

WHY I AM FOR PROHIBITION.

The following extracts from letters received by the secretary of the Randolph Prohibition Campaign Committee, show why the movement against the manufacture and sale of whiskey is becoming so popular in the State:

Whiskey is an enemy to society, degrades mankind, hinders the progress and development of the State, and in the end causes the man who makes use of it to lose his own soul.
W. P. Wood, Asheboro.

I am for prohibition because I believe it to be for the best interest of every man, woman and child within the borders of our grand old State.
P. H. Morris, Asheboro.

I am for prohibition because the liquor business hurts the dealer and the consumer alike.
W. J. Miller, Asheboro.

Because the saloon destroys its keeper and desolates the community, and because to fail to vote against it is to consent to the evil it does and share its guilt I am for prohibition.
Rev. C. A. Wood, Asheboro.

Because it will remove from our State the dread monster, intemperance, which debauches mankind, robs womanhood and childhood, is the father of nearly all crimes, the mother of abominations, is God's worst enemy, Satan's best friend.
Prof. G. F. Garner, Seagrave.

Because it is the most serious menace to the moral, mental, and material advancement of the race.
David Farlow, Jr.,
Randelman, R. F. D. No. 3.

Prohibition when applied to alcoholic drinks is essential to the welfare and protection of individuals, communities, schools, churches, and all kinds of business.
Robt. L. Caviness, M. D.,
Cokeridge.

There are thousands in North Carolina who have an uncontrollable thirst for liquor, there are thousands more who are on the road to the same enslavement, and I am in favor of State Prohibition because it will help redeem and save from ruin these men by making it difficult for them to obtain intoxicating liquors.
Rev. Richard L. Ownby,
Trinity.

Because I object to the State protecting that which opposes intelligence, morality and religion—as the liquor business does.
Rev. W. J. Ingle, Farmer.

If able to attend the election on May 26th I shall vote for prohibition because I believe it would curtail the making and selling of millions of gallons of whiskey and other intoxicating liquors. I believe it will lessen crime and greatly aid in the upbuilding of a noble manhood that will bless the State all down the ages.
D. Reid Parker,
Trinity.

I shall vote for prohibition that I may help the drunkard to a better life, and his children to a good start in life.
J. J. Allen, Kemps Mills.

Because I have two little boys and my neighbor has some bright boys and I want strong drink out of their reach—this bill will put it there.
E. C. Williamson, Worthville.

Because it takes our flag from around that business that produces crime, disease and damnation.
Rev. J. S. Tillman, Asheboro.

I am satisfied that the intention of the bill is good. It was not the bad, the ignorant nor the dangerous that framed it, but it is the production of the temperance element of both the political parties of North Carolina. The bill, however, may not be perfect in all its parts but nevertheless it is certainly a wonderful stepping stone to a higher plane of temperance loving. The wonderful change for the better that I have witnessed myself in the dry towns, cities, townships, and counties powerfully convince me that the whole State should enjoy the blessing.
Rev. Jas. Jordan, Franklinville.

I am in favor of prohibition for the same reason that I am in favor of local option—because it embraces the greatest amount of available territory, and leaves it with the people to say whether or not they are ready for it.
A. B. Coltrae, Glenola.

For a number of years we ran a public carriage shop and whiskey gave us more trouble than all the rest of our business. Local prohibition came in and gave us some relief, and whiskey has been on the run ever since, and on the 26th of May we hope to drive it out never to return. We hear parties say that

prohibition doesn't prohibit, which is a grand mistake. The prohibition laws of Randolph and Davidson have brought peace and plenty out of fights, drunkenness and starvation.
L. G. B. Bingham, Flora.

I am in favor of state prohibition as provided in the bill to be voted on May 26th, because whiskey is a great producer of desolate and wrecked homes, widows, and orphans, crime, misery and want, destroying physical manhood in this life and the souls of men in the life to come. Please read Isaiah 5: 11, 12, 22; Proverbs 23: 29, 33; Leviticus 10: 9.
C. H. Phillips, M. D., Fullers.

I am in favor of prohibition because it is simple folly for a people to tax themselves to educate the youth of the land and at the same time license the saloon to strow the greatest of all temptations for evil in their pathway that they may become drunkards and criminals.
T. W. Ingram, Bombay.

Kennedy's Laxative Cough Syrup is the cough syrup that tastes nearly as good as simple sugar and which children like so well to take. Unlike nearly all other cough remedies, it does not constipate, but on the other hand it acts promptly yet gently on the bowels, through which the cold is forced out of the system, and at the same time it allays inflammation. Always use Kennedy's Laxative Cough Syrup. Sold by Standard Drug Co. and Asheboro Drug Co.

Many women mistake kidney and bladder troubles for some irregularity peculiar to the sex. Foley's Kidney Remedy corrects irregularities and makes women well. The first bottle gave me great relief, and after taking the second bottle I was entirely well." Asheboro Drug Co.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Restorative is the Local. Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissue, and all blood vessels.
The Night Cure, as its name implies, does the work while you sleep. HIGHEST INDORSEMENT GIVEN MATHUSHEK PIANO

34,000 IN USE

Colleges, schools, individuals and musicians generally have indorsed the old reliable Mathushek Peano. It has fairly won the unstinted praise of the musical world by the sheer force of its individuality. It is different from all other pianos—no posts (in the back), perfected agraffes, full iron frame, patent sounding-board and turning-pin busing make the "Mathushek" decidedly different from all other pianos.

The "Mathushek" Piano

Is Used by The North Carolina State Normal & Industrial College, Greensboro, N. C.

By special permission we refer piano-buyers to the State Normal & Industrial College, Greensboro, N. C., as to the merits of the Mathushek, and as to the satisfaction they give. The hard usage exacted of pianos used in colleges is probably the severest test an instrument can be given. The constant practicing of numerous pupils would soon break down the weak construction and cheap material used in "cheap" pianos. The old reliable Mathushek has stood this test time and time again. Many colleges and schools have adopted the Mathushek because it lasts longer and requires less tuning than others.
