"Everybody Should Know"

Our Mother.

On the 20th of June 1907, about half past ten o'clock at night, the Guardian Angels came after our precious mother, Elizabeth D. Chamness, aged 77 years, 9 mos. and 10 days. She told us a short time before she died that her way was clear and she was ready to go. She just quietly went to sleep without a groan or struggle. She was a life long member of the Society of Friends, a member of North Carolina Yearly meeting and Western quarterly meeting. She was born and raised in Alamance county, North Carolina, her home meeting was Cane Creek monthly meeting. After she married she still belonged to Western quarter, but changed her home to Centre monthly meeting. Providence was her home meeting as long as she lived. Her mortal remains were laid to rest there, by the side of her husband, who died nearly 21 years ago. The funeral service was conducted by Charlie Johnson, a member of the same meeting. He preached a very touching sermon on the uncertainty of everything except death. He said in every thing we do, all kinds of work and all kinds of business, death walks by our side, telling us of the uncertainty of life. He said none of us expected to be here at this hour, said this is God's appointment, and impressed upon us all the necessity of being ready, for at such an hour as we think not death may come to us as it has to her. He said as he stood in the home and watched the children and grand children telling mother farewell, what a happy thought that we can meet mother where there will be no more partings and no more tears. We have followed parents, grand parents and brothers to the grave, but none so heart breaking as to follow mother to the grave.

She seemingly took a cold which settled on her lungs, then her heart failed. The night before she died she went to the supper table with the family like common. She leaves five children, twenty-four grand children and two great grand children, also four sisters and two brothers and many other relatives scattered in many states and a host of friends to mourn their loss. She leaves one grandson in Greensboro, N. C. who is giving his life for the lost of earth, a precious grand daughter on the mission field far away India. She leaves one grand daughter and two dear little great grand daughters on the gold fields of Nevada. When our short lives are ended we expect to be gathered from the four winds of the earth and meet mother on the golden shore.
