**ADVERTISING COSTS**

For a classified advertisement of 20 words or less the cost of ONE INSERTION is \$3.50; TWO INSERTIONS, \$5.00; and \$1.00 for each additional insertion of the same advertisement. For each word over 20, add ten cents per word per insertion. There is no charge for advertisements offering free pets or notification that a lost item has been found.

**CORRECTIONS**

Persons should check their advertisement for accuracy the first time it appears in the newspaper so that any necessary changes can be made. The newspaper will not be liable for mistakes in an advertisement beyond the first week of publication. If a mistake is found, call 457-4568.

**DEADLINE**

3:00 p.m. Monday

**PAYMENT**

Advertisements mailed or brought to the newspaper, should be paid upon placement of the ad. Persons who are unsure how many times the advertisement will run should pay for four insertions; if the advertisement is stopped earlier the unused balance will be refunded. The newspaper will bill customers who place ads by telephone EXCEPT ADS IN THE PERSONALS, YARD SALES, AND CHILD CARE CATEGORIES, which must be paid in advance. For advertisements placed by telephone the newspaper will add a \$2.00 service charge for each billing. The service charge will be waived if payment is received within seven days of the insertion request.

**EDITOR'S NOTE**

While verification is not always required, The State Port Pilot reserves the right to not publish classified advertisements it considers to be of questionable taste. Persons who have placed a classified ad which does not appear in this column should call 457-4568. The publication of an advertisement is not an endorsement of the worthiness of the product or service being offered.

**How to write a good classified ad**

1. Start your ad with the merchandise you are selling - starting with the merchandise makes it easier for the reader to locate your item(s) for sale.
2. Always include the price of the item you are selling - 52% of classified readers do not respond to ads that do not include a price.
3. Keep abbreviations to a minimum - make it easy for readers to understand.
4. Place yourself in the reader's position - ask what you would like to know about the merchandise for sale - include information such as brand names, colors and other specific descriptions.
