermaster Earl C. Pierce was the only crew member who served with him during the entire 14 months. "You have been a good crew on a good ship," he added.

"There is not a ship in the Coast Guard that can compare with the Cape Upright," Burchell told the men before giving them liberty.

After the ceremonies. Haines and his wife and young son left immediately for their Connecticut home for leave. He will receive additional training before reporting to Alaska April 1.

Burchell, 22-year-old native of New York, has served as a navigator and operations officer on the U. S. C. G. Mendota, stationed in Wilmington, for the past year and a half.

He is a 1963 graduate of the U. S. Coast Guard Academy. While in college, he participated in track, cross country and wrest-

Burchell will live aboard the boat until June when he will marry Miss Angela Saggesc of

Electrical Code Is Now Adopted

Harry Sell, Brunswick county electrical inspector, says that he has available for distribution copies of the Revised Simplified County Electrical Ordinance which was approved Monday by members of the board of county commissioner's.

Sell says that he also will leave tion as various central locations venience of builders.

"The code sets up standards of inspection based upon national coees. It sets out the duties and authority of city electrical inspectors, sets up fees for inspection and provided other information important to builders," Sell

He said that the fees to be charged will be \$5 for homes with from 20 to 60 outlets, plus a \$1 fee for mileage. For each outlet over 60 a charge of 5-cents will

On commercial installations, a fee based upon \$5 per hour will car. A 300-watt lamp is used to be charged. On addition to exsimulate the sun's rays in the isting electrical jobs, the fee will

Aldermen Send Thank You Note To Terry Sanford

Everything from a thank-you note to former Governor Terry Sanford to hog problems was discussed by the Southport Board of Aldermen at their regular monthly meeting at the City Hall Thursday night.

Mayor E. B. Tomlinson, Jr., suggested that the board write a letter to Sanford thanking him for everything he has done for Southport during the past four years. He pointed to the work on the Southort Small Boat Harbor, the announcement of the Southport to Fort Fisher ferry and the museum at Brunswick Town, among other things. The motion for the action was made by Dr. Norman Hornstein, seconded by Fred Spencer, and unanimously approved.

The board discussed the problem of residents keeping hogs within the city limits at great length, but took no action. Instead, City Attorney Kirby Sullivan was asked to draft an ordinance to cover the situation.

Dr. Hornstein told the board that he had had several patients recently suffering from hepatitis, a sickness that results from fly bites. Police Chief Herman Strong said about 25 hogs were kept within the city limits at the

Alderman Harold Aldridge, who is employed by the county health department, informed the board that the odor around a hog pen could not be considered a public health nuisance. But flies were, he added. Auditor W. L. Aldridge said the city had an ordinance pertaining to hogs but rescended it several years ago.

The board voted unanimously to collect garbage on 12th street outside the city limits at a cost of \$2 per month for twice a week service. City Manager C. D. Pickerrell said the city has had a problem about garbage collections on 12th street for some time. The south side of the street is within the city limits and receives garbage collections service while the north side is outforce at St. Paul Island, Alaska, side the city.
