Morehead Scholarship Candidates

These are the seven young men from whom the Brunswick county candidate for Morehead Scholar was selected. Byron Holden, the young man on the left, was the winner. Other boys, left to right, are Tim Johnson, Clinton Milligan, Martin Bellamy, Rodger Watkins, Danny Leonard and Thurston Gore. (Beacon Photo)

Shallotte Boy Candidate For Big Scholarship

Claude Bryon Holden, son of Mr. and Mrs. Ernest Holden and a senior at Shallotte High School, has been recommended for consideration by the District Committee in the Morehead Scholarship Program by the Brunswick County Committee.

In making the announcement Ernest E. Parker, Jr., chair-man of the county committee, stated that the fine quality of the boys nominated by the schools of the county made the decision difficult and expressed regrets that only one boy could be recommended to the District Committee. Other boys recommended to the county committee and who are pictured above are Daniel Ray Leonard, Arthur Martin Bellamy, Clinton Nivan Milligan and Howard Thurston Gore of Shallotte High School; William Roger Watkins of Bolivia High School; and Timothy Lee Johnson of Southport High School.

Holden attended the Goverthis past summer, has been active in athletics, receiving letters in three different sports, and rates high scholastically in the senior class at Shallotte.

Parker stated that the committee feel that he is well qualified for a Morehead Scholarship and expressed hopes that he will be a successful candidate.

Other members of the Brunswick County Committee are Dr. M. H. Rourk, Dr. R. B. Mc-Knight, Kirby Sullivan, and William A. Powell.

Dr. Tipton's talk was on a obby which began in England under unusual circumstances. She and her husband, Dr. Samuel Ridley Tipton, were traveling in that country when illness made it necessary for her husband to remain in bed there for an extended period. To occupy her time while he was resting each nor's School in Winston-Salem day, Dr. Tipton visited a number of churches in the area and began making "brass rubbings" from the brass grave coverings inside the churches. This has in recent years become an engrossing hobby for ever increasing numbers of people. The hobby has become so widespread that at present permission must be secured from the vicars before

The technique explained by Dr. Tipton is similar to that practiced by children over the years of putting a piece of paper over a coin and rubbing a pencil over the paper, making an impression of the face or inscription on the coin appear on the paper. Shriners Plan **Benefit Dance**

Club will sponsor their annual dance for the benefit of the Cripple Childrens Hospital Saturday night at Boiling Spring Lakes Country Club with music by the Stanley Williamson orchestra.

This is a major project for this Brunswick county organization, who last year raised \$500 for this cause. They feel that they have seen immediate, local benefits from their efforts in that the son of Mr. and Mrs. John Bray of Southport has been a patient during the past few months at the Shrine Hospital in Greenville, S. C., and now is wearing a brace furnished from this insti-

A total of 150,000 children have been helped through the efforts of this Shrine activity, with 6,000 cripple children receiving benefits annually.

This year the services of this program are being expanded to provided hospitalization and care children suffering from severe burns, A fund of \$10,000,000 has been earmarked for this expansion program. It is estimated that work in this new field will cost in the neighborhood of \$1,500,000 annually.

One interesting fact about the work of the Shrine Hospitals is that no paying patient is accepted, meaning that continuation of this program depends upon the generous support of the public through Shrine activities.

versity of North Carolina at Chapel Hill and graduated from that institution in 1966 with a Bachelor of Arts degree in After graduation he English. entered the Army and was sent to Fort Dix, New Jersey, for basic training. Upon completion of basic training he was then sent to Fort McClellan. Alabama, for advanced individual training, following which he was selected for Officer Candidate School and was sent to the Transportation School at Fort Eustis, Virginia.

After completing the officer candidate course he was commissioned as a Second Lieut. in the U. S. Army and has now assigned to Sunny Point. Lt. Mount is unmarried. He will reside in the Southport area during his tour of duty at MOTSU.

Christmas Ball Being Planned The Southport Junior Woman's

Club will hold its Second Annual Christmas Ball at the Boiling Spring Lakes Country Club on the night of December 8.

Music will be provided for this year's ball by the Continentals. Everyone privileged to have heard this group express appreciation of their music. Dr. Richard Conrad will be a guest artist for this occasion.

All proceeds will again go to the Southport-Brunswick County Public Library Building Fund. Last Year's Benefit Ball was attended by a capacity crowd, which enabled the Junior Woman's club to make a donation of over \$500 to the fund. Construction is underway on the new library building. It is hoped that by January 1 sufficient funds will have been raised to cover the total cost of this much needed facility.

Cotton Quota Vote Will Be Held By Mail

Growers again this year will vote by mail on marketing quotas for their 1968 upland cotton crop, Lonnie Evans, chairman, Agri-cultural Stabilization and Con-servation County Committee, said this week. Ballots are to be returned to the ASCS County office-by mail or in person-during the period December 4 through 8.

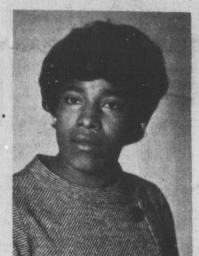

Beginning with the referendum on marketing quotas for the 1954 crop, growers have approved quotas for each year's cotton crop, the Chairman stated. In the vote last year, on quotas for the 1967 upland cotton crop, 91.6 percent of the growers voting approved the quotas. More than 300,000 persons voted -- a gain of more than 40 percent over the previous year.

By law, quotas must be pro-claimed by the Secretary of Agriculture in years when the total cotton supply exceeds the normal supply. That is the case this year.

Because growers cooperated fully in the 1967 cotton program, and because of abnormal weather conditions and insect infestation, cotton acreage and yields for 1967 were substantially below last year's and the upland crop will total only a little over 8 million bales. Since domestic usage and exports during this marketing year are expected to exceed the small 1967 crop, the carryover by August 1, 1968, is expected to fall to about 7 million bales.

Secretary of Agriculture Or-L. Freeman recently praised cotton farmers for the magnificent job they have done in whittling down the huge supply of cotton to a stock of manageable size in the short period of 2 years. Now, he said, the challenge is to produce the right kind of cotton and to keep production

Student

Mrs. Elizabeth Reaves Jen-rette, library aide at Union High School, is now enrolled at Southeastern Community College, Whiteville. Mrs. Jenrette, 1955 honor graduate of the high school she now serves, has envisioned a college career for many years. With some encouragement and much determination she is now attending Southeastern two nights per week and is enrolled in the college parallel program. The position of library aide is provided for in the school through the ESEA program under the Brunswick County Board of Education.
