## Public School Libraries.

### New Libraries Being Established— List of Present Libraries.

The County Superintendent of Schools has just made requisition upon the State Department of Education for the State's part in the establishment of rural libraries, for the following district: Districts No. 6 of Cole-ridge, known as Parks Cross-Roads, and No. 5 of New Market, known as Level Cross, for original libraries of \$30.00 each; Districts No. 4 of New Hope and No. 1 of New Market for supplementary libraries of \$15.00 each. For original libraries the local district must raise \$10.00 and the county and State duplicate this amount. For supplementary libraries the district raises \$5.00 and this amount is duplicated by the county and State.

Randolph now has 36 rural libraries as follows: Rameur, Franklinville, Cedar Falls, Randleman, New Salem, Hopewell, Providence, Why Not, Glenola, Flint Hill, Liberty, Asheboro, Brower's Chapel, Bombay, Mt. Olivet, Central Falls, Worthville, Staley, Melancton, Marlboro, Caraway, Farmer, Plainfield, Millboro, Julian, Shiloh, Cole-ridge, Union, Piney Grove, Pleasant Hill, Cedar Square, Trinity, Archdale, Park's Cross Roads, Level Cross, Asheboro, Col. These libraries have been supplemented since their establishment as follows: Randleman, \$15.00; Franklinville \$15.00; Rameur \$15.00; Providence \$15.00; Why Not \$30.00; Glenola \$30.00; Staley \$15.00; Marlboro \$15.00; Caraway \$15.00; Farmer \$15.00; Julian \$15.00; Bombay \$15.00; Trinity \$15.00; Asheboro, Col. \$15.00.

Several applications for libraries will soon be reported. The children of the county are looking for better things to read. This is an indication of a healthy sentiment among the people.

### AFTER PIE-CRUMBS.

In speaking of the census in Wake County, the News and Observer says:

"There is some Federal pie to be divided around in Wake County, which with other counties in the State, is to undergo the throes of getting into the census report. But the pie is of such a small size, and there are so many to claim a part of it, that it will be crumbs of pie crust that will be the portion of winners in the contest to be census enumerators."

Yes there are a good many candidates for the positions, but the News and Observer probably didn't know that half of the candidates are Democrats. Think of it! Democrats begging for Republican pie crumbs! And some of them have become so gentle that they are actually willing to come up and eat the crumbs from the hand.—Caucasian.

### The Farm The Best Place.

An exchange says: "Young man, if you want to be contented and happy, stay on the farm, but of course make the farm better each year by improving it. Improved machinery and agricultural education will help to make everything pleasant and profitable on the farm, and if you cannot succeed as a farmer, you will be apt to be a failure at any other calling you may take up."

## BOYS CORN CLUB.

To the Editor: As has already been announced, the Board of Agriculture at its December meeting appropriated \$500 for premiums to Boys' Corn Club contestants. The contestants are to be between the ages of 12 and 17 years. Any boy becoming 12 years old by June first will be eligible, and any boy who is now 17 but will be 18 not later than August first will be eligible to enter the contest. The rules governing the contest will be about as they were last year, except that any boy will be permitted to get any person to break his land for him. I do this because the younger boys are not heavy enough to handle a large two-horse plow in heavy land, but after the land is broken each boy must do the remainder of the work himself. If it is known that any boy permits another person to do the work or to help in the work after the land is broken until all cultivation is finished, he will be ruled out of the contest. Only \$10 worth of commercial fertilizers may be used on each acre. The plot of land must be a full acre. Less than an acre will not be considered. The plot of land must not be less than a half acre in width. Square plots are preferred. Only boys living on the farm can compete for these prizes. The plot of land must be a part of some regular field in the farm, and not a garden spot, a town lot, or a plot belonging to some city or other corporation. The contestant may use all the home raised manure he can get. Cotton seed, cotton-seed meal, city garbage, fish or fish scrap will be considered as commercial fertilizers.

The State has been divided into ten districts, as per below, and prizes aggregating \$50 will be given to the winners in each district. First prize, \$25; second prize, \$15; third prize, \$10. I shall ask the County Superintendents of Public Instruction to co-operate with me in this work, so as to get the most boys possible to enter the contest. The average yield made by the boys in this State last year was 57 bushels per acre. With a record like that every enterprising citizen should encourage the movement. The boy who succeeds in growing a large crop of corn stands a good show of developing into a man who will also grow large crops. We want a hundred or more boys in each county to enter the contest. Application blanks and other literature will be ready in a few weeks, but the boys can begin work now and send in their applications later. Blanks, etc., will be sent to the Superintendent of Public Instruction in each county, or direct to boys applying for them. Mr. I. O. Schaub, of the A. and M. College, is co-operating with me in the Boys' Corn Clubs, and between us we hope to visit Boys' Corn Club meetings in quite a number of counties in the State. Letters of enquiry or for application blanks should be addressed to the undersigned.

## Washington Letter.

(From our regular correspondent)

Washington, D. C., January 17, 1910.

President Taft has mapped out a programme for Congress that is well calculated to keep our Solons busy the rest of the session.

President Taft proposed to amend the laws for regulating corporations and for a new law to establish postal savings banks for the benefit of the people, which he promised in his campaign, and also a law to authorize the establishment of post parcel deliveries which will enable the Post-Office to underbid the exorbitant charges made by the various express companies. The way the Congressmen and Senators are hearing from their constituents on these reforms indicates that the public is alive to the necessity for such measures and that these laws will be passed, as recommended by President Taft, in his recent messages.

### INCOME TAX.

Congress has amended the Constitution of the United States, so as to provide for an income tax, and it is now up to the States to ratify that amendment, which becomes a part of our Constitution as soon as it shall have been ratified by three-fourths of the States. The corporations and capitalists of the country are doing their utmost to influence the legislatures of the various States against this amendment.

However, it is believed that the amendment will be ratified by practically all of the States.

### BE GOOD TO YOUR CARRIER AND—

Don't detain your carrier by asking him to wait until you address or write a card or letter.

Don't blame the carrier if there are changes made in route.

Don't ask your carrier to carry notes to your neighbors to avoid paying postage.

Don't ask your carrier, to let you ride with him.

Don't put up any old box on your mail route.

Do all you can to help your carrier along on his route.

Do write your letters and cards before your carrier is due; you have 24 hours before he comes again.

Do buy a supply of stamps and other supply; they will keep; cost no more; in fact, stamped envelopes come cheaper.

Do stamp everything that is mailable that you place in mail boxes, as at the postoffice.

Do get a good box; put it up in good shape in a convenient place for the carrier to drive up to.

### Eben Cagle Sentenced.

Eben Cagle, who for a long time has been charged with violating the Internal Revenue laws and about whom so much has been said has at last through his attorneys, W. M. Kelly and J. Ruse Blair in the Federal court at Raleigh this week, pleaded guilty to all the charges against him and received a term in the U. S. prison of one year at Atlanta, Ga.

Arrangements were also effected by which his brother Pearl Cagle will leave all of his troubles behind him.

The boys say that they are glad to get their matters so that they can reform, and as soon as they have their troubles behind them they intend to make good citizens.—Rockingham Post.

## Teachers' Meeting at Trinity Last Saturday.

What proved to be one of the best district meetings of the series of teachers' meetings now being held in various parts of the county was held at Trinity last Saturday, Jan. 15, for the teachers in the northwestern district. The attendance was good, and unusual interest was shown by all present. The teachers of Trinity and New Market townships are alive to the best things in the school work, and they are using every means available to do better than before. Investigation revealed the fact that practically every school in those two townships is graded, the teacher is in the Reading Circle, and all teachers, with barely one exception use the system of individual reports recommended by the County Board of Education.

Two features of the meeting at Trinity were noticeable.

The first was the discussion of the recitation, led by Dr. Stephen B. Weeks. In addition to this discussion Dr. Weeks conducted a model recitation in North Carolina History. The second feature of the occasion was the luncheon served by the ladies of the Womans' Betterment Association to the teachers. The women of this Association are to be commended for their interest in the work, and their fine spirit of co-operation. Such efforts as this are of great value to the teachers and also help to keep the work before the people. One of the chief features of the various meetings this year has been the social feature, but it reached the climax in the entertainment last Saturday.

The schools of the northwestern district will make good reports as long as they run. It should be remembered that practically all this territory is under local tax.

### WILL INVESTIGATE.

Whatever else may be said in praise of Secretary Wilson, of the Department of Agriculture, there can be no greater or truer encomium of the veteran agriculturist than that he is, first of all, a friend of the farmer and of the workingman.

Under his instructions his department has taken up an investigation, in all the states of the Union, of the present exorbitantly high prices of foodstuffs. The secretary announces that already it has been discovered that the unusual retail prices of meat are not redounding to the financial benefit of its producers, the farmer and the ranchman. The secretary says that he has no doubt in the world that the same conditions will be found to prevail in most of the other lines of farm products.

He says also that into the production of all food necessities he proposes to conduct inquiries to decide whether there is any real basis for the high prices demanded and to make public irrespective of whom it hurts or whom it benefits, the results of these investigations. He declares that the public is compelled to pay a great deal more for nearly everything it eats than it should, and that he believes his investigations will bear this out. In this determination Secretary Wilson will win for himself the full measure of approbation.—Philadelphia Press.

## Agricultural Day in Asheboro, Saturday, January 29.

Seed Corn Day and Boys' and Girls' Clubs.

The farmers of Randolph County are urged to spend Saturday, January 29 in Asheboro where a special meeting for their benefit will be held in the Court House. Representatives of the United States Department of Agriculture and of the North Carolina Agricultural Department will be present and deliver addresses.

Mr. C. R. Hudson, Farm Demonstrator for North Carolina, will discuss the question of seed corn and conduct a test for seed corn. All farmers interested should bring several ears of corn in order to show the test thoroughly.

Mr. I. O. Schaub, in charge of the extension work of Agricultural and Mechanical College will discuss Boys' and Girls' Clubs. Randolph County should have 300 boys in the corn contest this year, and now is the time to get the work started. All the boys and girls in the county are invited to be present.

Prizes will be given for the best ears of seed corn. A prize of \$2.50 will be the first, and there will be others. Let the farmers and their wives and the boys and girls come and spend the day in Asheboro. Every one attending will learn things of lasting value.

### IN MEMORY OF MRS. HAMMOND.

Miss Rebecca Hammond died Sunday Jan. 9th, and was laid to rest in the cemetery at Pisgah, Tuesday 11th. Rev. Elwood Cox conducting the funeral services. She was 79 years of age; she professed religion and joined the M. E. church when young and lived in that faith until her death. She had been in declining health for many years but bore her suffering with perfect patience.

She was the widow of the late Samuel Hammond.

She leaves three sisters, three children and four grand children and a host of friends to mourn their loss but we know our loss is her eternal gain.

She has gone to see her Savior, To sing his praises in heaven's dome, She has crossed the River Jordan, She's gone to her heavenly home.

She is free from every trial, Her body sleeps in the old church yard,

She is free from self denial, and has gone to her reward.

We miss her oh so sadly, Our hearts with grief are sore, But one day we hope to meet her, On that bright happy shore.

Lord we pray to bless her children, For their sorrow seems so great, They will one day meet with mother Waiting at the pearly gate.

Ye mourning friends in sad distress, Remember Jesus knows the best, Some day we'll reach the happy shore, Where parting hands are known no more.

Ulah, N. C.

### DEATH OF JAS. LOWE.

After a short illness of typhoid pneumonia, James Lowe died at his home near High Point, Jan. 12th, and was buried the following day in Springfield cemetery, Rev. Enos Harvey conducting the funeral services.

Mr. Lowe was nearing his 65th year and until four years ago was an honored citizen of Randolph county, residing on Back Creek in Cedar Grove township. He is survived by his widow one son George Lowe and five daughters, Mrs. J. C. Kearns, of Caraway, Mrs. M. Smith of Burlington, Mrs. D. H. Parsons, of High Point, and Misses Carrie and Lena Lowe of High Point,

### Two Runaway Boys.

Irvin Craver, age 13 and Frank Anderson, age 11 years, got a notion into their heads Monday that they would like to see more of this big, wide world and forthwith proceeded to "walk it" in the direction of Greensboro as a starter. Reaching there they were so tired that it was decided to spend the night. But their journey was cut short because the parents of the two youngsters got busy and telegraphed to Greensboro. In a short while an officer had the boys in his custody. Mr. Anderson went down on No. 38 and brought the sleepy youngsters back on 29; a pair of tired, disgusted boys who were only too glad to get back home. Perhaps after all it was a fine lesson for them.—High Point Review.
