

## Hospital Has New Equipment

The Department of Radiology of J. Arthur Doshier Memorial Hospital is pleased to announce the installation of a Picker Telecon Unit. This represents Television Fluoroscopy and is the most recent advance in X-ray.

Conventional fluoroscopy was developed in 1896 by Dr. Wilhelm Conrad Roentgen. The significance of fluoroscopy lies in the fact that it permits a Radiologist (specialist in X-Ray) to observe the physiology (movement) or organs as well as internal structure. Prior to Image Intensification fluoroscopy was never able to produce an image as bright as an X-Ray film; however, with Telecon a television image can be produced which is considerably improved over conventional fluoroscopy and can be projected on closed circuit TV sets outside of the examination room. Other advantages include, diminished radiation to the patient and examiner, the study may be performed in a room with subdued light rather than in total darkness facilitating observation of the patient at all times, and with Telecon more than one person may view the study being performed at any one time directly without having to accommodate one's eyes to darkness. Technically, if desired closed circuit TV monitors may be installed in referring physicians' offices so that they might observe their patients being examined by the Radiologist.

Telecon is a real medical and radiological step forward for Brunswick County's Hospital. This unit is modular looking ahead to the day when with expanded facilities or a new hospital it may be readily moved with a minimum of delay and installation costs.

## Local Juniors Win Awards

Ten members of the Junior Women's Club of Southport attended the Sixty-Ninth Annual Convention of the North Carolina Federation of Women's Clubs, Inc. in Wilmington.

The Convention began on April 20 with the club being honored to have one of its members, Mrs. Ellen Sherrod, serve as a page. A page is chosen on the basis of the club's overall excellence and enthusiasm. This honor is only given to a club every three or four years and there are only 22 from across the state each year.

Mrs. Paul Keller, State president, presided over the four day convention which consisted of meetings, speakers, workshops, business sessions, luncheons, dinners, and the giving of awards. On Wednesday evening the Southport Junior Club was awarded the State 2nd runner up Award in the Art Division of the Fine Arts Department. This was given for excellent work members did in 1970 with students as well as the annual Arts Festival. Another award was received in the Public Affairs Department, American Heritage Division, for excellent work in 1970 with the Brunswick Town Hostess

program, the cemetery mapping project and the program by Bill Faulk on Dutchman's Creek Earthworks.

Mrs. Sherrod attended the entire convention, which was held at the Timme Plaza Motor Inn. Mary McHose, Donnie Dodge, Trudy Hufham, Susan Herring, Emily Blake, Susan Smith, Sara Barbee, and Tina Lerch joined her on Thursday, Junior Day. That night there was a Luau with Governor and Mrs. Bob Scott as special guests.

Later in the evening clubmembers dressed in pirate costumes and assisted with a "Scavenger Hunt" at fun night. This is a special time for Juniors all over the state to get together for fun and fellowship.

The final session on Friday, and awards luncheon, was attended by Mrs. Mary Barbee.

## Kings Daughters In April Meeting

The April meeting of the Endeavor circle of the King's Daughters was held at the home of Mrs. Thelma Fisher with 14 members present.

Mrs. Margaret Hood presided and Mrs. Pearl Aldridge gave the devotional. She read the scripture and gave a short inspirational reading and a prayer. The consecration was repeated in unison, followed by the King's Daughters prayer by Mrs. Hood.

The secretary - treasurer's report was given by Mrs. Lucy Southerland and written reports were given by members of work done since the last meeting. A collection

was taken, and some gave donations for the Katie Blake Memorial Fund. Cards were signed to send to the sick, and a short business session was held. It was decided that at the next meeting the program would be about "the Indians in the U.S." and what the King's Daughters organization is doing to help them.

Mrs. Marie Johnson gave the program, a reading "One Bad Cat", from Decision magazine. This was a story of a boy who got involved with a tough gang, but changed and is now studying for the military.

The meeting then adjourned by singing "Blest Be The Tie". Mrs. Fisher served
