**A Creeping Death.**  
Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. **To Our Subscribers.**  
We are very anxious to double our subscriptions before Jan. 1st 1906. Therefore we call upon each of our subscribers to resolve himself into a committee of one to speak to his neighbors and friends and ask them to subscribe for the Bulletin. We are doing all we can to give a good, honest, truthful, helpful county paper. We believe our readers appreciate our efforts to give them a good family paper. We will make it better as the weeks go by. It should be in every home in Randolph Co. Will you help us?

**Broke Jail.**  
Tuesday morning about eight o'clock, in broad day light, and without any previous announcement, a pair of Georges, Geo. Rich and Geo. Tucker walked out of the Ashboro jail. Tucker was in for breaking into G. G. Hendricks & Co's. store, and would have been tried next week. Rich was in for unlawful retailing and "blockading." But Geo. was tired of Marley's board and jail life in general, and longed for a larger range. So he just walked out after nine day's stay with Mr. Marley. The prisoners cannot be blamed for taking their freedom. Any prisoner can escape from the jail that wants to. The jail is not burglar proof. It is out of date.

**Cleared for Action.**

**West Ramseur.**  
We notice in last weeks issue that Long Jack was diving down deep in the history of Thanksgiving day, the number of turkeys, their weight, number of cars to carry them, and the length of the line, single file to the block of execution; and we just stopped and wondered if Long Jack would have the pleasure of even a single drum stick, and then we thought how much more pleasure it would be for some other family to have his turkey where they could all be thankful because each one had the pleasure of feasting on Jack's lone Thanksgiving turkey. Says he may give a history of Long Shanks in his next letter; but Shanks says he will be under many obligations to him if he makes correct statements, as he is already satisfied it would bring fresh to his memory many events that had happened between him and Long Jack.

Shanks says he is ahead of time and that he returns his thanksgiving thanks to Mrs. Tom Shield's kind invitation to the dinner given at her home Sunday, that she does not only have turkey on Thanksgiving day, but many days before, and hopes she will ever keep him fresh in her memory on Nov. 30th, and then he will renew his thanks again.

It almost seems as if the Beans Mill correspondent is on the war path. Yes, we will agree with him in regard to a man preaching without even knowing his A B C's. If God has called him to preach, but we believe, and have noticed, when God calls such a man he soon learns his letters. People should be very careful how they throw their rocks about other folks straining at gnats and swallowing camels. They might be living in a glass house themselves.

**DEATH.**  
Angel Summons Mrs. J. L. Wrenn to the Great Beyond.

After a lingering illness of several months, Mrs. J. L. Wrenn died at her home in Worthville Thursday evening, Nov. 23rd. The funeral was conducted Friday by Rev. W. H. Eller, and the remains laid to rest in the Worthville cemetery.

Mrs. Wrenn, whose maiden name was Stewart, was born Sept. 1876. She was married six years ago to Mr. J. L. Wrenn, Supt. of the Worthville mills, and her death occurred on the anniversary of her wedding day.

She had been in delicate health for several years but bore all her afflictions with christian fortitude and resignation.

She was a consistent member of the Baptist church for fifteen years and was a great Sunday school worker, and was ever ready and willing to advance the cause of Christianity, benevolence and charity. She lived a blameless life and will long be remembered by her many friends. She met the night of death as tranquil as a star meets morning. Thus rests the ashes of a Christian woman.

To the bereaved husband and relatives we extend sympathy.

**Deaths.**  
The angels visited the home of Mr. and Mrs. L. V. Spinks, three miles north of Spero Sunday eve Nov. 19th, and took from them their daughter Rona, age about ten years. She was sick about two weeks with typhoid pneumonia, and while her short stay on earth she made many friends. She was a bright and good girl and loved by all who knew her. Her brother and sister shook hands with her as she was passing away. We know it is hard for them to give her up, but our loss is her eternal gain. May they prepare themselves to meet her in a world where they will meet to part no more.

The remains were interred at Giles Chapel Monday.

**Terrific Race With Death.**  
"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at Ashboro Drug Co. and Standard Drug Store. Price 50c.

**The Local Paper.**  
David Davis of Illinois was a great and good man and said many great and good things. The following is his estimate of the value of a local newspaper:

Every year every local paper gives from five hundred to five thousand free lines for the benefit of the community in which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his own town than any other man. He ought to be supported not because you happen to like him or admire his writing, but because a local paper is the best investment a community can make. It may not be crowded with great thought but financially it is of more benefit than both preacher and teacher. Today editors do more for less pay than any men on earth. Patronize your home paper, not as a charity, but as an investment.
