

**Some Good Receipts for Winter Cooking.**

**Oyster Stuffing for Turkey.**—Mince stuffing for turkey of a large cupful of crumbs, seasoning with parsley, sweet marjoram and thyme, and moisten with melted butter. Chop twenty small oysters fine and mix with the dressing. If you prefer you may leave the oysters whole. With this stuffing fill the breast of turkey.

**Fried Oysters to Garnish Turkey.**—For this you must select fine large oysters, take them from the liquor carefully and dry on a soft cloth. Dip each oyster in powdered crackers, rolling it over and over until well coated. Fry them in enough hot butter to cover them when you put them in the frying pan. Take out the moment they are done and lay around the edge of the hot dish in which the turkey is established.

**Cranberry Sauce.**—Put one quart of cranberries over the fire with half a pint of cold water and let them cook until broken to pieces. Add a pound of sugar and cook until this melts—no longer, as lengthy cooking tends to make the sauce bitter. Take from the fire and set aside to cool.

**Corn Pudding.**—Chop two cups of canned corn and beat into it two eggs, whipped light, half a pint of milk in which has been dissolved a pinch of baking soda, a tablespoonful of melted butter, a tablespoonful of sugar, and salt to taste. Turn into a greased pudding dish and bake, covered, fifteen minutes; then uncover and bake ten minutes longer. Serve as a vegetable.

**Filling for Pumpkin Pie.**—Press through a colander a quart of stewed pumpkin and add to it two quarts of milk. Have this rich, and if you can make it part cream it will improve the pie. Stir in a cupful and a half of granulated sugar, a teaspoonful each of cinnamon, nutmeg and mace, the yolks of nine eggs, well beaten, and finally the whites of the eggs whipped to a standing froth. Beat all well and turn into pie dishes lined with good paste.

**Pastry for Pumpkin Pie.**—Have your pastry board, mixing bowl, chopping knife and other utensils very cold, as well as the ingredients. Chop three-quarters of a pound of butter into a pound of flour; when well mingled—the butter in bits no larger than a pea—stir into the mixture a small cupful of ice water. Mix together lightly with your chopping knife, and just as soon as blended, turn out on your floured pastry board. Roll out lightly, fold in three, roll out again, fold in three and roll out once more. Handle the pastry as little as possible. After the third rolling put the pastry on ice. If you can, it is better to make it the day before it is to be used and leave it in the cold until needed. When you roll it out for the pie, cut it into rounds with a very sharp knife, and when you spread it on the pie plate do not pinch the edges or press them. Press the pastry down around the sides and the bottom of the pie plate, but leave the edge uncut.

**Thanksgiving Cake.**—Cream three cupfuls of powdered sugar with one cupful of butter; add one cupful of milk. Sift two teaspoonfuls of baking powder with four cupfuls of flour and beat stiff the whites of ten eggs. Add the flour and the whites of the eggs alternately to the other ingredients. Flavor to taste with rose water. Have ready two cupfuls of citron shredded fine and well dredged in flour, and stir this in last. Bake in a loaf or in small cakes.

**Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rubbing sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**After any Sickness**

nothing so rapidly restores health and vigor as **SCOTT'S EMULSION**. It is the essence of natural body-nourishment, so medically perfect that nature immediately appropriates and distributes it to every organ, every tissue—feeding, nourishing and restoring them to normal activity.

**SCOTT'S EMULSION** is not a patent medicine, but is nature's body-nourishment with curative, upbuilding properties and without a drop of drug or alcohol. It contains superior cod liver oil, the hypophosphites of lime and soda with glycerine, and is so delicately emulsified that it enters the system without digestive effort—builds, tones and sustains.

After croup, whooping cough, measles and other child ailments it is nature's ally in restoring health.

After grippe or pneumonia it imparts strength and health, and for colds, coughs, sore, tight chest and throat troubles **SCOTT'S EMULSION** gives the greatest relief known.

**Stop Petty Grafting.**

A determined effort will be made to stop so much grafting in unnecessary clerkships in the Legislature. Mr. Clarence Poe recently wrote a letter to the News and Observer concerning this species of graft, and the letter has attracted wide attention. It is as follows:

"Can't we begin now and get something done to stop the disgraceful grafting in unnecessary clerkships in the Legislature? It isn't so much that the people's money is wasted in a lot of miserable little jobs that ought to be done for one-fourth the actual cost. This is worth considering, of course, when we think of the poor, hardworking men out of whom the bulk of the taxes are wrung, and the fact that the average school term in North Carolina is still about the lowest in the American Union.

"But the worst feature of it all is the shameful lowering of our standards of political morality. Every year we bring a lot of new men here to serve the State as law-makers of the common people, a trust themselves as trustees of this tax as sacred as that of guardian for others—men who ought to think of ward. Many of these are young men who come with high ideals, men who believe it is just as wrong to rob the State as it is to rob an individual. And yet we taint all these men with an atmosphere polluted by the grafting in clerkships, this waste of the public enemy, until the legislators themselves and the men whose business brings them into touch with the law-makers suffer an insidious lowering of their standards.

"There is so little and has been so little of outright grafting in North Carolina, it seems a pity that we cannot free ourselves from this petty fraud and see to it that our law-makers forever after live and move and have their being in an atmosphere thoroughly free from such suggestion and infection."

We wish to call your attention to the fact that most infectious diseases such as whooping cough, diphtheria and scarlet fever are contracted when the child has a cold. Chamberlain's Cough Remedy will quickly cure a cold and greatly lessen the danger of contracting these diseases. This remedy is famous for its cures of colds. It contains no opium or other narcotic and may be given to a child with implicit confidence. Sold by all dealers.

**Move On Now.**

says a policeman to a street crowd, and whacks heads if it don't. "Move on now, says the big, harsh minor pills to bowel congestion and suffering follows. Dr. King's New Life Pills don't buldome the bowels. They gently persuade them to right action, and health follows. 25c. at Asheville Drug Co.

Twenty-one negroes were brought before the Recorder's court charged with vagrancy in High Point last Thursday. One was given a 30-day term, three were fined, four were sent to the workhouse and the others were allowed to go upon payment of costs.

**Tax Wealth, Not Poverty.**

Of the fourteen States that have not ratified the Income-Tax amendment the votes of two will make up the thirty-six needed to incorporate it in the Constitution of the United States. Circumstances favor its final adoption before the special session of Congress to be called next spring.

In discussing the approaching revision of the tariff, Representative Underwood assumes the previous ratification of the Income-Tax amendment and plans to use the power thus gained in framing a new and fairer revenue system. But so important a matter should not be left to chance.

The amendment has nothing of a partisan political character. It was submitted to the States by a resolution passed by a Republican Congress. It has been endorsed in successive Democratic national platforms. The States that have ratified it have expressed themselves in about equal proportions through Democratic and Republican Legislatures. Of those that remain undecided or have voted in the negative the Legislature in some will be Democratic, in some Republican. These States are in the South and in New England, in the Middle West and the Rocky Mountains.

There should be an organized movement to secure the adoption of the income-tax amendment as promptly as possible. If the Republicans, from political motives, at this late day choose to pursue the course of inaction or hostility, then let the Democrats take up the work. There are half a dozen States with Democratic Legislatures about to convene where a favorable vote may be expected this winter if the matter is pressed.

In readjusting the burdens of taxation the coming Democratic Congress will be under a plain mandate from the country to do justice to the consumer. An income tax lightening the heavy burden on consumption is a pledge of the party platform which democracy must redeem.

**Escapes An Awful Fate.**

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid-pneumonia had left me with a dreadful cough," she writes. "Some times I had such awful coughing spells I thought I would die. I could get no help from doctors' treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, it's the most reliable of all throat and lung medicines. Every bottle guaranteed. 50c. and \$1.00. Trial bottle free at Asheville Drug Co.

**Cole Blease.**

Lincoln used to tell about the Southwestern orator who "mounted the platform, threw back his head, shined his eyes, opened his mouth and left the consequences to God."

No more accurate description of Cole Blease, Governor of South Carolina could be written. But how long are the people of that unfortunate State to tolerate the Blease type of public official? Has not South Carolina's humiliation at Richmond been a sufficient lesson?—New York World.

**Judge H. G. Connor Gives Way to Emotions at Trial.**

There was a distinct sensation in the Federal Court at Raleigh last Wednesday morning when, in the midst of the trial of a decrepit prisoner charged with selling whiskey at Wake Forest, Judge H. G. Connor completely gave way to poignant emotions and declared in broken sentences that he wished so much that everybody had that grace of God in their hearts that would make them orderly and law-abiding citizens. The trial, he said to which he as a judge was put in dealing with the great number of liquor selling and blockading cases seemed to him at times unbearable and he felt like quitting the bench.

Already at this term of the court he has, he said, practically made more than 40 orphans and numbers of widows by having to send husbands and fathers to prison for these offenses, applying, at the same time the most humane sentences. The case under trial was that of Lonnie Whitley, who was drawn with rheumatism and has a large family.

**HER FRIEND'S GOOD ADVICE**

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cochrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

**Platform and Resolutions of the Democrats of Randolph County Convention Sept. 7, 1912.**

We, the Democrats of Randolph county in convention assembled, believe in the rule of the people, and declare the following for the guidance of the nominees of this convention:

We heartily endorse the National and State Democratic platforms.

We invite those who believe in the principles enunciated in our platform to unite with us in electing our national leader and great chief, Woodrow Wilson, and our beloved and distinguished orator and statesman the captain of our forces in the State, the Hon. Locke Craig, who is at the head of the ticket on which the distinguished citizen and brave Confederate soldier, Col. W. P. Wood, of our own county, is also a nominee of the Democratic party for a high office.

We favor rigid economy in every department of our government and especially so in the administration of county matters.

We congratulate the people of the State and county on the honest and economical administration of public affairs and especially are we gratified at the record of the Democratic party in Randolph county. We pledge a continuance of the honest upright and economical administration of the affairs of the county if our party nominees are re-elected, and if we are again entrusted with the duties of public office.

We endorse the Torrens land title system and declare that it is the sense of this convention that the General Assembly enact a law so that those who desire to avail themselves of its advantages may do so.

That State and county convicts should be put to work on the roads.

We favor a legalized primary for the election of public officials.

We favor salary for the register, the sheriff, treasurer and clerk of the Superior Court, or a substantial reduction of fees, if after a careful and accurate investigation it is found that there would not be a sufficient saving to the county to justify a change to the salary basis. If event it is not found, after a thorough and accurate investigation that the salary system is a substantial saving to the county, we favor the reduction of the commissions of the county treasurer to one per cent on all school funds and to two per cent on all other funds coming into his hands, on which the law allows commission. And that fees of the register of deeds paid by the county be reduced substantially and the same be done as to the clerk of the Superior Court.

To the end that the actual income of the county officers may be ascertained we request that the register of deeds and clerk of the Superior Court make out a sworn and itemized report of fees and perquisites of their respective offices for the three months ending Dec. 31, 1912, and for the three months ending Feb. 28, 1913, the same to be approved by the county attorney in due form and filed with the board of county commissioners within three days after the expiration of the two aforesaid periods.

That the sheriff of the county be requested to keep a list and report likewise as to all fees and perquisites of his office except commissions he receives, which are ascertained and determined by the settlement of the sheriff and are known as a matter of record.

The board of commissioners are to investigate the income of all other fees for the last two years, etc., of each official by Jan. 10, 1913.

We heartily endorse the forward movement and educational progress in the county and favor an economical administration of the public matters, cutting down administration expenses where possible.

We favor a change in the present system of assessment and listing of property.

We are in favor of a system of good roads extending throughout the county and throughout the State, and to the end we favor State and National aid to the building of good roads.

We pledge ourselves to the enactment of laws favoring the reforms demanded in these resolutions.
