NUMBER 1

A TRIP TO CAMP SEVIER

more than thir The camp comprises more than thirty thousand acres of land and Paris, the railway station, is about the center. A number of stores, places of amusement, Y. M. G. A. and other buildings have spring up since the cantonment was located here. From Paris as far as the eye can see there are tents. It is only about a fourth of a mile to the 120th division of which Company. K is a part. Here is of a mile to the 120th division of which Company K is a part. Here is where most of my time was spent and I longed for every boy's mother. Co. K street was as clean as a pin and every officer and private takes especial pride in keeping it so. Captain Dixon's and Liuetenant Luck's tents are in line with quarters of all the

Dixon's and Liuetenant Luck's tents are in line with quarters of all the Captains and one lieutenants. A little further in front is the tent of Lieutenants Walker, Mason and Lovett. At the entrance of K street is the meas hall which is one of the most important places of any company. It is built of rough tumber and is 100 feet long. At one end is the kitchen over which Mass Segments Ivin Burrow and

It was interesting to interest the kitchen force took in the preparation of food for the boys and just here may I say that the boys are having more food than the majority of us at home. ined with them two day day there was a variety of feod and was in the greatest abundance.

Every man there who spoke of food says "we have plenty of good food."
There are two long tables covered
with oil cloth and benches on either side so the boys can be seated while

There are six to eight boys in each tent, each one having his own cot. There are heaters in each tent and floors so they say they are comfortable. They have heavy army blankets for cover. To make the family more home like there is a mother bull dog with several puppies—and they do not lack for attention. Different ones of the company have dogs presumably for company, I was not impressed with the beauty of any of them. On one side of Co. K is Co. I from Burlington and on the other Co. L from Thomasville. Capt. Freeman of Co. I has a log borne and it is a most unique

The boys are always interested in seeing folks from home and in hearing the news. They are busy and have little time for little writing as they drill eight hours a day and have other work in addition. Several of them expect to study French this spring. Lieutenant Mason who has been assigned to the Company is an author of note and has spent some time in France. He speaks the French language as fluently as he does English and will be of mestimable value to the

THE RAILROADS

of the nation's failroads for the proclaimed by President Wilson mesday night of last week, became tive at noon Friday. December William G. McAdoo, retaining his in the cabinet as Secretary of the sury, is placed in charge as directioned of railroads.

Director general McAdoo has notified all officers, agents and employee of transportation systems that they may continue in the performance of their regular duties, reporting to the same officers as heretofore and on the same officers as heretofore and on the same terms of employment. Any who desire to leave the service must give reasonable notice to the proper officer. All transportation systems will be operated as one national system, the national needs being paramount in all transports.

Charges to their local stations, the State fertilizer tax fee all of which is not expected to amount to very much.

I know that if the people of the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this soda for the county want it that I can at least secure one car losd of this county want it that I can at least secure one car losd of this county want it that I can at least secure one car losd of this county want it that I can at least secure one car losd of this county want it that I can at least secure one car losd of this county want it that I can at least secure one car losd of this county want it that I can at least secure one car losd of this county want it that I can at least secure one car

sia will be taken over as a part of the government's plans for quick improvement in American railroad equipment; and 100 locomotives ready for shipment to France will be taken temporarily.

The railroads have definitely re fused the demands of their organized employes for a 40 per cent increase in pay and have turned the responsibility entirely over to the government.

## U. S. As Life Insurance Company

It was only a few weeks ago that the Government of the United States took up the business of life insurance. Already the nation has become the greatest life insurance company in the world. In November the life risks passed the billion-dollar mark. To that time there were 120,000 policies in force, and hundreds more were on the way from France, not included in the asylle. Capt. Freeman of Co. I has a log house and it is a most unique affair. Capt. Newby of Co. L is a former Randolph man. The companies are easily located as they come in alphabetical order. For any one who intends to visit Co. K they should ask direction to 120th division and then Co. K.

The boys are always interested in

PRISONER BURNS TO DEATH IN A CELL

Walter Hine Believed to Have Tossed Lighted Stubb of Cigarette to Floer

Careless dropping of a cigarette on the floor of a cell is believed to have caused the death early Monday night of Walter Hine, a prisoner in Granite Falls jail. Hine, who was arrested for drunk-enness earlier in the day, was con-fined in a cell. He is believed to have

tossed the lighted stub of a cigarette to the floor, igniting the bed clothes. Hine's cries attracted a crowd to the jail, but he was so badly burned when removed that he lived only a short time.

The jail is not badly damaged.

A Beautiful Marriage at Ramseur On Dec. 27th in the home of the bride there scurred one of the pret-tiest marriages ever witnessed in Ramseur. It was the marriage of Miss Mabel Spoon to Mr. Lacy W.

Miss Mabel Spoon to Mr. Lacy W. Black, two of our most popular young people. Misses Madge Moffitt and Maude Lee Spoon sweetly sang "I love you truly," after which Miss Moffitt rendered Lohengrin's wedding march very skillfully. The handsome couple then took their places before Rev. T. E. White who in his most impressive E. White who in his most impressive and happy manner united them in holy wedlock. Immediately after the cer-emony the happy couple took the 11:16 train, amid a shower of rice and good wishes for Washington, D. C., where they will spend their honeymoon. The bride was most becomingly attired in a blue traveling suit with gray trimmings, and hat and gloves to match and was the personification of beauty and love lines. The bride is the second daughter of Mr. and Mrs. M. C. Spoon and is loved by all who know her, while the groom holds a respon-
