Advertise For Building Bids For Shallotte

PUBLISHED EVERY WEDNESDAY

Representative Alton Lennon has announced that invitation for bids for construction of the new post office at Shallotte, lo-cated on the northeast corner of Highway 17 and Pine Street, were posted on August 7.

The proposed new facility will be constructed according to post office department specifications, with a basic ten-year lease and four five-year options, Lennon further stated.

The new building will have an interior floor space of 2,967 square feet, platform area of 318 square feet and a parking and maneuvering area of 12,576 square feet.

The purpose of competitive bidding, according to Postmaster General Lawrence F. O'Brien, is to encourage the most attractive and economical offer to the Government in line with President Johnson's economy program to achieve the best possible postal service at the least possible cost.

Under the Department's Lease Construction program, the site selected on the Northeast corner of U. S. Highway No. 17 and Pine Street, will be assigned to the successful bidder, who will purchase the property, construct the building according to departmental specifications and lease it to the Post Office Department for a basic period of ten years, with options to renew the lease for an additional twenty years. The Department's capital in-

vestment will be limited substantially to postal equipment. The building will remain under private ownership with the owner paying local real estate taxes. Bidding documents may be ob-

tained from G. D. Martin, P. O. Box 20966, Greensboro, 27420. The Real Estate Officer will supply bidding forms, building specifications, lease provisions and other information. Bids must be submitted to the Real Estate Officer by 2 p. m., September 5.

Clearing Land To Plant Trees

This giant machine is engaged in clearing a large tract of land belonging to Interna-tional Paper Corp. and located on Highway No. 17 at Bell Swamp. When the land is cleared of its present growth, principally hardwood, it will be replanted in fast growing pine trees in another tree farming operation.

Food Editors Will Be Here In September

Brunswick county will host a team of food editors from all parts of North Carolina and other southern states during September according to W. A. Powell, chairman of the Resources Development Commission for Brunswick County.

The group, under the sponsor-ship of the North Carolina Department of Conservation and Development, will be given a 3-day tour of the seafood industry of the county.

The tour is being coordinated by Lewis F. Dunn, Seafood Spe-cialist of the Department of Con-servation and Development, and H. P. Milford of the U. S. Department of Fisheries.

lans for the group are to study shrimping, oystering, and crab processing while in Brunswick. They also are scheduled for a flounder striking party under the leadership of Mr. and Mrs. J. T. Clemmons, and Mr. and Mrs. Aubrey Johnston. Clemmons is vice-chairman of Resources Development the Commission and Johnston is vice president of Waccamaw Bank and Trust Company.

At Yaupon Beach

The featured speaker at the Friday night meeting of the N. C. Fisheries Association at Tradewinds Restaurant, Long Beach, will be Representative Nelson Taylor of Beaufort, who will discuss the legislation in the recent session of the General Assembly with regard to com-

and any other important matter which might be brought up.

Fisheries Group

mercial fisheries. The business session will include a discussion of upcoming events and those just passed,

A committee will be named to formulate plans for the upcoming self-assessment referendum. This committee is to report back to the next meeting of the board of directors for proval. Anybody interested in commercial fishing is invited to attend the meeting, whether the in-terest is in fishing, buying and selling, furnishing supplies to, processing or otherwise. An opportunity will be extended for becoming members of the association. Elmer D. Willis is president

Good Committee Members Key To Sound ASC

ASC Community committees should always be the "best peo-ple available" according to Lonnie Evans, chairman, Agricultural Stabilization and Conservation County Committee. Slates of nominees for membership on ASC Community committees soon will be established at the ASCS county office. The community committee elections will be held the third week in September.

"The committee system is the backbone of the farm programs," Chairman Evans declared. "Its responsibilities include the conservation of natural resources, the stabilization of agricultural commodities and price-support activities which protect and improve farm income. We need the best possible cross-section of farmers to insure effective administration of the various measures."

In Brunswick county, Evans explained, over 900 farmers took part last year in one or more programs administered by the committees. Funds dis-ASC bursed under the committees' supervision amounted to over a quarter of a million dollars.

Also last year 3,436 acres of farmland were improved under the Agricultural Conservation ment. The total investment in conservation was about \$60,000, with about half coming from the participating farmer and the bal-ance from ACP.

Chairman Evans pointed out that lists of eligible voters in each community are available in the ASCS county office. He explained that any local resident who is eligible to take part in an ASCS farm program may vote in the community committee elections, and he may hold office as a committeeman regardless of race, color, creed, or national origin. Further information regarding qualifications of committeemen is available at the ASCS county office.

Farmers who are eligible to vote in the community committee elections also have the right to nominate by petition candidates for committee membership any farmer who is eligible and who has indicated that he is willing to serve. Such petitions, each one tv nominating one farmer and signed Operating and emergency loans by six or more eligible voters, totaled \$123,880, and Economic may be filed at the county office any time before August 24, 1967. Eligible voters may sign as many petitions as they wish. Additional nominations may be made by the incumbent ASC community and county committees. A recent change in the nominating procedure seeks to insure fair and imor partial elections by reducing vote splintering of minority group debts, purchase farm equipment candidates. This year, for the first time, the election of ASC community committees throughout the nation will be held during the third week in September. Previously such elections have been held at various times in different states from July through December. The 1966 ASC elections in North Carolina were held in September. In Brunswick county, the elections will be held by mail between September 8 and 18. Each community election will choose three community committeemen and two alternates. The regular members elected will serve as tion office in Shallotte. The delegates to the county con- office is located in Lewis' Shop-(Continued on Page 4)

Happy Ending To Dangerous Mission

Three young people on vacation at Holden Beach flirted with danger Saturday and came off frightened but unscathed. A young girl, two boys and a dog made their way out to the wreck of the Blockade Runner Ranger during low tide. Rising water and a muddy bottom got them in trouble as they headed for the beach. They changed their course for the western end of Long Beach, a maneuver which made it necessary to cross Lockwoods Folly Inlet. They did, and wound up safe but scared. Members of the Rescue Squad of the Long Beach Volunteer Fire Department were on hand to render assistance, but none was needed. A boat came over from Holden Beach to ferry the marooned adventurers back across the inlet. The trio, shown at the right in the above photo, are Joseph A. McArthur, Fayetteville; David Bordson and his sister, Carol, Charlotte. (Spencer Photo)

FHA Loans For Announce Plans **Brunswick Go To Open School** Over 1/2-Million

Parks C. Fields, County Supervisor for the Farmers Home Ad-ministration, announced this ministration, week that the Shallotte FHA office approved over \$572,000 in loan unds for the fiscal year 1967. One hundred fifteen loans were approved. More than \$300,000 was used directly for real estate improvements. Based on a tax rate of \$1.60 and taxes assessed on 50% of valuation, this means an additional tax income of \$2,-400 per year for Brunswick coun-

The group will meet with local officials and seafood dealers while visiting the county.

Powell stated that Brunswick county was selected for the tour because of its importance in the seafood market.

All local details for the tour are being handled by the Resources Development Commission.

LIBRARY BIDS

Bids are being advertised for the construction of the new Southport-Brunswick County Library in Southport and will be opened on August 17. The architects for the project are Ballard, McKim and Sawyer of Wilmington.

Board Meeting

Members of the Board of Directors of the Brunswick County Farm Bureau are invited to the August meeting Tuesday night at 8:30, at the Agricultural Extension Building in Supply. The Ladies Committee with

Mrs. Virginia Gilbert, is asked to come for final plans for the August Egg Production program under the direction of the State Farm Bureau Office.

Refreshments will be served.

Taking Off

All interested 4-H'ers who are planning to attend camp next week are urged to get in their camp applications, says Milton for the delegates. Also on Tues-Coleman, Assistant Agricultural Agent.

The campers will leave Monday from the Extension Building in Supply for one of the best camps in North Carolina, Betsy Jeff Penn, for a week of fun-filled, educational activities and last-9 years old and up.

of the North Carolina Fisheries Association and will preside at the meeting.

County Board Members Meet

President Fred Hauser of the North Carolina Association of County Commissioners has announced that Congressman L. H. Fountain, North Carolina Second District, will be the keynoter of the Association's 60th Annual Convention which will be held August 13-16 at the Sir Walter Hotel in Raleigh. Congressman Fountain will open the meeting on Sunday evening with an address to county commissioners, accountants, tax super- dren. visors, attorneys and other county officials from the 100 North

Carolina counties. Members of the Board of Commissioners for Brunswick County and County Attorney E. J. Prevatte plan to attend. On Monday morning, political

party Chairmen Tim Valentine (D) and Jim Holshouser (R) will speak to the delegates in a re-

view of the issues facing North Carolina voters. Representatives Sam Johnson (D-Wake) and George Clark (R-New Hanover) will review the legislative processes from a party point of view. Also on Monday State Highway Commission Chairman Joe Hunt, State Welfare Board Chairman Robert Howison, Superintendent of Public Instruction Charles Carroll and State Per-

sonnel Director Claude Caldwell will discuss matters of concern to county officials.

Highlighting the Tuesday session, Lt. Governor Robert W. Scott and former Speaker of the House David Britt will review the 1967 General Assembly session day Harlan Boyles, Deputy State Treasurer, Senator Robert Mor-

gan (D-Harnett), Representative David Bumgardner (D-Gaston), Representative Clarence Leatherman (D-Lincoln), Senator Ed Kemp (D-Guilford) and Floyd President, North Caro-Evans. ing memories for boys and girls ling Public Welfare Directors North Carolina, Virginia, Mary-(Continued on Page 4

A complete program of Family Planning and spacing of children is now being offered to lowincome families of the three counties served by SENCland Community Action. Two half day clinics are held each month in the Health Department for the purpose of information and counseling with families who qualify incomewise for this service. Both husband and wife are encouraged to come in together and learn of the various methods that are used. Referral is made to the clinic by the health nurse working out of the neighborhood center, where a physical examination is given by a medical doctor, after which the family is advised as to the method he deems best for that particular family. Birth control devices are furnished to

those in need. Mrs. Garrell, Project Director for the Neighborhood centers, stated "in this family planning program we will not be able to serve all the people in need of the services, but we will serve as many as possible. No underprivileged person will be turned away who demonstrates a need for family planning services. The program is designed to educate families who need information on spacing children, the care and attention required for each child. the value of mental and physical
