This imposing structure, located on North Main street and commanding the admiration of every one, has been completed in all its many details at a cost of about \$70,000.

## NEW METHODIST CHURCH FOR PLEASANT GARDEN

### Baraca Class Pledges Five Hundred Dollars for Erection of New House.

The Baraca class of the Pleasant Garden Methodist church entertained the young ladies of the Philathea class Friday evening in the auditorium of the high school. Games were played and refreshments were served. Preceding an entertainment a class meeting was held to discuss the work for the coming year. Different committees were appointed consisting of a membership committee, a sick committee and a church committee. A great deal of enthusiasm was created when one of the members suggested that the Methodists needed a new church. As an inducement the older members of the church in the class pledged \$500 for the erection of a new church. A committee was also appointed to look into the matter and report at the next meeting. The class decided that on the birthday of each of its members they would celebrate that day in honor of the member and in case too many birthdays should come at one time they would combine their birthdays and make the celebration the more enjoyable.

## STATE BOARD OF EDUCATION MEETS

### Approved the Apportionment of Public School Funds to the Various Counties.

The State Board of Education met in Raleigh last week and approved the apportionment of public school funds for the year, to the various county departments of education. With the deduction of \$7,500, the biennial appropriation for rural libraries and \$1,500 for teacher training, the remainder of the \$250,000 was distributed among the counties in amounts based upon the school population of the county. The manner of finding the just pro rata share was the division of the entire fund less special appropriations just mentioned by the entire State school population, 777,267, giving a per capita appropriation of \$1006. The apportionment for counties in this section are as follows:

School Population	Amount Appropriated
Guilford.....	20,727 \$6,426.61
Randolph.....	10,783 3,327.87
Richmond.....	7,362 2,282.69

## Tom Davis Weds Iowa Girl.

(Taken from an Iowa Paper.)  
At the home of the bride's parents, Mr. and Mrs. Newton Branson, at 7:30 o'clock, Wednesday evening, December 23, 1914, was solemnized the marriage of their daughter, Miss Luella Branson, to Mr. Tom Davis. Rev. Messner of the Frianas church, performed the ceremony in the presence of a wedding company of near forty-five relatives and friends.

The front parlor was converted into a ceremony room, where a booth, an arch and pillars were beautifully decorated in pink and white, awaited the bridal party. Before the ceremony Mrs. W. L. Tatum, sister of the bride, sang, "On, Promise Me," and at the conclusion of the song, Miss Gladys Hichman, at the piano, rendered the wedding march as the bridal company entered.

The bride was attended by Miss Phyllis Battey and Mr. Ralph Branson, brother of the bride served as best man. Little Lucile Branson, daintily dressed in cream wearing a wreath, acted as flower girl; where Miss Mildred Branson, also dressed in cream, as ring bearer, carried the ring in the heart of a calla lily.

The bride was prettily gowned in cream satin trimmed in silk bobinet and pearls. She carried a bouquet of white rose buds. The bridesmaid was in pink nuns veiling trimmed in lace, carrying pink rosebuds.

Immediately after the ceremony a delicious three-course wedding repast was served. Girl friends of the bride in white dresses, assisted in the serving. The wedding colors, pink and white, were carried out in the decoration of the bridal table and in the cakes and salads.

After the serving the bride and groom received hearty congratulations. Many beautiful and useful presents came into their possession.

The bride is a charming young lady, highly respected by all who know her. Mr. Davis is an efficient carpenter, having been employed with O. V. Edgerton the past summer. He has made many friends here.

They will be at home after January 1, 1915, at West Branch. They have the best wishes of their many friends.

## Marley Bound Over to Court.

The trial of J. R. Marley, Democratic pollholder, for fraud in the recent election, was held last week in the city court of Thomasville. At the conclusion of the argument at 6 o'clock the court gave notice that probable cause was found and the defendant was bound over to the approaching term of superior court, bond being fixed at \$500. The defendant was accused of having failed to deliver ballots in to the ballot boxes but to have otherwise disposed of them. It was ahad fought legal battle, each side contesting every point.

## LAME "DUCK'S ROOST" IS BADLY SAGGED

### The Appropriation is Cut From \$100,000 to \$65,000 and Per Diem From \$10 to \$5.

(Parker R. Anderson in the Greensboro Daily News.)  
Washington, Jan. 7.—The foreign affairs committee of the house today pulled most of the tail feathers from the "Lame Duck Roost," known to the Treasury Department on pay day as the International Joint commission. The committee cut the annual appropriation for the "Roost" from \$100,000 to \$65,000. It went further and cut the \$10 per diem "in lieu of subsistence" to \$5 a day and ordered the disbursing officer to pay none of this amount to the commissioners except when they are traveling for the government outside of Washington. It is a cruel blow to the members of the "Roost."

Former Gov. Robert B. Glenn and Whitehead Klutz of North Carolina, are on the commission the former as a commissioner and the later as secretary and disbursing officer. Mr. Glenn has been receiving \$10 per diem "in lieu of subsistence" and Mr. Klutz \$8. In addition to this the railroad and Pullman fare of these gentlemen is paid by the government. According to a statement made before the foreign committee by Obadiah Gardner, chairman of the "Roost," the commissioners have drawn the \$10 per diem from the time they left their native state until they returned. This includes their brief stay in Washington during the pleasant weather.

If Chairman Gardner's statement is true Governor Glenn and the other two commissioners have drawn \$10 a day in addition to their salary of \$7,500 and extras for railroad fare, every day that they have been in Washington or traveling for the commission.

In substantiation of this statement the following colloquy appears in the official hearing before the foreign affairs committee:

The Chairman—(Speaking to Mr. Gardner.) You stated just now that the commission should be occupied all the time. Would that carry with it the \$10 per diem for 365 days?

Mr. Gardner—No, sir, the order does not contemplate any such thing as that. It simply means that the \$10 a day is allowed when the commissioners are actually employed away from their homes.

The chairman—Washington is the home of the American branch?

Mr. Gardner—Yes, sir.

The chairman—And you get the per diem in Washington?

Mr. Gardner—Yes, sir. That is according to the Presidential order.

When in Washington Governor Glenn stops at the National hotel. The highest rate charged by this hostelry for room, both and three meals is \$4 a day. The highest rate for room only is \$2.50, according to a statement made by the National hotel clerk to the Daily News correspondent.

## Another Appreciated Letter.

Asheboro, N. C., Rt. 2, Dec. 31, 1914.

Editor of The Bulletin:  
I have been reading your paper with great interest for the past few months and have noted especially the way in which you have dealt with political demagogues and election thieves. We need more men that have the moral courage and manhood to tell the people through the printed pages of the tricks and fraudulent methods used (by those who love money and office better than they love honesty and right) to defeat the will of the people. Long live the Bulletin, and may it cry aloud and spare not and tell the people of the sins of the Democratic politicians in Randolph county. And when all honest men regardless of party affiliations have heard and understood then will they raise up in the might of the ballot and forever put down such political corruption in Randolph county.

Yours for honest elections,  
W. H. RICH.

## Appropriation Made for Farm-Life School.

The Rowan county commissioners have just made an appropriation of \$5,000 for the farm-life school at China Grove, which opened last week.

## BATTLE LINE FROM BALTIC TO ADRIATIC

### Roumania's Entrance Into the War Would Complete the Line.

Should Roumania, now that the Russians are on the border, if not actually in Transylvania, decide to participate in the war on the side of the Allies, her army will provide the missing link in the chain of troops winding from the Baltic to the Adriatic, a distance, roughly, of 1,300 miles. This battle line would be composed of Russians, Roumanians, Servians and Montenegrins on the one side, and Germans and Austro-Hungarians on the other.

While Roumania has not taken the fateful step, the belief exists in the countries of the Allies that she soon will do so.

Other developments are expected.

The relation between Greece and Turkey have reached the breaking point over the well known ill treatment of Greeks in Asia Minor.

Italy is growing restless on Turkey's delay in giving satisfaction for the violation of the Italian Consulate at Hodeida, from which the British Consul who sought refuge here, was forcibly removed.

Italy and Servia.

Italy also, it is reported, has agreed that Servia should be granted a port in the Adriatic.

Roumania and Greece, it is thought, however, may delay taking up arms until Bulgaria, which is anxious for a part of Macedonia, is satisfied or the last efforts fail to satisfy that country, which is at present maintaining her neutrality, for hostile Bulgaria on her borders would compel them to divide their forces.

While there are no reports of stalling developments on the battlefields there are extensive operations now in progress in both the east and the west.

The Germans simultaneously with the renewal of their attacks on the left banks of the Vistula are developing a new offensive from the direction of Miawa on the east Prussian frontier which the Russians are attempting to counter.

Some of the German attacks on the Russian line, which runs along the Bzura and Rowka rivers and thence southward to the Opatowice and along the Nida to Opatowice, on the Lower Vistula have been particularly severe but according to the Russian reports have been repulsed.

The thaw which has set in in Southern Poland and Galicia has converted the country into a sea of mud and even cleared the snow from the Carpathians, so that fighting in this region is impossible.

The French, after a heavy bombardment of the German positions between the Ose and the western end of the Arrogone, and after suffering several repulses, have advanced their fronts at several points, particularly to the east of Rheims, where their progress has been slow but steady. In eastern Arrogone the Germans have been making similar advance.

The progress which the French again report in the vicinity of Flirey, in the Woivre district, is of particular importance, for should it be continued they will cut the road which links St. Mihiel with Metz and may compel the Germans to evacuate St. Mihiel, which they gained long ago at great cost.

The Germans have sent reinforcements to Alsace, where the French advance has threatened to cut off Mulhausen.

## ROBBERIES AT DURHAM.

### East Durham Postoffice, Drug Store and Hardware Entered.

Robbers made three other raids in Durham Thursday night and while they had a comparatively easy time in getting into the buildings, they secured mighty little loot for their trouble. The East Durham postoffice, the Crabtree pharmacy in East Durham and the Pollard Hardware company of Durham were robbed sometime during the night.

The men got into the postoffice at East Durham by breaking a glass partition in the lobby of the office and secured about \$150 worth of stamps by breaking open the private drawers of the postmaster. These stamps and a few pennies from the cash drawers were all that was secured.

## APPORTIONMENT

### Board Education Makes District Allowances.

The Board of Education at its regular meeting Monday, Jan. 4th, apportioned the following money to the various school districts to be spent for teachers' salary. This is to cover a period of four months. The committee of each district should see to it that teachers are paid a salary that will not exceed the amount apportioned for four months.

The money for teachers' salary for the fifth month will be given by the State and apportioned later in the year. The exact amount will not be known until some time in February.
