NO MORE TROUBLE FROM PUNCTURES. Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over

Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined insid: with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially repeated fabric on the tread. That "Holding Back" sensation commonly felt when riding on aspiralt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of the cities is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

Ye will allow a eash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send the closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned an touch excess if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster. Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair is these tires, you will find that they will ride easier, run faster, wear better, last longer and hear than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small fail order at once, hence this remarkable tire offer.

OOASTER-BRAKES, everything in the bicycle line are sold by us at half the u prices charged by dealers and repair men. Write for our bi Seventy-five Thousand pairs sold last year.
