### ASHEBORO MAY **GET HIGHWAY**

Pathfinder for National Automo-bile Association in the City Looking for New Route

President J. E. Williamson, of the Randolph Good Roads' Associthe Randolph Good Rosds' Association, was in the city Fuesday night, bringing with him Pathfinder Hemstreet, of the National Automobile Association, who is looking for a route by which the annual tours of ronte by which the annual tours of the association can go or return from New York to Atlanta without retracing their steps all the way. With Messes Williamson and Hemstreet, came P. Watt Richardson, of Reidsville, who has an idea that the automobile folk would do well to dodge Reaneke and Winston-Salem for Reidsville.

for Reidsville.

A meeting of the good roads enthusiests of the town was called to meet Mr. Hemsteet and talk over the prospects. Mr. Tuffs, of Pinchurat, who is making an affort to help build up the 30 miles of bad road between his place and Green boro, most of which lies in Ran dolph county, was not present; but sent a message that he would meet Mr. Hemstreet at Star Wednesday morning and show bitn some good

ad in Moore county. Nothing definite could be done except to inform Mr. Hematreet that Randolph Club Meets With Mrs. Randolph intended to improve her W. D. Stedman. part of the branch of t.e. National Highway Mr. Tufts is working for. Quite a bit of the money needed for the initial cost of building an experimental stretch has been raised, and the prospect of the National Highway's coming through Greens boro, Randleman, Asheboro and Pines. boro, Randleman, Asheboro and Pinchurst added to the firm conviction of many that the trans county ex-perimental road, for the planning of which State Road Engineer Pickard is in the city, will soon started.

Mr. Hemstreet, for his own part, seemed to favor a branch whech would connect Greensboro, Pinewould connect Greensboro, Pin hurst and Columbia with Atlanta

and what is of more interest to Bandolph, with Asheboro.

The Pathfinder was carried to Star to meet Mr. Tufts yesterday morning by Attorney J. A. Spence.

### DECRIES PAINTED WOMEN

Preacher Says Beauty Accompanie by Pride is Source of Misery

Firing an oratorical broadside against the practice of women who adorn their faces with paint. the Rev. George Murray Klopler, pastor of the Methodist Episcopal church at Carlisle, Pa., recently declared before a fashionable audience that a girl who is proud of a pretty face is almost sure to be susceptible to those disgusting vanities which wholly disqualify her for anything really noble in life.

"Personal beauty is a gift not to be despised," he said. "But when it is found in connection with pride and vanity, ignorance Firing an oratorical broadside

### **GRASS GROWING** IN RANDOLPH

The demonstration work in Ran-dolph has resulted in dong much to aid the farmers in growing more

ed deep and throughly prepared by the use of the harrow and roller or the plant drag. An ideal condi-tion would be if, after the seed bed had been prepared, a rain should fall upon same, making the seed bed firm. Then barrow again, making a dust mulch of some inch or more.

and to a being made for seeding. For only a first the question of industriation of the seed and the soil cannot be too atrongly employed. Cuttares for the lover seed will cause the deprenant and they are urged to the seed the demonstrators from the deprenant and they are urged to the partners, and they are urged to the man and the deprenant and the seed to soil the seed that the partners are the diagram of the seed to soil the seed to soil into the soil under the partners are the diagram of the seed bed.
