# TO HONOR THE CONFEDERATE DEAD OF RANDOLPH GOUNTY.

We have set our hands to the sacred task of erecting in the town of heboro, near our beautiful new court house, a monument to commemore the bravery and valor of the Confederate soldiers of Randolph County

heboro, near our beautiful new court house, a monument to commemorate the bravery and valor of the Confederate soldiers of Randolph County who fell in the war between the States.

Love for our country and loyalty to the men who nobly died for Southern Liberty and independence impel us to this undertaking. It is true indeed that the Confederate soldier needs no costly tomb to glorify his memory since the whole Southland is his sepulcher, and the people for whom he laid down his life have prepared for him, in their own hearts, an imperiabable memorial. But there are deep and sacred sentiments which demand a material expression of our reverence for their memory, and our admiration for their self-forgetting devotion to duty.

A due regard for posterity demands it, lest the lesson of their heroism and the purity of their patriotism be not duly impressed upon the generations that will come after us.

In every county in our State there should stand a memorial in bronze or stone that the beroic deeds of the Southern soldier may never be for gotten. We feel that there should be erected at our county's capitol, under the shadows of our new "Temple of Justice," a shaft of noble proportions, worthy of the spot, worthy of the illustrious deeds of our Confederate soldiers, and worthy of the people of the county.

We would that all men in looking upon it might feel that it was a fit expression of the glory of the dead and of the love and reverence of the people for whom they died. It will speak to generations yet unborn of the simple loyalty and sublime constancy of the soldiers of Randolph county who fought without reward and who died for the cause that was a them the embo liment of liberty and sacred right. And now, citizens Randolph county, in the name of our heroic dead and for the honor of it county, we appeal to you to aid us in our undertaking.

It is fitting that this monument to the honor of the soldiers of Randolph

nen to the standard of the South in that tremendous struggle should be
ager to contribute their part to the sum necessary to erect, here in full
view of the capitol of the county, a shaft worthy to commemorate the
valor and the virtue of those heroic men whose deeds have never been surpassed, and who have shed imperishable renown on their county and the
