

The Randolph Bulletin.

A RANDOLPH COUNTY PAPER FOR RANDOLPH COUNTY PEOPLE.

VOL. 7. NO. 16.

ASHEBORO, N. C., THURSDAY, OCTOBER 26, 1911.

ONE DOLLAR A YEAR

SOUTHERN RAILROAD MAKES ENCOURAGING REPORTS.

Washington, D. C. October 19—A most encouraging view of conditions in the Southeast is presented in the annual report of Southern Railway Co. which states that one of the most important factors in the strength of the company's position is the industrial and agricultural development of the territory traversed by its lines.

The marked agricultural progress due to the general adoption of approved methods of the farmers of the Southeast, particularly the increase of diversified farming and the diversification of industries are noted.

The management of the Company with a broad conception of its relation to the public, is making the railway not merely a carrier of the people and products of the South, but also a helpful factor in Southern development.

The report sets out the efforts being put forward to increase the prosperity of the people already in the Southeast, and to attract investors and desirable settlers to the territory served by the lines of the Southern Railway.

A review is given of the work being done by the Cotton Culture Dept. which is teaching farmers, in localities where it is possible the boll weevil may spread to successfully combat the insect should it ever occur in their fields and thus maintain their production instead of learning how to deal with it after it appears. The work of this Department will be extended to cover all territory along the Company's lines to which there is even a remote danger that the weevil may spread. The importance to the South of maintaining its monopoly of cotton production is pointed out in connection with the vigorous efforts being made to raise cotton in other parts of the world.

The report shows that the Company is also encouraging live stock raising and dairying in its territory. Recognition is given the newspapers of the Southeast for their valuable assistance and also to commercial organizations, banks, and individuals who have aided the Company in all its efforts to advance the agricultural prosperity of the Southeast.

The more important additions and betterments completed and undertaken during the year are shown among them the double track line through Lynchburg, Va., and into Chattanooga, Tenn. 38 miles of double track between Atlanta and Gainesville Ga. modern lap-sidings on the line between Atlanta and Macon Ga. Knoxville and Chattanooga Tenn. and Morristown Tenn. and Asheville N. C. new freight station and yard facilities at Macon and additional wharf facilities at Mobile Ala. To provide adequate facilities to take care of the increasing traffic of the South the report shows that the company has in the last two years purchased the following additional equipment: 198 locomotives, 203 passenger train cars and 5,207 freight-train cars.

In closing, the report emphasizes the loyalty which has characterized the services of officers and employees in all departments during the year and it is stated that the standard of efficiency throughout the service justifies the management in pursuing a consistent policy of filling by promotion vacancies that may occur thus preserving a wide field of opportunity for advancement of all loyal and efficient employees.

HIGH COST OF LIVING WORLD-WIDE

While the people of the United States are suffering through the increased cost of living it may be some satisfaction to know that the trouble is world wide. In Austria the people are on the verge of rioting because the price of food products has risen to an abnormal degree, while in France an almost equal amount of discontent is shown because of the increased cost of the necessities of life.

The same story comes from London. According to the London Mail, which has been making an exhaustive inquiry into the situation, potatoes and rice are the only articles which sell at a lower price than in 1900. Bread, flour, beef, mutton, pork, bacon, butter, eggs, sugar, and even currants and raisins are all selling at a marked advance. Bacon is 38 per cent higher, flour has gone up 20 per cent and the increase in all the other necessities is enough to make a marked difference in the cost of living.

Of course, it does not help our own situation to know that others are in an equally unfortunate extremity. The world-wide increase of cost, however, is of sufficient importance to warrant an investigation by economic experts and they ought to be able to offer an explanation and a solution.—Washington Herald.

TOOT YOUR OWN HORN.

Under the heading of "Toot Your Own Horn," the following interesting jingle appears in the Practical Printer: A hen is not supposed to have much common sense or tact, yet every time she lays an egg she cackles forth the fact. A rooster hasn't got a lot of intellect to show, but none the less, most roosters have enough good sense to crow. The mule, and most despised of beasts, has a persistent way of letting people know he's around by his insistent bray. The busy little bees they buzz, bulls bellow and cows moo, and watchdog bark and ganders quack and doves and pigeons coo. The peacock spreads his tail and quacks; pigs squeal and bobins sing, and even serpents know enough to hiss before they sting. But man, the greatest masterpiece that nature could devise, will often stop and think before he'll ADVERTISE.

President Taft Goes Down 1,100 ft. Deadwood, S. D. Oct. 21—President Taft further qualified as a miner today when he dropped 1,110 feet down into the famous Homestake gold mine at Lead. Two years ago Mr. Taft was taken down to the 1,200 foot level in the Leonard copper mine at Butte, Mont., and spent fully an hour groping about the drifts and tunnels and watching the men at work.

His experiences today were much the same the principal difference being in the more precious quality of the quartz veins through which Mr. Taft was guided with miners lanterns lighting the way.

Mr. Taft went sailing down in the darkness today at the speed which carried him to the 1,100 level in less than two minutes.

Gives Aid To Strikers.

Sometimes liver kidneys and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little strike-breakers—Dr. King's New Life Pills—to give them natural aid and gently compel proper action. Excellent health soon follows. Try tem. 25c at J. T. Underwood's.

Educational Day Of Randolph Fair Nov. 1st.

To the Committeemen and Teachers:

The Randolph Fair Association, having made Wednesday Nov. 1st of Fair week, Educational day, and having made everything as attractive as possible, it is now up to us to do all we can to promote the interest of education on that day.

Dr. Joyner, State Superintendent of Public Instruction, will make the opening address at the court house at 10:30 that morning. After the address there will be a parade of the school children. A long train of Nisson wagons will haul the children with their teachers; but if you can decorate your own wagon, have banners, etc., it will be all right for you to do so. You can drive your team in the parade following the wagon train.

The Fair Association will give \$5.00 to the school that brings the largest per cent of its pupils, based on the school census for 1910; a nice blackboard will be given as a second prize.

Remember that the teachers and their pupils will be admitted free on that day. The word "pupil" means only those who are now of school age and are enrolled in school this year or who attended school last year. None other is considered a pupil.

This Educational Day should certainly mean something for the educational interests of Randolph county.

The contents of books are not the only subject to be taught the child; observation teaches as well and oftentimes, the greatest and more lasting lessons.

This day with all its attractions, both in and out of the fair grounds, will mean as much and more to a great many children than one month's work in school room.

I am anxious for every child

BOOZE RUNS RIOT

Reports from that section of Randolph county lying in the Gray's Chapel and Linebury neighborhood say that very bad conditions exist there and have for some months past. It is said that blockade juice and blind tiger dew is dealt out freely and that no attempt is made by any one in authority to suppress the traffic. Quarreling and fighting is frequently engaged in and in two cases, at least, deadly weapons have been used with telling effect. No arrests have been made. It is said the lawabiding and self respecting citizens (of which there are many) are becoming very tired of a few thugs and booze peddlers dominating their community.

DEATH OF JESSE E. PRESNELL

After a lingering illness of several months duration Jesse E. Presnell died at his home on South Fayetteville Street this city Saturday night Oct. 21.

Although in bad health for so long his death came sudden and unexpected to his family as he had been on the street earlier in the day. The deceased was past 60 years of age and is survived by his widow and only son C. G. Presnell.

The funeral was conducted from the Methodist Episcopal church Sunday evening at 5 o'clock The pastor Rev. Chas. A. Wood conducted the services.

in the county to be here on this day, although I know this may be impossible, yet it is not impossible for the majority of them to be here; and I think it the duty of every committeeman and teacher to put forth an effort in trying to get the children here.

Where there is a will, there is a way, and I hope every teacher and parent has it in his or her heart to give the children this one chance of their lives. The Board of Education has ordered that all the schools of the county where it is possible to do so to open on the last Monday in this month. This will give the teachers a chance to organize and arrange for the conveying the children to Asheboro on that day. Two or three wagons can bring a lot of children and many others can get here in buggies. A rather unique feature will be the train of Nisson wagons pulled by a traction engine hauling all the children in one grand parade.

Do not wait for further instruction but begin planning now and during the meantime write me for any information and at the same time offer any suggestion you may have.

Every school representeb should organize itself into a distinct band with the teacher as leader. If the school has not begun some one or more person should try to get the children of the district together and one from among them should be selected as leader. Every teacher or leader should report to me at the court house not later than ten o'clock Wednesday morning.

I will give my instructions to the teacher or leader of each school and the students will obey the instructions of the leaders. By this method the children can be very easily managed. Yours for a big crowd of children on Educational Day.

S. T. Lassiter, County Supt.

COUNTY DOCTORS TO MEET

Randolph County medical Society will meet in Asheboro on the 7 of Nov. at 1 p.m. At this meeting will be election of officers for the coming year a full attendance is desired. The programme is as follows

Reminiscences of the Physician of the county during my years of practice—Dr. S. A. Henley Umbilical Hernia—Dr. E. C. Wilkerson Tyoid fever—Dr. C. H. Philips Diagnosis Tyoid fever—Dr. W. I. Sumner. Disinfection in Typhoid fever—Dr. C. C. Hubbard Hydrotherapy in Typhoid fever—Dr. T. I. Fox. Treatment of Typhoid fever—Dr. J. V. Hunter. Dr. F. E. Asbury Pres. Dr. W. J. Moore Sec.

Is The World Growing Better?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises others to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see, 50c at J. T. Underwood.

Ramseur

Mrs. Emma Wright of Asheboro Rt 1 is visiting friends in town.

Rev. O. P. Ader fills his last appointment in the M. E. church next Sunday. Rev. Mr. Ader has made an acceptable pastor and is highly esteemed by the entire community.

H. B. Moore has opened a first class job printing office and is fully prepared to do all kind of job work.

Miss Katharine Shirer a popular and experienced milliner of Md. has charge of the millinery department of the Ramseur Store Co this season.

Jas. A. Craven of the Deep River Store Co. and Miss Maud Finison one of our popular young ladies were happily married on the 19th. May much happiness always attend them.

A large number of our people are expecting to attend the Randolph Co. Fair at Asheboro next week.

Mrs. W. H. Watkins and Ira Scott made a trip to Troy last week and returned Monday.

The outlook for a fine chrysanthemum show here this fall is very bright.

Mrs. W. H. King left Tuesday to visit her son at Rocky Mount.

The many friends of Mr. Thos. T. Smith were deeply grieved recently to hear of his death at Sanford where he had moved only a short time ago.

The Ramseur Store Co. will be closed next week taking inventory preparatory to the new company taking charge.

UNIVERSITY NEWS.

Delayed

Chapel Hill, Oct. 16—University day, commemorative of the laying of the cornerstone of the University of North Carolina in 1793, was observed here last Thursday in memorial hall with appropriate exercises. Music was furnished by the University Orchestra. The entire faculty and student body were in attendance.

The first speaker of the day was C. D. Hogue, of the law class, who spoke on behalf of the Professional students. L. N. Johnson, of the senior class who spoke on behalf of the undergraduates, was the second speaker.

With a few well chosen remarks Dr. F. P. Venable introduced the orator of the occasion, Dr. C. Alphonso Smith who has just returned from a year's visit abroad, took as his subject, "The Americanism of American Literature". Dr. Smith ably discussed the subject, showing the influence of American literature abroad. He said foreigners had been impressed by our literature for four reasons: (1) The heroic part played by the American red men in our literature. (2) The American short story. (3) American humor. (4) American Idealism.

Our foot ball season is well under way. The opening game was played Oct 7 with Wake Forest After an hours hard fighting the score stood 12 to 3 in favor of Carolina. This was the first score Wake Forest had made on us in twenty eight years. Tilletts forty yard run for a touchdown was the chief feature.

On last Saturday the second game was played, this being against Bingham (Aaheville).

No one scored during the first three quarters, but on the last moment of the game Caroliana made two touchdowns and goal kicks, making the score 12 to 0

The stuednt body as well as

Cotton Broker Fails

Liabilities More Than A Million-- Assets less Than Quarter That Amount--North Carolina Banks Hit Hard.

Charlotte, Oct. 23.—O. P. Heath, of Charlotte, one of the wealthiest and best known cotton brokers in the southern states, with branch offices in all important southern cities, filed a petition in bankruptcy late this afternoon in the Federal court at Salisbury, through Maxwell and Kerans, his attorneys. Judge Boyd promptly adjudged the petitioner a bankrupt and referred the matter to W. S. O. B. Robinson, of Charlotte, referee in bankruptcy.

The liabilities, it is said, are more than \$1,000,000, while the assets will not reach one-quarter of that amount. Practically all of the creditors are North Carolina banks, though several New York firms are represented in the list.

No cause is known for the failure. Mr. Heath is ill at his home in this city and efforts to secure a statement from him tonight were unsuccessful.

WHY SIDESHOWS WILL BE PROHIBITED.

As heretofore announced there will be no sideshows and fakers inside the Fair Grounds.

This was the understanding when contributions were solicited for promotion of the Fair.

I hope none of the citizens of the town or the town authorities will allow any thing near the grounds that will in any way interfere with the Agricultural and Educational exercises.

Geo. R. Ross, Sect. & Mgr.

CUTTING AFFRAY AT MILLBORO

Last Tuesday afternoon J. A. Kinley and Broughten York both of whom live near Millboro were in a "row" and York cut a gash under Kinleys arm about twelve inches long

From reports Kinley was drunk and used some pretty rough language toward York, who slashed him with a knife.

Kinley lives about 2 miles from Millboro and is at his home in a precarious condition.

York has not yet been arrested but is not evading the officers. He went to his work as usual this morning. If Kinley had a pass at York the latter shows no sign of it.

Randleman News

It has been learned since that York had no cause for using the knife as kindly was unarmed and was not in condition to seriously injure York.

Farmers Union To Be In Parade.

The Farmers Union will take part in the parade on Oct 31. and carry banners and wear badges which will be presented to each Local Union and each member.

Each Local will see to it that a good delegation comes to the First Fair in our Great Good County.

Yours very truly, W. R. Julian Sec. and Treas

Miss Kate Hammer attended the Raleigh fair last week

Coach Bacock is confident of a successful season. A good start has been made toward this end.

It is hoped that before the sun goes down on Thanksgiving day we will have won again from our riva's in the north—Va.
