

Hasn't The Weather This Week Shown You  
THAT YOU NEED

# A Cravenetted Raincoat?

*Come and See Ours*

We have coats that turn water and at the same time look good. The Presto collar shown in the illustration is a convertible collar, which is the collar of a dressy overcoat until the weather calls it forth; then it turns up close under the chin, completely protecting the throat from moisture and cold. These coats are the dressiest overcoats ever seen in Randolph.
