To The Democrats of Randolph County,

I want to thank those Democrats I want to thank those Democrate who did such loval and faithful work in the recent comparing. While the majority is not so large for the party which has always stood for the interests of the peak and the party administration of stool for the interests of the peo-ple yet the honest administration of affairs in this county has been en-dorsed. The people remember the bad rule of the Republican party when in power.
The Democratic commissioners

are elected and that means no bonds are elected and that means no bonds or special levy of taxes to complete the courthouse. "Carpetbagger" and scalawags who furnish ammunition for the Republican campaign hopper published the statement that if the new courthouse was ever finished there would be a bond is sue or levy of special taxes for that purpose, but that is like other cam-paign falsehoods.
