There has been some complaint on this score in different parts of town, and the health of the people demands that the matter be not overlooked. For several weeks Solicitor Hammer has been away much of the time. He will be at home most of the time until the middle of next January, there being only four more courts excepting Randolph. To the Laymen of Randolph County The Executive Committee earnestly requests that each church in Randolph county will send representatives, including preachers and laymen, to the Laymen's Convention in Asheboro, September 28-29. This convention is the result of the great National missionary Campaign of 1909-1910, and seeks to bring to our local churches, something of the enthusiasm created by this series of conventions, to help to a more intelligent understanding of the missionary enterprise, and to deepen and extend the Missionary spirit. In addition to the strong addresses represented on the programs, the latest and best methods of work will be submitted and put into practical operation. The leaders of the convention will be men of wide reputation and will give the benefit of their large and varied experience. See to it personally that your churches are represented and send names and addresses of your representatives at once to Col. A. C. McAlister chairman of the entertainment committee. The first session will be held in the Baptist church Thursday afternoon, September 28, at 4 o'clock. A Laymen's supper will be served Thursday evening at which time not less than 100 men are expected to come together and take supper in the same room and enjoy themselves for an hour or more before returning to the church for the evening service. This movement is to consider business methods in work. We want "more religion in business and more business in religion". Good speakers are coming to this convention without any expense to the delegates at large. We not only invite you, but we insist that you come and be with us in this convention. L. F. ROSS Chairman Pub. Com.

Mrs. Alexander Entertains "The Ramblers" The initial meeting of "The Ramblers" Book Club was held with Mrs. Kemp Alexander on Friday, the fifteenth, at the home of Mrs. J. T. Underwood. The course of study this year is China, Russia and Japan. The hostess had taken this into account and the decorations of Japanese lanterns and parasols together with the profusion of roses were reminders of the Thorny Kingdom. After most interesting papers were read by Mrs. L. L. Whitaker and Miss Laura White the game, "Russia", further carried out the course of study. Mrs. Elijah Moffitt and Mrs. T. M. Johnson "tied" for the prize, a hand-made pin case, Mrs. Moffitt being the fortunate one. The consolation prize, "fairly stories", was won by Mrs. John Bulla. Tiny Russian flags were the attractive favors. Chicken salad, sandwiches, and iced tea were served. Besides the club members a number of invited guests partook of Mrs. Alexander's hospitality. Come to the Fair—See Big Exhibits Every farmer who can possibly do so should visit the Randolph County Fair and Home Coming Week, beginning the last day of October and ending the 4th day of November. You should certainly pay a visit to the live stock show. It is worth going many miles to see the great number of fine cattle, both beef and dairy types. The large sheep and cattle display and the great hog show, to say nothing of the hundreds of mules and horses and horse colts, jacks and jennies and their colts. This fine show will be stimulating to stock raisers. The display of farm machinery will be something wonderful. The agricultural display, especially the corn show, is also a great feature of the fair. Last but not least, the poultry show is one of the leading features. There will probably be a thousand chickens of all sorts, sizes and colors. It will be worth going miles to see the many beautiful Rhode Island Reds and other beautiful birds that will be on exhibition. The ribbons won at this show will be a big advertisement for any breeder. Breeders should make exhibits. They will get business from this show of a high class that will be worth going a long way after. Debating Society at Randleman The News tells of the organization by the young men at Randleman of a town debating society. The meetings will be weekly. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it. This prescription comes from a physician who has made a special study of man and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together. I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop dragging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, a splendid, SPT. (SPECIAL) remedy never devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. H. Robinson, and Black Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary sealed envelope free of charge. A great many doctors would charge \$1.00 to \$2.00 for merely giving a prescription like this—but I send entirely free.

Trinity Items The Trinity High School had its formal opening in the college chapel on the morning of the 18th. The committee of the school and in many patrons greeted the large number of pupils and teachers. There was an unusually large enrollment of pupils, and with a strong faculty and faithful committee to direct, we are expecting great things in the future. Mrs. George Wood served frappe in her usual gracious and charming manner just at the entrance of the chapel door. Capt. Parkin was master of ceremonies, and J. J.
