

Visits At Sunny Point

General John J. Lane, commanding officer of Military Traffic Management and Traffic Service, is shown here in conversation with Ralph E. Ambrose, during a recent inspection tour of Sunny Point Army Terminal.

Whiteville Man Dies In Crash

Death was instant for James Hammonds, 55, when his automobile crashed into a tractor-trailer outfit on US 701 a mile north of Whiteville Thursday afternoon.

Driver of the truck, Frederick Lane Ray, 38, of Rt. 1 Tabor City, is reported to be in fairly good condition at the Columbus County Hospital where he was admitted following the accident. Ray suffered chest injuries, lacerations to head, back and leg.

Trooper J. B. Nipper deduced from his investigation that the Hammonds auto, a 1966 Chrysler, was proceeding southward on US 701 when it crossed the center line into the path of the northbound truck and trailer bearing 24,000 pounds of tobacco.

Hammonds was homeward bound from Lumberton where his wife had undergone minor surgery Thursday morning.

Hammonds was senior employee of The News Reporter in longevity. His career as newspaper pressman started 40 years ago when he entered the field under guidance of his brother, the late Willie V. Hammonds. In the succeeding years he learned the mechanics and operation of the newspaper's back-shop operations except typesetting.

His widow is the former Mary Elizabeth Smith. Also surviving is a son, James Thomas Hammonds.

Final rites were observed yesterday (Sunday) at 3:30 at New Hope Baptist Church of which he was a member, with burial in the church cemetery. The pastor, the Rev. Maurice Gilliam, officiated.

Survivors in addition to his widow and son are two half-sisters, Mrs. Susie Soles and Mrs. Katie Hill, both of Whiteville.

Pallbearers were from among his co-workers: Earl Norris, Duval Norris, Jim High, James M. Harper, Elgie Clemmons and Elisha Sellers.

SOUTHPORT VISITORS

Dr. and Mrs. R. Harold White and children, Robert, Jr., Susan and Emory, have returned to their home in Park Forest, Ill., after spending two weeks here with Mrs. White's mother, Mrs. Lucille Williamson, in Southport and Yaupon Beach.

Students To Get W-2's For Safekeeping

Thousands of students who worked during the summer months will soon be receiving their forms W-2 (tax withholding statements) from their employers.

J. E. Wall, North Carolina District Director, has reminded students to place their W-2's in a safe place so the forms will be available when the time comes to file 1968 income tax returns. Wall said that refunds of tax withheld on wages can only be obtained through the filing of a tax return. Returns for 1968 are filed between January 1 and

April 15, 1969.

Wall pointed out that parents of full-time students, or non-students under age 19, may claim their children as dependents if the parent furnishes major support for the child during the year.

Married full-time students may be claimed by parents who furnish the child's chief support unless the child files a joint return with his or her spouse.

The Atlantic salmon, whose numbers have diminished in recent years, once was so plentiful that some indentured servants in the 1700's demanded contracts specifying that they would not be forced to eat salmon more than three times a week.

Most of the oceans' waves are caused by wind. The harder it blows, the bigger the waves.

Young Visitors Seek To Serve

Notice a group of young strangers here traveling together last week?

The band of youths was being conveyed here and there in the county by a covered truck. They are missionaries, in the modern sense of the word.

Called VISTA volunteers, they are here to work with low income residents of Columbus, Bladen and Brunswick.

David Newell, first VISTA volunteer to arrive, stated that these young individuals "are really humanitarians. We get out into the homes of the low income people and get to know them and their problems. We tackle all sorts of jobs while

organizing communities and finding remedies to the problems."

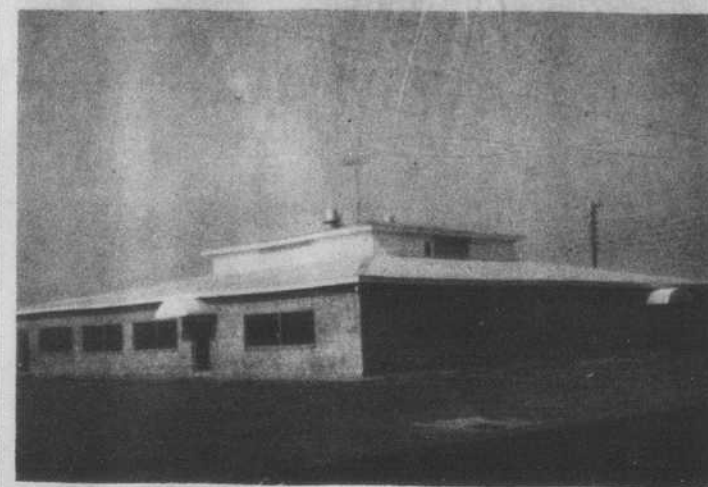

Eight VISTA volunteers assigned to aid SENCLand Community Action arrived in this area during August.

VISTA volunteers serve for one year under the supervision of state and local anti-poverty agencies which have requested their services. They received

intensive training in the specific needs of the areas in which they will serve, and only their living expenses are paid during the year of service. This stipend is paid by the Federal Government.

The volunteers range in age from 18 to 25. Most of them have attended college. The volunteers are drawn from all sections of the nation.
