"THERE'S A REASON".

The fact that the democratic county convention failed to nominate a legislative ticket that would stay nominated has put the ring in a bad box and has brought upon the heads of the managers no end of just criticism. But there is a reason why the positions are so hard to fill with men who are not seeking trouble. In this county as in others, the legislative candidates are supposed to go on the stump and defend their party's record, no matter how rotten that record may be. This being true, he would be a very hungry office seeker or one lacking in brain development who would ruthlessly rush into the forum to defend the democratic party's record in Randolph county for the last ten years.

It is known to the democratic leaders as well as to the republicans that the financial condition of the county is deplorable; that campaign promises have not been kept, that the taxes collected do not meet the running expenses of the county; that very little, if any is paid on the new court house; that the county commissioners have executed county notes for over twenty-five thousand dollars to pay on the new court house; that the commissioners borrowed several thousand dollars from the road fund to pay on the new court house; that said road fund has never been replaced; that the convict force while at work on the new court house was maintained out of the road fund, thus turning the money collected for the use of the public roads, into a different channel. All these things and many others we could mention, the legislative candidates will have to explain to the satisfaction of the voters. Is it any wonder, then, that men who have self respect refuse to go on the ticket? Then besides white-washing the party's record, the candidates will be expected to stand heavy squeezing when the "fat frying" commences, because its going to take lots of "greasing" to make some democrats loyal enough to vote the ticket. This is why they tried so hard to nominate men of great wealth, but who knowing their game waded the proffered honor aside. Such a condition of affairs never existed in the county before, but there's a reason.

That resolution passed by the late democratic county convention favoring a joint county canvass by the candidates is extremely hypocritical. Every one knows they don't want a joint canvass and would not have passed the resolution only they knew their opponents were firm in their determination to never again join in a canvass with a party whose representatives seek to dodge the issues instead discussing them fairly.

The republican state convention is over and the party is not torn asunder as was hoped for by the democratic leaders. On the contrary the party is a better fighting unit than ever before as is evidenced by the changed tone of the democratic press.

Since bossocracy sits on the throne once occupied by democracy, those who love true democratic county government have nothing to lose by turning over county affairs to the republican party.

At least no harmony committee was needed to settle the chairmanship contest in the republican State convention.

Among the many important planks contained in the republican platform adopted by the state convention, August 10th, the following should appeal to all liberty loving citizens of all parties:

"We reaffirm our allegiance to the time-honored principle of local self-government and we denounce the successive betrayals of that principle by our opponents, who long vaunted themselves its champions."

This is the plank that will be garbled, misquoted, misinterpreted, twisted and distorted by the democratic press and spellbinders into meaning that the republican party is in favor of "local option". This principle of local self government, advocated by both democrats and republicans has no reference to either the manufacture or sale of spirituous liquors, but it means, whether the voters of a county or township shall be allowed to elect their local officers or shall that privilege be denied them and given to the state legislature. In Montgomery county it means shall the voters be allowed to choose their own magistrates, county commissioners and board of education, or will the general assembly at Raleigh still perform that function of government for the county.

Local self government in Randolph county means that the voters will choose the county board of education and all magistrates, thereby taking from the general assembly the power to appoint democratic magistrates for long terms in townships where republicans have been elected by the voters. Local self government is the only FREE government and democrats dare not deny it.

Two murderers, white men, were convicted and sentenced to execution in this state last week. Let us hope that it means that public sentiment is beginning to set a greater value on human life.—Raleigh Evening Times.

Where was Mr. Aycock and his mocking bird's song while these murders were being committed? Why has human life become so cheap under democratic good government?

"To make an absolutely full detailed report of the finances of the county, since the time of the last report of a finance committee, would require the undivided time and services of an expert accountant for weeks."—From Finance Committee's report.

The offices are still hunting the men and lo they have not found them. Of course the reader will understand this refers to candidates for the legislature on the democratic ticket. In all other cases the men sought the offices both by day and by night, by fair means and by foul means.

We move that Eller's "harmony committee" appointed to settle the 6th congressional district muddle, he made permanent.

Durham, N. C., August, 13, 1910.

General Orders No. 42. The major general commanding the North Carolina Division of the United Confederate Veterans has the pleasure of announcing that the next annual reunion of this division will be held in the city of Norfolk, Va., on the 6th, 7th and 8th of September, 1910, in accordance with a most pressing invitation from the board of trade and Business Men's Association of that city.

A most interesting program is being prepared for the occasion, including side-trips to the famous seashore resorts near Norfolk and every possible effort will be made by the public-spirited citizens of Norfolk to make our reunion there the grandest and most enjoyable we have ever held. Free entertainment will be provided for all veterans who are unable to pay for their meals and lodging, but all who wish free entertainment must at once notify Mr. Joseph A. Hall, secretary, at Norfolk, so that ample preparations may be made for their comfort. This is important and must not be overlooked or delayed. Commanders of camps are urged to attend to this without delay.

The railroads will give reduced rates as usual, and the exact rate from any station can be learned from the local agent. A delightful trip and treat is in store for all who attend this reunion and it is hoped that there will be a large attendance of our old Tar Heels, all of whom will receive a most hearty and hospitable welcome from our Virginia neighbors.

Let our cry now be "On to Norfolk."

BIRTHDAY CELEBRATION.

About forty of the neighbors of Hugh McCain esq. met at his home last Friday August 10th, and much to his surprise, tendered him a veritable ovation together with a big dinner on the occasion of his 77th birthday.

The neighbors began coming early and kept coming until by 12 o'clock the house and yard were well nigh filled, men, women and children of all ages and station in life met to do honor to this old father in Israel. When the crowd had gathered Mr. Winborn Andrews called them together and made a few remarks after which all repaired to the table, filled and overflowing with good things for the inner man prepared by the thoughtful and loving hands of the good women of the neighborhood.

Mr. Andrews presided and after he had asked the divine blessing the entire crowd proceeded to do such justice as they might, to one of the best dinners ever seen in that section. Less than half of the good things were consumed leaving the proverbial twelve baskets full.

Mr. McCain is one of the oldest and best citizens of the Back Creek section and is well known over the entire county, he being a son of the late Hugh McCain a veteran of the war of 1812 as well as the Mexican war, and clerk of the county court for 24 years.

After sometime spent in pleasant social intercourse the people departed to their homes, having spent a most delightful day, all wishing many happy returns of the day to the venerable host.
