### McCallum Is **Board Member** At Long Beach

Alvin Staley has resigned his position on the Board of Commissioners of the Town of Long Beach due to health reasons. The board accepted the resignation at the regular meeting on March 15. A. K. McCallum, a resident of Long Beach for 9 years, was appointed to serve for the remainder of Staley's term, which ends in May, 1971.

The oath of office was administered on March 17 in an informal ceremony by Mrs. Carol Willis and witnessed by Judy Sawver and J. H. Kyle. In accepting the position McCallum stated he recognizes the importance and responsibility of the office and will dedicate himself to fulfill these responsibilities.

In other action Mrs. Sanford Benfield and J. H. Barringer were reappointed to the Long Beach Planning Board for three years. Other planning board members are Norris Long, chairman and Mrs. Inez

Shannon. The regular city election to (Continued On Page Seven)

### **Cancer Drive** Set For April

The Brunswick County Cancer Society will begin its annual crusade with a kick-off dinner Friday evening. The month of April will be designated as cancer month.

Forty percent of the money raised in the campaign will remain in Brunswick county to aid cancer patients. During the past year the Brunswick County Cancer Society has purchased a wheel chair for the loan closet, bandages for the bedridden patients and has contributed over \$600 toward drug bills for cancer patients.

These who have contributions for the campaign should notify one of the crusade workers.

County residents are urged to buy an Easter lily and help the Brunswick County Cancer crusade. Place orders now by calling Kay Moore or Ruth Harrington.

Now In Chicago

Lynn and Kenneth Hewett, members of the Busy Bees 4-H Club of Supply, are now in Chicago at the National Youthpower Conference with teens from the other 49 states. They are two of the six North Carolina delegates. Kenneth was top teen boy in the state and Lynn was tied for top honors in the girl's division. They are being accompanied by Milton Coleman, 4-H agent, on a trip received because Kenneth was top boy. The trip is sponsored by the Farm Bureau, Food and Science of N.C. State and other agencies promoting foods and nutrition among teenagers.

## Civil War Relic Found To Be Live

Friday morning A. C. Haney of Greenville Sound Road, Wilmington, and a companion, Alfred Evans, were using a metal detector in the Masonboro Sound area when they discovered a Civil War projectile. Haney called Bill Faulk at Brunswick Town to inquire what should be done with it as it appeared to still be live. Faulk contacted preservationist Leslie Bright of the Department of Archives and History at Fort Fisher and Bright and Gehrig Spencer, Historic Site Assistant and the three men met Haney where the shell was located.

The shell indeed was live and Bright disarmed it by removing the percussion cap portion of the fuze and the black powder from the projectile.

He relates the following information relative to the shell: "This shell or projectile is a twenty pound Parrott projectile, measuring four inches in diameter and twelve inches in length and it had a bursting charge in it. The Parrott shells were one of the most popular

artillery shells of the Civil War and their sizes ranged from a three inch-ten pounder to a ten inch-three hundred pounder. They were manufactured by both Federals and Confederates with many minor modifications. This particular shell was loaded with a bursting charge and a percussion fuze and upon impact would fragment. Variants of the shell were solid shot, with no load of powder, that would disable a gun by the shear force of impact; case shot, used as an anti-personnel projectile were loaded with pellets of iron or

"Apparently this prejudice was fired from a ship of the Federal blockading fleet at a besieged blockade runner near Masonboro Inlet, due to the location of the area where it was found. These Civil War relics are dangerous and the public is cautioned about transporting or trying to disarm these projectiles. Should you find one, it would be adviseable to contact the personnel at one of the State Historic Sites in your area for advise or identification."

### Purchase Of Marshland Is **One Solution**

Brunswick county citizens met with Gilliam Horton, Chairman of the Department of Conservation and Development, Dr. Tom Linton, Director of the Division of Commercial Fisheries, and three members of the General Assembly from this district Saturday to discuss possible solutions to ownership of marshlands bordering Brunswick county.

The meeting was held at Ebb-Tide Restaurant at Holden Beach and the legislators were Senator Sankey Robinson and Representatives Arthur Williamson and R. C. Soles.

Odell Williamson, a former member of the House of Representatives, suggested that now possible answer would be to have the State purchase certain marshland areas deemed to be critical to the oyster rehabilitation program. Dr. Linton agreed that this would be helpful and suggested that it would be well to exercise the foresight to make this land purchase. Williamson warned that quick action is important since land values continue to advance.

According to comments from Soles and fisheries officials, much of the marshland now sought by the state was sold by the State Board of Education in

### **Arts Festival** Plans Begin

"By the sea, by the beautiful will be the theme for the Ninth Annual Arts Festival in picturesque Southport this year. The festival, sponsored by the Junior Woman's Club Southport, will be held July 3-5 and is part of an old fashioned 4th of July celebration held by the city each year.

Four hundred dollars in ribbons will be offered to artists both professional and amateur in five categories, oils, water colors, graphics and crafts in the Adult Division and a Junior Division. The purchase awards will be chosen from the ribbon winners in oils, water colors, and graphics. These will be added to the City's Municipal Art Collection now hanging in the new Southport-Brunswick County Library.

Twenty thousand visitors are expected in Southport for the gala events of the Fourth of July Festival. Artists should plan now to register their work on Tuesday, July 1, for the Arts Festival. An entry fee of \$2.00 will be charged in the Adult Division and will allow a maximum of six works to be submitted (two in each category). In the Junior Division (under 18 years of age) the entry fee is 50-cents. All work must be ready to hang.

A letter is being sent now to interested persons telling of the festival particulars with a follow-up letter to go out in May. Those who wish this information to be sent to a friend or acquaintance should send the address to Arts Festival Chairman, Mrs. D. G. McHose or Mrs. J. S. Sherrod, Southport.

Receive Scholarship Aid

The Brunswick County Cancer Society has given a \$200 scholarship to two girls in the nursing field to help further their education. They are Patricia Faye

# **Board Members To** Lead Bond Drive

The Brunswick County Board of Education met Monday night in Bolivia High School with the Local School Committees and several interested citizens from each school district. The purpose of the meeting was to establish a steering committee to actively conduct the campaign for three consolidated high schools. Chairman Norman Bellamy

announced the site for Shallotte school had been chosen, pending approval of the state. It is on Highway 130 about 1 mile out from Shallotte just north of the International Paper Co. station. A possible site for the Leland they departed for the return trip School is on the Fayetteville

Road in the Lanvale area. The site for the Southport-Bolivia School is less definite, being a possible choice between a site east of Midway on Highway 211 or east of Allens Creek at Boiling Spring

All of these sites must be tested by the state committees as to foundation, drainage, sewage, soil, etc. All sites will be 50 acres or more in area.

The Shallotte school will cost approximately \$1.3 million and accommodate 950 students. The other two schools will cost \$1.1-million and provide for 750 to 800 students.

Chairman Bellamy reiterated the board's policy to phase out only the oldest sections of present schools and stressed that there would be an even greater need for teachers and that present faculty members will not be without jobs. Kirby Sullivan, attorney for

the Board of Education, reported that the tax increase could not be specified at this time. However, he has been in contact with the Local Government Commission and will have the figures on the repayment program by next week. The tax valuation for the

forthcoming year will have been estimated and a figure of possible tax increase will be available prior to the election on April 26.

Steering Committee Co-Chairman were elected. They are Johnny Vereen, Southport, Dr. John Madison, Shallotte, and William Paris, Leland. Local School Board Chairmen make up the committee along with members from their respective communities whom they choose

A meeting of this committee was set for next Wednesday night at Bolivia High School. Meanwhile community meetings will be held in each school district to make plans.

(Continued On Page Four)

### **Board Visits School Sites**

Following an on-site inspection tour of possible school sites in the Southern area of the county, the Board met in a called session on Thursday, in the Board of Education Office. J. J. Croft, Jr., and Ronald Biddle, architects, appeared before the board and discussed various modern school building designs and systems. Croft indicated his interest in doing the architectural work for the Board of Education should the proposed bond issue be

approved. Superintendent Cooper Williams read a proposed policy statement which would govern the administering of free and reduced lunches in the county schools.

The Board made plans to visit other possible school sites in the western and northern sections of the county for this week.

### Shrimpers Ask That Shrimping At Night Stop

At a metting of Brunswick county shrimpers with State officials here Saturday afternoon in the Brunswick county courthouse a unanimous request was made that waters from Topsail Beach to the South Carolina line be closed to night shrimping.

In attendance were Chairman Gilliam Horton of the Department of Conservation and Development, Dr. Tom Linton, Director of the Division of Commercial Fisheries, and the three legislators from this district, Senator Sankey Robinson and Representatives R. C. Soles and Arthur Williamson.

The latter from the shrimpers was presented by Jimmie Moore, Southport man, and when a vote

was taken he had the solid support of all the shrimp producers in attendance. Following is the text of the

"We the undersigned fishermen of the coastal waters between Topsail Inlet and the South Carolina line, had, on August 3, 1968, hoped to initiate proceedings for the enactment of a new regulation, or perhaps in due time a general statute, which we feel will not only protect our limited shrimping grounds but also be beneficial to our personal welfare as family men of limited physical endurance. As long as it remains legal to shrimp at night, there will always be some persons who will trawl around the clock so long as they manage to show even marginal profit. For this reason, those of us who would, of our own volition, allow both ourselves and our shrimping grounds to rest at night must set our trawls beside those of the golddiggers in order to stay in the race.

"On the above mentioned date, we undertook to bring (Continued On Page Seven)

### **Pageant Will** Be Saturday

The Miss Brunswick County Pageant, sponsored by the Shallotte Jaycees, will be held Saturday night at Shallotte High School auditorium when a successor will be named for Miss Pam Poindexter, reigning queen of this event. She will crown the new Miss Brunswick.

Directing the event again this year will be Mrs. Shirley Ward, who will be assisted by Miss Sharon Bradsher.

In all there will be nine contestants competing for this coveted crown, with a college scholarship and many other prizes going to the winner who also will represent Brunswick county in the Miss North Carolina pageant next summer. Bill Rogers, television

personality from Wilmington, will serve as master of ceremonies.
