Student organizes canned food drive

More than 800 different items were collected October 5 in a schoolwide canned food drive at South Brunswick High School, which was organized by Jim May as a project for his Senior Homecoming King candidacy.

The food stuffs were donated to Trinity United Methodist Church's food pantry.

The group that collected the most was coach Graham's sports medicine class, which collected 365 canned items. As a reward, the class was treated to a pizza party sponsored by Famous Subs & Pizza of Southport.

College Fund honors three area leaders

The Brunswick County Committee of College Fund/UNCF will hold a recognition banquet Saturday, November 14, 7 p.m., in the student center of Brunswick Community College.

Those honored for their contributions to the community will be Velva Jenkins, Brunswick Community College associate dean; Joe Stanley, co-owner of Joe & Moe's Auto Services; and the Rev. Leo Stevenson, pastor of Big Macedonia Baptist Church.

Dr. Joseph Core, former president of St. Augustine College, will be the speaker. Tickets are \$15 each and can be purchased by calling committee members at 457-5133 or 842-4557. Proceeds will help the College Fund provide scholarships and other assistance to UNCF colleges and universities.

WANDA FOUND
THE INNER *strength* TO MOVE
BEYOND THE PAIN OF HER ACCIDENT.

The sun was shining. The birds were singing. The light was green. Then suddenly, the scene took a drastic change. That trip through the intersection sent Wanda to the hospital hanging onto life by a thread. "When I awoke from my accident, little did I know," she says, "how long and hard the road back would be."

But she was in a medical center with specialists who knew very well. In the trauma intensive care unit, they worked as a team to help her survive. When she was ready to move again, the Coastal Rehabilitation Hospital was ready with a physical therapy gym, pool, therapists, and a day therapy program after she went home. "No one can tell me what kind of treatment you get at that hospital," says Wanda. "I know. Those people give

unwavering support and encouragement, and I can honestly say, I love every one of them." The medical center put Wanda back on the road. And one step at a time, she went the distance.

Today, although she is still recovering, Wanda is back at work. And today, the Coastal Rehabilitation Hospital would like to say thank you to her. And to the thousands of other patients we've been able to help over the years. Your courage never ceases to remind us what really matters in life.
