Time And Tide

It was September 7, 1938, and various staff members of The

Pilot were hard at work trying to establish the location of the Gulf

Stream. Latest report had it within 40 miles of Southport. The

choral club of Kennedy Home, an Eastern North Carolina Baptist

orphanage, was to give a concert in the local Baptist church on the

following Friday; according to a local official, August 12 had been

the hottest day during the past month-93 degrees; and the editor

morning's fishing on the Cape Fear Shoals; the crew members of

purchased three new 40-passenger vehicles. The new terminal was to

be located across the street from the (then) Pilot offices. The Rev.

R. S. Harrison was to hold the first "Java" meeting in the local

U.S.O. on the following Sunday morning; eighteen Brunswick

County youths had attained draft age and had duly registered for

same; and a front page headline announced "Much Small Grist

### May Get More Library Funds From The State

An official proposal that the State of North Carolina immediately increase appropriations for public libraries by \$1 million a year will get the attention of North Carolinians for Better Libraries (NCBL) at their third annual meeting in Raleigh October 4.

Mrs. A. P. Henry, Jr., is voting member from Brunswick State Sen. Hector MacLean of

Lumberton, NCBL president, said a day long program devoted to the recently released report of the Legislative Commission to Study Library Support in North Carolina is being planned.

"North Carolinians for Better Libraries stands solidly behind the commission's recommendations," said MacLean, who was also a member of the commission from the North Carolina Senate.

Some 350 members and guests of the statewide NCBL organization are expected to attend the meeting, to be held in the Hotel Sheraton-Sir Walter.

MacLean said all candidates for General Assembly seats in the November general election are being invited so that they can hear first hand the views of interested library supporters from throughout the State.

NCBL has a voting member in each of the 100 counties and a still growing list of supporting members dedicated to make an adequately stocked, properly staffed public library facility that meets State and national standards accessible to every citizen of North Carolina.

The study commission report. released last month, recommended that the State of North Carolina gradually assume

# Brief Bits Of

COLLEGE FRESHMAN

Miss Sallie Tomlinson, daughter of Mr. and Mrs. E. B. Tomlinson, Jr., of Southport, is a freshman at Wilmington College.

LAND BANK SCHEDULE A representative of the Federal

Land Bank of Clinton will be in the county on the second and fourth Thursday of each month beginning September 12. He may be seen at the Agricultural Extension Service Building in Supply.

ACCEPT INVITATION

Twenty visiting laymen have accepted invitations to participate in the Christian Witness Mission which will be conducted at Trinity Methodist Church during the weekend of September 27. These people come here from three states.

Repeat Performance

When the Southport Public Library opened a good many years ago in the Garrison Building the first person to check out a book was Miss Gertrude Loughlin. She is shown, left, as she becomes the first person to check out a book from the new Southport-Brunswick County Library after it had moved into its new building. Miss Dorothy Dickey, librarian, does the honors. (Photo by

### Student Trouble Flares At Leland

A relatively minor altercation with racial overtones between two Leland High School students Tuesday erupted into a not so minor fight in the school's auditorium, prompting officials to dismiss all students for the day and suspend school at least until Thursday. Tension continued through the afternoon and night as armed white men

patrolled the roads in the area. According to Leland principal N. C. Phipps, the incident began in front of the school when two students got into a fist fight. Soon other students were engaged in fisticuffs and scuffling and Phipps decided to

call law enforcement officers. After they arrived the students were gathered in the auditorium where, it was hoped, calm might be restored. Instead another fight broke out as soon as the students entered the auditorium. This one involved "about 20" of the school's 829 students. Highway patrolmen were brought in to restore order. To prevent further trouble, Phipps dismissed school about lunchtime and told all the students to leave the school

superintendent of Brunswick County schools, said there were no outside people nor adults involved in the fighting, and that there were no serious injuries to any of the students.

There were, however, adults involved in events which took place in the Leland area Tuesday afternoon and night. A white man, riding in a Negro section of the area was injured by shotgun pellets. Highway patrolmen-22 of them-remained in the area home in Shallotte.

Tuesday to prevent any further disturbance. Early Wednesday morning the situation was not so tense and the patrolmen were withdrawn from the area.

Tuesday night armed white men were reportedly driving on the roads in the Leland-Navassa area. Shots were reported, but there were no injuries reported. Brunswick county schools

### **New Lawyer** At Shallotte

Mason H. Anderson, son of Mr. and Mrs. M. D. Anderson and a native of Brunswick county, has opened an office for the practice of law at Shallotte. is located in the King

Shopping Center. Anderson graduated from Shallotte High School in 1953 and enrolled at Clemson University where he received a degree in Agricultural Economics. Following a period of active duty as a lieutenant in the U.S. Army he worked as Ralph King, assistant district sales manager for the Ralston Purina Co.

Later he enrolled as a student in the Law School at the University of North Carolina, where he graduated in 1957. He practiced law in Jacksonville briefly before going to Raleigh as research assistant to Judge Raymond B. Mallard, Chief of

the Court of Appeals. Anderson is married and he and his wife have one daughter, Deborah. They are making their

### Lime Program **Being Pushed** For Brunswick

By Archie F. Martin Governor Moore announced the beginning of a State-Wide "Lime Campaign," to begin on September 12, at a press conference in Raleigh.

Brunswick county stands to gain by an increase of \$250,000 in farm income if farmers and agri-business cooperate in a successful drive to adequately lime the fields in the county. In Georgia a similar campaign resulted in an increase of 45% in lime-use for one year. Lime is money to the commercial farmer. With the crops that are being grown in Brunswick a dollar spent on lime will bring back an average of \$4.50 where it is needed.

A summary of soil sample reports sent in 1967 showed that over 80% of the fields in Brunswick county need lime. What a wonderful opportunity to increase farm income.

A Lime Committee has been named for Brunswick. It includes the Farm Supply Dealers, Fertilizer Companies, Vocational Agricultural Teachers, ASCS, SCS, FHA, BEMC, Extension Service, Financial Institutions, the Press and Farmers.

This group hopes to make every effort to encourage farmers and home owners to have their soil tested and apply the needed amount of lime.

Why is lime important? What does it do when it is properly applied? What are some of the side effects? We expect lime to: 1. Furnish calcium and

magnesium for the plants. 2. Make the soil less acid and provide a more favorable condition for plant growth. 3. Enables the soil to hold more potash and phosphate which slows down leaching of elements (Continued On Page Six)

### Kindergarten At Atkinson, Evangeline M. Ellison, Harold Ellison, Bernestha **Nearby Church**

The Rev. Johnnie S. Huggins announces the opening of a Day Kindergarten at Ocean View United Methodist Church at Yaupon Beach. Registration will be held at the church on Monday at 9 a.m. Classes will begin on Monday, October 7. Children 4 and 5 years of age will be accepted. It will be limited to 20 students, with 5-year-olds given preference.

The kindergarten will operate from 9 a.m. to 12 noon Monday through Friday. A state-recommended curriculum will be used. The cost of the school will be \$5 per week per student. There will also be a single \$10 registration fee per student, which will cover supplies for the entire school

Teacher of the kindergarten will be Mrs. Linda Nock of Yaupon Beach. Mrs. Nock, wife of Ensign William Nock, U.S. Coast Guard, is a graduate of Goldey Beacon College, Wilmington, Delaware. Mrs. Nock will have an assistant for each day. There will be non-denominational religious Inez Tripp, Ruby Usher. education taught by the Rev. Mr. Huggins.

### **Dellert Has New Pastorate**

Rev. James R. Dellert, pastor of the Shallotte Presbyterian Church for the past two years, asked Sunday that the official church body call a congregational meeting for the purpose of concurring with his request to the Wilmington Presbytery to dissolve the pastoral relationship existing between himself and the church as of September 29.

Rev. Dellert has accepted a call to the Brownson Memorial Presbyterian Church of Southern Pines, in the Fayetteville Presbytery.

Rev. Dellert served the Shallotte Church in the summer of 1965. He returned to Union Theological Seminary in Richmond in the fall. In the Spring of 1966 the Shallotte Church extended a call to him to become their first full-time pastor upon his graduation from the seminary. He accepted the call and was ordained and installed as pastor of the church in May 1966.

Rev. and Mrs. Dellert and their children will leave Shallotte the end of September and will begin their new work in Southern Pines October.

## **ASC Voting** To Be Signed

**Envelope For** 

Farmers were reminded this week of a very important part of the election process for Agricultural Stabilization and Conservation (ASC) community committeemen, especially where ballots are mailed in to the ASCS county office. In Brunswick county the deadline for returning ballots in the community elections is September 16.

On September 6, a ballot and two envelopes were sent to all eligible voters on record in the county office. One envelope is plain, and the other has a statement printed on the back which the farmer needs to sign. A witnessed mark will also

qualify as a signature. The ballot should be marked and sealed inside the plain envelope; voters are cautioned not to enclose any other material. Also, voters should not write on the plain envelope. This assures the secrecy of the vote. The plain envelope should then be put inside the envelope with the statement on the back. This statement is a certification that the ballot was marked by the farmer personally without undue influence by any person. The envelope should then be mailed or otherwise delivered to the ASCS county office.

"Be sure to sign this statement on the back of the outside envelope," caution ASC officials. Or if it is not signed, the ballot will not be considered as a vote.

Any eligible voter who did not receive a ballot should contact the county office immediately and request one.

## and Trust Company, were announced Wednesday by Lawrence R. Bowers, president and chief executive officer of Mauney Gets New CP&L Job
