CONTINUE TO HIT LINES

GERMANS OFFER STOUT RESISTANCE AT POINTS BUT IT GAINS NOTHING—19,000 PRISONERS FIRST WEEK IN SEPTEMBER TAKEN BY BRITISH

The Germans are trying to make a standstill and gather all their forces to the Hindenburg line. The advance of the Allies is at a standstill, with exception of slight advance by the Americans.

Monday the British patrols occupied the towns—Ver Maud, 5 1/2 miles northwest of St. Quentin and Vendelles, two miles north of Verdun. They are on the western and northern edges of Epesby, within 2 1/2 miles of the Hindenburg line.

Nar Laffaux and north of Celles-sur-Aisne, the Germans have delivered strong counter-attacks but the French everywhere have maintained their ground. During the first week of September, Field Marshal Haig's forces have taken more than 19,000 prisoners and large numbers of machine guns and quantities of stores. In the old Noyon salient the French have captured the important junction towns of Ham and Chaunay, with their railroads and high roads leading into St. Quentin and La Ferre. Across the canal Deo Nord they have penetrated at various points to a depth of exceeding six miles. The French troops on the north bank of the Aisne have re-occupied all their old trenches.

In the region extending from the old Noyon sector to Soissons the French have reclaimed 30 villages from the Germans, although resistance from the enemy rear guards has increased the Allies still gain.

It is reported that the Bavarians have quit. One regiment threw down their arms and retired, declaring they would no longer fight for Prussia. There are three German lines of defense behind the Hindenburg line, the first closely paralleling it and the others providing for retreat along wide fronts.

There has been no material change in the Czecho-Slovak line. Reports state that the morale of troops in the German army is now becoming lower.

There are a great many deserters in the German army. There are many reports of great shortage of ammunition among the German artillery batteries.

Four hundred and sixty-five enemy machines have been destroyed and two hundred disabled since the commencement of the offensive on August 8, according to an official statement.

DR. PEACOCK QUITS REPUBLICANS

Well-Known Thomasville Physician, Will Affiliate With Democrats—A Manly Letter.

The Lexington Dispatch publishes a letter from Dr. James Walter Peacock, of Thomasville, one of the leading physicians of the state, and a man possessing brilliancy of intellect not only, but also an intimate and comprehensive knowledge of the practical affairs of mankind. The Dispatch says we are always glad to welcome into the fold of Democracy men of his type, who in addition to being a real thinker has the courage of conviction that makes him a real man.

Dr. Peacock is a graduate of the University. Before he was graduated from the University, he had illustrated "Whitehead's Anatomy of the Brain," a text book that has been translated into many foreign languages and used in the greater universities of the world.

He was graduated with honors from the Tulane University of Louisiana. As a result of the high stand taken by him in a class of 114 at that seat of learning and scientific knowledge, he was given a commission as surgeon in the British Army during the Boer War, with two assistants serving under him. However, out of deference to parental wishes, he resigned this position, although it was deemed a very high honor among American surgeons.

In 1914, Dr. Peacock was elected President of the Surgeon's Club at Rochester, Minn., which was composed of surgeons from all the world.

Dr. Peacock has done some research work that has led to the establishment of a new industry for this country, which is now furnishing the United States government certain chemicals and metals never before produced in this country.

And by no means least, he is chairman of the Board of Road Commissioners of Davidson county, to whom the road experts of the whole country must take off their hats. They have constructed more miles of good roads for less money, and in a shorter time than has ever been done before in any county in the United States and there has never been a suspicion of graft or extravagance of any kind.

Dr. Peacock was twice elected corner of Davidson county, and his popularity is thoroughly attested by the fact that he led his ticket, though at that time affiliating with the Republican party. His letter is just like he is, frank, modest, free from malice, charitable and courteous.

Thomasville, N. C. Sept. 2, 1918. The Editor of The Dispatch, Lexington, N. C.

Dear Sir:—

As I desire to inform my many friends in Davidson county of the reasons for the step I have determined to make, I beg of you to allow me space in your columns for this letter. Since I was made Chairman of the Board of Road Commissioners, four years ago, I have put forth the very best that was in me to secure for the county the greatest number of miles of roads with the money possible; also the best system of maintenance that our funds would justify. In this work, I had the undivided support and wise council of every member of the board, for which I will always be grateful.

Nevertheless, during this period I have been forced to realize the existence of some very unpleasant facts, as viewed from the standpoint of a republican. This is in regard to the treatment I have received at the hands of those who are in control of the Democratic and Republican parties. I have been forced in every instance to go to the Democrats for help and support on every measure that needed it, and they never failed me in the least. On the other hand, I have never received one word of encouragement or support from the Republicans, except two reluctant promises from the Board of County Commissioners which were repudiated through some "technicality," and every republican who was in sympathy with the road work and desired to help me was powerless to do so because he was not of those who were in control of the party and never can be.

More than this, I have been treated as tho' I were an alien enemy or a spy in the republican camp. This has reached the point beyond further endurance, therefore, I have determined to sever my relations with the republican party and join myself with those who were friends in need and therefore friends indeed—men who stand FOR something and who DO something for the good of old Davidson.

Yours truly,
J. W. PEACOCK.

GRAND JURY REPORT, SEPTEMBER TERM, 1918

To His Honor, B. F. Long, Judge Presiding:

We, the grand jury for the term, beg to submit the following report: We have completed the business before our body and have returned all bills submitted to us for action, and have made presentments of all matters which are within our knowledge.

We have examined the institutions of the county, and the offices of the county officials, either in a body or by a committee. We find the county offices in good shape and the court house in general in good condition, except the toilet, which we recommend to be made more sanitary. We also find two barrels of molasses in the court house and recommend it to be used to the advantage of the county.

We visited the jail in a body and find it in good condition.

We visited the county home by committee and found 20 inmates, 7 white males and 7 white females, 3 colored males and 3 colored females. Two of the white males we find confined to their beds and 1 white woman is confined to her bed; also we find 1 colored man confined to his bed. We find that 16 of these inmates are feeble-minded, and the other four appear to be normal. We also found 2 mules in fairly good condition; 3 milch cows, 150 chickens, 11 hogs, 30 bushels of wheat, 7 bushels of rye, 20 bushels of Irish potatoes, 12 acres of corn, 1/4 acre of pumpkins and 200 fine pumpkins; and 5 1/2 acres of peas. Everything is in good condition except the buildings, and they are in bad shape. The inmates will suffer if not repaired before winter.

We extend our thanks to your Honor and the officers of the court for the courteous considerations we have received.

Respectfully submitted,
C. L. CRANFORD, Foreman.
We also attach as a part of our report Exhibits A, B, C, D, and E.

If Cephas Bowman and the Bulletin are making an investigation and calling out boys names that are sawmilling and have not gone to the war, can he find any of his party on our side of the county of the same circumstances that have not gone. If not, why not? He should give both sides or none to show that it is patriotism.

Being Cephas Bowman is asking for a county office at the coming election, it would be doing him self, as well as the people, a favor if he would tell us about what he said about Judge Bynum's patriotic speech at Asheboro. If he did not say that which Mr. Bush suggested he said, he should deny it.

The Man Who Fails to Register.

The man who stands back now is lost; lost to the ranks of citizenship; lost to the mother who bore him; lost to the father who gave him a name; lost to the flag that protects him; lost to the Nation that calls him; lost to the world that needs him. His day of birth is henceforth a day of dishonor. He can never name it without a lie. His time has come, and he has denied it! He is a man without a country, an outcast!

HERE AND THERE

WHAT OUR FIELD CORRESPONDENT HEARS AND THINKS—ITEMS OF INTEREST PICKED UP OVER THE COUNTY

This is the first time in the history of Randolph county that the Republicans failed to put out a full county ticket.

Wonder if a certain Republican lawyer who is on the Republican ticket this year will go on the road selling tobacco after the November election.

It is said if you want to "drag" the Republican leaders in this county, just ask them if they have done what they promised to do during the last campaign.

A bold attempt is being made by the Republican leaders to lead the minds of the voters from the Republican county platform of 1916. It won't succeed, however. The Republican leaders read the platform to almost every voter in Randolph county during the last campaign and the chief issue in this campaign is the record of the Republican party during its stewardship and the party cannot get away from it.

Why is The Bulletin so "skeered" about Mr. George W. Spencer's affidavit? It is because it is expressed in the plainest words in the English language; no equivocation—every word, phrase and sentence so clear a wayfarer man though a fool need not err therein. It is a known fact that Mr. Phillips did not have a dog and a Republican mistake has been made and The Bulletin ought to apologize to its readers for the kind of dope it has been handing them about Mr. C. F. Phillips of Tabernacle township.

The tale is appalling that the mailing list of The Courier tells of those who have gone away. From every nook and corner of the county our people have gone to the ends of the earth. Wouldn't it be enlightening to have a list of all the natives of good old Randolph who hold official and other positions of trust?

Well, what do you think? The county commissioners had to borrow the money to pay the court expenses last week. Too bad, too bad—the first time such a thing has been done in the history of the county so far as we can ascertain.

Mr. C. W. Slack, of Randleman, has received a letter from his son who is in France. Edison informs his father that he likes the country fine.

Mr. Frank Auman, of Seagrave, was a business visitor in town a few days ago, and while in the city called at The Courier office and left a nice order for job printing. Come again, Mr. Auman, we are always glad to have our friends call when they are in town.

Mr. J. F. Routh, of Randleman Route 2, one of Randolph's best farmers and citizens, has our thanks for a renewal of his subscription to The Courier.

Mr. Henry Luther's new home in the eastern part of town is fast taking form. Already there is a vast improvement in the appearance of that quarter of town.

Guilford county is to be congratulated on having officials that do things. The other day, they nabbed a Randolph deserter as well as caught two of their own the same day.

The matter of breaking up blockade liquor is in the hands of the people as well as the officers. They must demand action on the part of officers and must help them.

The Asheboro physicians have \$150 for day trips and \$2.00 for night trips. You save fifty cents by getting sick in the day time.

Mrs. C. C. Miller is visiting her daughter at Canton this week.

Mr. Allen Hanner, of Randleman, spent a short while in Asheboro last Saturday evening.

Mr. J. B. Robbins, of Asheboro, spent last Saturday in Greensboro.

Mr. J. L. Harden, a prominent citizen of Liberty, was in Asheboro one day last week.

Mr. E. L. Bruton, of Thomasville, has taken charge of a barber shop at Troy.

We clip the following item from the Charlotte Observer:

"Hon. R. T. Poole, of Troy, will represent Montgomery county in the next general assembly. The nomination came to Mr. Poole as a great surprise to himself and friends, as he has built up a great law practice and it will be no little sacrifice to him to serve in this capacity. Mr. Poole represented the county in 1905. Mr. Poole's friends have begun to boost him for the speakership of the house. They believe he is fully qualified in every way. He is a graduate of Trinity College, also took a law course at the University and practiced law for twenty years in his native county.

Mr. A. M. Frazier, a prominent farmer and citizen of Randleman R. F. D. 1, was a pleasant caller on The Courier one day last week, and renewed his subscription for another year. Mr. Frazier is not a kicker nor a knocker. He is well satisfied with the present prices of farm production.

Mr. R. L. Elkins, the popular depot agent at Liberty, is a fine appearing man in every respect. You will make no mistake in voting for him for Register of Deeds. Bob formerly resided at Franklinville and he stands high among the people on Deep River who know and esteem him as an upright citizen. He is one of the brightest young men in Randolph county and will be elected by a good, round majority in the November and will make one of the best Registers of Deeds the county ever had. Everybody who lived at Asheboro, N. C., was here

Asheboro Graded School Opens With Large Enrollment

The Asheboro graded school opened Monday with an enrollment of 530. Rev. Ira Erwin, pastor of the M. E. church opened the school with the devotional. Several of the citizens of the town were present at the opening of the school and made short talks. The school is one of the best high schools in the state. The school board has met with a committee from the University and State Normal College and mapped out the work in order that the pupils of the town may have no trouble in making their entrance requirements. There has been considerable discussion concerning the study of German in the school. Arrangements have been made for French to be in the course rather than German last year; but those who studied German last year will have credit for it with the year of French this year. The young people of the town should take every advantage of the opportunities offered. The school costs around \$10,000 last year and will amount to more this year. The following are the teachers of the various grades:

First grade—Misses Brooks, Greensboro; Davis Parker.

Second grade—Miss Lula Pritchard, Asheboro.

Third grade—Miss Euna Wallace, Star.

Fourth grade—Misses Lela Hayworth, and Lizzie Phillips, Asheboro.

Fifth grade—Miss Jessie Wood.

Sixth grade—Miss Elbie Miller.

Seventh grade—Miss Ferguson, Parkton.

Eighth grade—Mrs. I. C. Moser.

Ninth grade—Miss Pierce.

Tenth grade—Miss Whitener, Stanly.

Eleventh grade—B. F. Hassell.

Mr. Joel Preston Langley, of Near Liberty, Dead

LOOKING AFTER SELF

Governor Bickett Denounces the Demagogue and Favors Better Pay For Teachers

Following are extracts of an address Governor Bickett made to the State Farmers and Farm Women's Convention in Raleigh, as reported by the News and Observer:

"What he the man who is in the State, playing upon the fears and the ignorance of the people to divide the citizens into hostile classes, wants is to kick up a row and then in the midst of the confusion grab something for himself.

"That's the character of a demagogue who goes about posing as public friend, the savior and guardian of some particular class of people not because he loves them more than the other but because he wants to get something out of them. I despise that man, I have a contempt for that man who tries to rise in wealth or in power by stirring up one class of citizens against the other. My heart's desire and prayer to God is to be Governor of exactly one hundred per cent of the people of North Carolina.

"The school teachers of North Carolina have been starving to death for the last year. They've kept on teaching through principles of patriotism and because they love the children. We've got to pay the school teachers of North Carolina a reasonable salary. I propose to submit to the next General Assembly of North Carolina a bill increasing the average salary of public school teachers in North Carolina fifty per cent. Where is the money coming from? I don't know. I haven't found it yet, but I'm on its trail. I'm digging for it. I consider that to be my job and I'm going to do it. I'm not going to sit around my office pardoning convicts and appointing notaries public. I'll submit along with that bill a plan for raising the revenue that will be fair and will be adequate.

General Foch on the Bible

Marshall Foch in a letter to the American Bible Society, in appreciation of nearly a quarter of a million copies of the scriptures distributed among soldiers abroad, wrote as follows: "The Bible is certainly the best preparation that you can give an American soldier going into battle to sustain his magnificent ideal and faith." This is a great man's tribute to a Great Book; the greatest of books. It is also a well-deserved tribute to the American Bible Society, which is not only distributing copies of the Scriptures to the soldiers abroad, but is supplying thousands of copies every week to men in embarkation camps on this side.
