Good Road Betterment Days.

Thursday, Friday and Saturday December 2, 3 and 4th are the three days set apart for everybody to work the public roads for ten full hours each day.

We can't get hard stone roads this year and probably not many miles in several years but we can have hard dirt roads, by filling up the holes opening the old and making new ditches and rounding up the roads and keeping them in this condition by working them often.

Every road overseer should warn his hands to work the roads for three full days on December 23, and 24th.

Overseers are required by law to work the roads six full days of ten hours a day and every road subject is compelled to work these six days or pay \$1.00 to hire labor done on the road.

These three day are fixed just before December term of court so that every overseer may have an opportunity to comply with the law before court, because every overseer must work himself and road hands six full days this year. The year will soon be past.

If the roads have been worked in the section you happen to be on it will not hurt for them to be worked more than six days.

The justices of the peace whose duty is to travel over the roads and see that they are kept in proper repair are expected to look after the working of the roads on these days. It would be a good thing if the justice would lead in getting up the road hands and getting them out to work these three days.

If the two or three thousands road subjects in Randolph would all work the roads on these three Road Betterment days there would be great improvement in the highways in every part of the county.

Let every one who is interested in good roads interests himself in seeing that the law is carried out and that the roads are worked the required number of days.

"I'd Rather Die, Doctor,

than have my feet cut off," said M. L. Bingham, of Princeton, Ill. "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead he used Bucklen's Arnica Salve till wholly cured. Its cures of Eczema, Fever Sores, Boils, Burns and Piles astound the world. 25c. at All Druggists.

James Leonidas Fleming.

Ex-Senator J. L. Fleming, who was instantly killed in an automobile accident near Greenville, was a son of the late Leonidas Fleming, and was 37 years of age. He was born in Pitt county, five miles from Greenville, and in his youth was a student of Greenville Male Academy under Prof. W. H. Ragsdale. Upon completing the academic course he attended Wake Forest College and graduated from that institution. After graduation he taught school one year in Hamilton and also taught a short while in the academy with Prof. Ragsdale. He then took a law course at the University, and upon obtaining his license was admitted to the bar at Greenville. His career as a lawyer was brilliant and he rapidly rose to prominence in his chosen profession. He was twice elected State Senator from Pitt county and served with distinction and honor. It was he who, in the session of 1907, introduced and secured the passage of the bill to establish the East Carolina Teachers' Training School and was most active in the campaign following that secured this school for Greenville.

In 1899 he married Miss Lula White, of Greenville, who, with her three children, survives him. He was a member of the Masonic, Pythian and Odd Fellow fraternities.

Did Not Advertise.

The other day we met up with two Randolph young men who had been to a town in another county to have their measure taken for an order for two nice suits of clothes. We found upon investigation that they had given an order to the so-called tailoring department of a clothing establishment for a suit of clothes from a large clothing house. When we told these two gentlemen they could have given their order here and had their measure taken by experienced and careful clothiers who guarantee absolute fit and entire satisfaction they were surprised. Many thousands leave the county every year because the people do not know they can buy goods at home for less money than elsewhere.

Kills to Stop The Fiend.

The worst foe for 12 years of John Doye, of Gladwin, Mich., was a running ulcer. He paid doctors over \$400.00 without benefit. Then Bucklen's Arnica Salve killed the ulcer and cured him. Cures Fever-Sores, Boils, Felons, Eczema, Salt Rheum, Inflammation of Piles, Burns, Scalds, Cuts, Corns. 25c. at all druggists.

ELECTRIC LIGHTED COACHES INSTALLED.

Southern Railway Running Entirely New Coaches on Nos. 35 and 36 and Will Put Others on Trains Nos. 23 and 24, and Nos. 29 and 30—New Disers Will be put on the New York-New Orleans Limited.

Recently the Southern Railway has been getting up new equipment of rolling stock and one of the things most interesting to local passenger traffic is the use of new and improved day coaches which are being run on trains Nos. 35 and 36. These coaches are lighted with electricity and are modern in every particular. The power is generated by an attachment on the wheels of the cars and storage batteries store up enough of the power to keep the lights burning for ten or twelve hours while the coaches are not in motion.

These coaches have a seating capacity of about 90 passengers, with a smoking department, toilet equipment and electric push buttons. The seats are plush and have high backs, made in such a way as to make them perfectly comfortable. The cars are much stronger than the ordinary day coaches and cost between \$12,000 and \$14,000 each. They are built much more substantial than regular day coaches, and the danger of personal injury in an accident is much less.

It is said that similar service will be put on trains Nos. 43 and 44 and Nos. 29 and 30. The Southern ordered 50 of these cars some time ago and they are being supplied as fast as the manufacturers can furnish them.

Two new dining cars of fine finish and excellent equipment will be installed on trains Nos. 37 and 38 in a few days. This improved service is of much interest to the traveling public.

Makes blood and muscle faster than any other remedy. Gives health, strength and vitality. Hollister's Rocky Mountain Tonic above all other remedies for making sick people well, and well people "wetter." Take it tonight. Asheboro Drug Co.

Miss Rosa Few Weds Mr Michael Schenck.

The Greensboro News contained the following social item in a recent issue:

"A wedding of much interest to their friends in Greensboro was that of Miss Rosa Few and Mr. Michael Schenck, of Hendersonville. The wedding was witnessed by the immediate relatives of the contracting parties; being performed by Dr. Grinnard of the Presbyterian church. The wedding comes as a pleasant surprise to the friends of Mr. Schenck and Miss Few in Greensboro, though on a recent visit to Greensboro Mr. Schenck confided his secret to his immediate family.

"Miss Few is a daughter of Dr. and Mrs. Few of Hendersonville. Mr. Schenck has served as Mayor and is a practicing attorney in Hendersonville. He is a son of Mrs. D. Schenck of this city.

The Way the Tariff Benefits the Poor Man.

The following shows clearly the manner in which the new Republican Tariff favors the luxuries at the expense of the necessities. The working man pays out of the dollar which his shirt costs him 60. 16 cents for duty while the rich can buy diamonds at an advance of only 10 cents on the dollar and so all through the list:

"Figures are hard to manipulate so as to make them lie. In fact it is one of those cases where it "cannot be hid." For instance, the man who imports \$1,000 worth of diamonds pays a tax of but \$100, 10 per cent. If he imported 1,000 shirts, worth \$1 each, he would have to leave at the custom-house and tack onto his selling price \$601.60, 60.16 per cent. If he decided that he would bring in \$1,000 worth of champagne, one of the items upon which there is a large increase, the tax levied by the tariff is \$500. If he brought in \$1,000 worth of blankets he would pay a tariff tax of \$1, 645.42. If he brought in \$1,000 worth of paintings and statuary, all he would have to pay as customs duties would be \$200, but if it were sugar he would pay \$788.70 tax on \$1,000 worth. If he brought in \$1,000 worth of jewelry he would have to pay \$600 tariff tax, but if he brought in \$1,000 worth of woolen dress goods he would pay \$1,050.92 tariff. If he imported a \$5,000 automobile the tariff takers would relieve him of \$1,250. If it were \$5,000 worth of yarns the tariff tax would be \$6,960. If the importation were \$5,000 worth of furs the tariff tax would be \$1,650, but if it were \$5,000 worth of clothing that tax would be \$4,330. If some New York millionaire brings in a \$100,000 ocean yacht the tariff would be \$35,000, but if the importation were stockings the tariff collection would be \$87,950. These are but a few comparisons."

Weak Kidne Backache, Lumbago and Rheumatism immediately relieved by Pineules

Delays are dangerous. There is no more common complaint than Kidney complaint.

Nature always gives due warning and failure to heed same may result in Diabetes, Lumbago, Bright's Disease, or some other serious affection of the Kidneys. A trial will convince you they are unequalled. Pineules are quickly absorbed and readily but naturally eliminate poisons due to disorganized condition of Kidneys and Bladder. They purify the blood and are a tonic to the entire system. Do not suffer from Backache, Lumbago, Rheumatism, or Kidney and Bladder trouble when you can get Pineules.
