Baptists Ask for Longer Schools.

The eighty-second annual session of the North Carolina Baptist convention representing 250,000 members of 2,200 churches, finished its work Friday afternoon at Goldsboro and adjourned to meet in Shelby in 1913.

The convention as a part of its work petitioned the Legislature to increase the public school appropriation and urged that all public schools be opened at least six months. Then the convention placed itself on record as opposed to continue to allow the International Sunday School Committee to select the Sunday school lessons of the Southern Baptist Sunday schools.

A High Compliment.

The following is clipped from the Christian Advocate:

Three is universal regret that Rev. T. J. Ogburn, who for several years has been pastor of Grace Methodist Protestant church, this city, is to leave the city. He was assigned to Asheboro at the recent conference and will take up his work at once at that place. Brother Ogburn has ranked among the strongest preachers in the city, many giving him first place as a man of pulpit ability. He has also manifested a very broad and fraternal spirit and his friends are as numerous as his acquaintances in all the churches. Such a man is a great blessing to any community.

North Carolina Agriculture.

State Commissioner of Agriculture Graham estimates the cotton crop at about the same as the 1910 crop, and the corn crop 20 per cent less; wheat about the same, but not as good quality; oats and potatoes fine and hay much above the average.

He notes with gratitude that imported farm supplies fell off from \$60,000,000 in 1909 to less than \$4,000,000 in 1911. The tobacco crop is good, and the prices the best in several years; there was a gain of 33,392 in number of hogs; cattle fell off 2,000 and sheep 9,000, according to tax returns.

The commissioner recommends the employment of an additional veterinarian.

Over 600 farmers' institutes were held, every county except Dare having been favored. There are now more than 20 district and county fairs in the State, and Commissioner Graham highly recommends the results obtained.

Blouse Gets Warm; Kitchin Gives His Opinion.

Fully half of the fifty women attending the Governors' conference in Richmond left the room when Governor Blease, of South Carolina, the second time defending his policy of lynching negroes guilty of criminal assault, shouted, "To Hell with the Constitution."

The statement was made in reply to Governor Carey, of Wyoming, who asked whether South Carolina's constitution protected negroes as well as whites. Governor Blease said that when the Constitution prevented him from defending the virtue of the white women of his State he would resign.

Governor Glichrst of Florida took exception to the speech of Governor Blease, saying that consideration for other people is the first thing that marks a "manly man or womanly woman."

Governor Kitchin of North Carolina said he believed there should be conviction in practically every case of lynching.

That he would call out every militiaman in his State, if necessary, to insure the arrested man a fair trial, was the statement of Governor Mann of Virginia.

The Inauguration.

People from all over the United States will go to Washington to the inauguration of Woodrow Wilson. Hundreds of our friends and neighbors will go and we will all want to go.

For the next two and a half months every farmer and school teacher and others will have some spare time and The Courier has a plan on foot by which a whole car load can be taken to the inauguration without it costing them a penny.

The North Carolina Teachers' Association.

The North Carolina Teachers' Association have at last got a move on them and have had the courage to say that we ought to have a six-months public school term in every district in the State.

Confederate Bazaar a Success.

The bazaar of last week was a great success. A great many things were on sale and the auction sale before the close on Friday night proved the clearance. Letters had been sent to the wholesale houses from which the Asheboro merchants purchase goods, soliciting donations of any kind; the consequence was that almost everything usable was found in the "country store" which is found in a modern department store—articles ranging from shoes, hats, wraps, dress shirts, pants to the 57 varieties of Helms' goods and Van Camp's hominy, oranges, apples, etc. The candy booth was one of the resorts for children who had choice from Huyler's and Liggett's to that made by Asheboro candy makers. Those of a literary turn of mind found refuge around the magazine and picture booth, where subscriptions were taken for various magazines. Besides getting a commission on magazines a \$5 prize was secured by getting twenty subscriptions to McCall's Magazine. The fancy work booth perhaps was in appearance most attractive to all as in it were found most beautiful handwork and dolls to fit the taste of some and pocketbooks of all. The refreshment department was liberally patronized and the members of that committee found he way to the purses of the people by feeding the inner man and passing them to the others who had various articles for sale.

The amusement features such as feeding the elephant for 5 cts. and drawing by chance was a fascinating pastime and great interest was taken in the bachelors who drew ladies' hosiery and in the children, who were delighted with the toys given them.

Guessing the weight of a cake was another interesting feature. Mr. Ed. Mendenhall, editor of The Bulletin, guessed correctly and won the cake. The voting contest conducted by Mrs. Henry Robins was a successful part of the bazaar. On the payment of 5 cents one was entitled to voting for their preference. The contest resulted in the following:

The prettiest girl in Asheboro—Miss Frances Walker.

The handsomest man in Asheboro—Mr. Jno. T. Moffitt, Jr.

The most hnepecked husband in Asheboro—Mr. Wm. C. Hammer.

Financially the bazaar collapsed an former undertaking in that about \$150 was made above expenses. It afforded much pleasure for the townspeople who had opportunity to visit one with another.

Mr. Bradshaw Speaks to the Elks.

Mr. G. S. Bradshaw, of Greensboro, and formerly a highly-respected citizen of Asheboro, made them emorial address last Sunday for the Wilmington lodge of Elks. The Wilmington Morning Star made the following report of his speech:

"Mr. Bradshaw expressed the strong bond which welds the Elks in life and the tender memories which hold them together when death, for a little while, breaks the chain of love and friendship. The altruistic spirit which prompted the founding of the order, the speaker said, was reflected in the everyday life and work of the Elks. The former spirit of 'live and let live' to a greater extent has been overcome by the hurrying, modern life through which we are now passing. The Elks with a spirit of live and help live' are doing much to make the world a better place in which to exist. Friendship, purity and peace represented by the red, white and blue of the American flag are typical aims and ideals of the order. The Elks do not parade before the world their works, preferring rather to hold their deeds unshrined in their own hearts and consciences. However, the speaker touched at this point upon the fact that the Elks spend every year hundreds of thousands of dollars to aid charitable works of all forms. In this manner they help to carry out the altruistic principles which always guide and direct them. The speaker closed with a beautiful paration, which reflected his power and force as a brilliant and talented orator."
