A PROCLAMATION.

By The President of The United States of America.

WHEREAS by the Act of Congress approved July 2, 1909, the Thirteenth Decennial Census of the United States is to be taken, beginning on the fifteenth day of April, nineteen hundred and ten; and WHEREAS a correct enumeration of population every ten years is required by the Constitution of the United States for the purpose of determining the representation of the several States in the House of Representatives; and

WHEREAS it is of the utmost importance to the interests of all the people of the United States that this census should be a complete and accurate report of the population and resources of the country:

Now, therefore, I, William Howard Taft, President of the United States of America, do hereby declare and make known that, under the act aforesaid, it is the duty of every person to answer all question on the census schedules applying to him and the family to which he belongs, and to the farm occupied by him or his family, and that any adults refusing to do so is subject to penalty.

The sole purpose of the census is to secure general statistical information regarding the population and resources of the country, and replies are required from individuals only in order to permit the compilation of such general statistics. The census has nothing to do with taxation, with army or jury service, with the compu-

sion of school attendance, with the regulation of immigration, or with the enforcement of any national, state, or local law or ordinance, nor can any person be harmed in any way by furnishing the information required. There need be no fear that any disclosure will be made regarding any individual person or his affairs. For the due protection of the rights and interests of the persons furnishing information every employee of the Census Bureau is prohibited, under heavy penalty, from disclosing any information which may thus come to his knowledge.

I therefore earnestly urge upon all persons to answer promptly, completely, and accurately all inquiries addressed to them by the enumerators or their employees of the Census Bureau, and thereby to contribute their share toward making this great and necessary public undertaking a success.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this fifteenth day of March, A. D. one thousand nine hundred and ten, and of the Independence of the United States of America the one hundred and thirty-fourth.

WM. H. TAFT.
By the President:
P. C. KNOX,
Secretary of State.

Her children are Mrs James Vuncannon of Seagrove and Thomas Williams of Pisgah. Her sister Mrs J M Vuncannon of the High Pine section and her brother H C Williams of Pisgah were present. The eg tist will tell you that it is better to blow your horn than to come out at the little end of it.

The Way of Courts.

No court yesterday and hundreds of people from the country sorely disappointed as a result. Judge C. C. Lyon remained over in Monroe where he was trying a long drawn-out railway case and it was known here that he would not be present until late in the day yesterday. It seems to us that a proper appreciation of the value of a farmer's time is hardly considered at this season of the year. If His Honor had only notified the authorities here Saturday, when he evidently knew that he would be delayed, why they in turn could have saved the day for many busy farmers. But as The Ansonian has noted before, "court are a law unto themselves," and while they require witnesses and other interested parties to be here on the minute, delays caused by others attract but little attention. A day from home is worth many dollars to some farmers at this season of the year. Is there no remedy? —Ansonian.

It is an error to say that alcohol is necessary to laborers occupied with fatiguing work, that it gives heart for work or renews their strength; the artificial excitement produced by it rapidly gives place to nervous depression and weakness. In reality alcohol has no actual use for anyone.

DEATH OF MR. LEWIS VUNCANON.

Lewis Vuncanon a well respected and highly esteemed citizen of Randolph county, died at his home one mile south of High Pine last Tuesday, March the 8th, and was quietly laid to rest in the cemetery at High Pine Thursday March the 10th, to await the resurrection day.

Rev. Elwood Cox conducting the funeral services, he made some very touching remarks on the christian character of the deceased urging the children and grand children to take the life of father and grand father, as a model in their future life.

We cannot call to mind one that was truer to his church and Sunday school than Mr. Vuncanon; we feel that too much cannot be said of him in regard to his faithfulness to the church at High Pine, where he had long been a member. He had been Sunday school teacher for a number of years and was always present as long as his health permitted. We find that words cannot express our feelings towards this good and pious man.

His stay on earth was near three score years and he spent most of that time in the service of his blessed Master. He had been in declining health for some time and his death was not altogether unexpected.

All was done for him that was possible by physicians and friends but nothing could be done by us to relieve him from his suffering until the Savior come and took him to his home above where no pain nor sorrow sin nor death can come.

Although he suffered greatly, he bore it with christian patience. He told his loved ones there was nothing in this world for him, all his treasures were above, and he was asking the Lord to take him out of his suffering. He has fought a good fight, he has finished his course, he has kept the faith, and has gone to receive his crown and hear the welcome words "well done thou good and faithful servant."

He leaves a wife, seven children and ten grand children besides a host of friends to mourn their loss, but while we mourn for him here we feel assured he is resting sweetly in that city beyond death's sea where the pearly gates open wide to let redeemed come in singing God's praises with that blood washed band.

Heartfelt sympathy is extended to the bereaved ones in their time of deep sorrow.

But the great destroying angel,
With his sickle bare to-day,
Has cut down our friend and brother,
To the narrow bed of clay.

Baseball Team Organized.

At a meeting held in the opera house Monday night Asheboro's baseball team was organized for 1910, by electing Alexander Worth, manager, and Sulon Stedman, captain.

The prospects are flattering for a stronger team this year than ever before. Several good players are away attending college and will be in fine shape when they return about the first of June.

Progressive people everywhere are learning the importance of working together. They know that every man's prosperity and happiness depend in some degree on every other man's prosperity and happiness. The more perfectly farmers learn the importance of "sticking together" the more effectively will they be able to work together for their common good.
