BIG TRACTOR DEMONSTRATION AT ASHEBORO

County Agricultural agent, D. S. Coltrane, has just completed arrangements for Randolph county to have the largest tractor demonstration ever held in Piedmont North Carolina. This demonstration will be Tuesday April 1st. The demonstration will be on the Pritchard farm 4 miles north of Asheboro, just to the right of the covered bridge. The following tractors will be on the demonstration. The Fordson, the New Hart-Parr, the Cleveland-Caterpillar, the International Harvester Companies Titan 10-20 and their new 4 cylinder engine the International 8-16. The Frick will also be here. There is some probability of the Moline Co. having their engine in the demonstration, but that can't be promised. Fordson tractors will pull both flat bottom and disc plows, also harrow. There are many people in the county who are interested in tractors and for that reason Mr. Coltrane has arranged for this demonstration. Many farmers have asked him what kind of tractor to buy, and what kind he thinks is the best. He never says because he feels that the farmer should look them over and then decide for himself what tractor best suits his need. For this reason he has arranged for this demonstration. It will be an all day demonstration. Remember the date Tuesday, April 1st, at the Pritchard Farm, four miles north of Asheboro. This will be the last demonstration which Mr. Coltrane will arrange for.

Record of "Efficiency"

The following letter accompanied the report of the auditors showing the condition of the books and the record of Randolph county public officials. Next week The Courier will begin to publish the report of the auditors in detail, publishing as much each week as space will permit until completed.

February 24, 1919.

Mr. Wiley L. Ward, Chairman, Board of County Commissioners, Randolph County, Asheboro, N. C.

Dear Sir: As requested, we have audited the books of RANDOLPH COUNTY, for the period of eighteen months, ending November 30, 1918, and present the same supported by the various exhibits and schedules as per index attached hereto.

The incomplete condition of the Treasurer's books, necessitated considerable more time being spent upon this examination than would have been the case, had the detail work been kept up.

When we commenced the Audit none of the pages of the disbursement Record, (154 pages) had been added—in addition to this, none of the receipts for the period had been entered as received, but were entered while the audit was in process.

The receipts from the Sheriff had been entered in total, but had not been distributed in proportion to the different funds.

It was necessary to correct the distribution of the Disbursements in many instances, we also had to enter the checks drawn by the Treasurer for his commission (55 in all).

The following items had been omitted to be entered on the Receipt Register:

From ex-sheriff J. W. Birkhead, final settlement 1916 school taxes \$2,445.02
From ex-sheriff J. W. Birkhead, final settlement 1916 general fund 1,195.92

W. J. Armfield, Sr., note discounted Bank of Randolph, (12 months note) 10-3-1917 5,000.00
First National Bank, discounted Jan. 14, 1918, (12 months note) 10,000.00
First National Bank, discounted November 7th, 1917, (12 months note) 15,000.00

..... \$33,649.94

County Road Fund Warrants

We found the distribution of these Warrants, in many cases, were not recorded in such a way as to make a proper analysis of the Disbursements. A number of items were vouchered, which included labor, repairs, supplies, etc., with no means of apportioning the totals.

Bond Interest

We bring forward in the current cash charged to the Treasurer, (See Exhibit "B") an item of \$902.25. This amount was forwarded to the Seaboard National Bank, New York, on August 29th, 1917, in error, and remained there until the Treasurer was advised by the Bank in December, 1918, and asking for disposition of the funds. This amount was placed on deposit in the First National Bank, Asheboro, N. C., on January 2, 1919.

The interest on the Road Bonds of January 1st, 1917, (\$50,000.00 5 per cent) apparently has been paid six months in advance, since its issue. The Road Fund Account (Exhibit F) will show that the interest has been paid to January 1st, 1919. A further payment has been made, taking care of the interest to July 1st, 1919. This seems to be proved by the last statement of the Hanover National Bank of New York, dated October 28, 1918, which showed a credit balance of \$1250.00, after the interest due on October 1st, 1918, had been paid.

Sheriff's Office 1917 Taxes

We have charged the Sheriff with the abstracts of 1917 and 1918, giving him credit for the total cash paid to the Treasurer, and his statement is prepared subject to all credits due for errors, rebates and overcharges, to be adjusted in final settlement.

In conclusion, we would suggest the semi-annual Audit of the County Books, in order to obviate the conditions which we have referred to in this report.

Respectfully submitted,
G. G. SCOTT, C. P. A.,
OF SCOTT, CHARNLEY & COMPANY
Certified Public Accountants.

BOLSHEVIKI HAVE CHARGE OF HUNGARIAN GOVERNMENT

There has been a revolution in Hungary, by the Bolsheviki, and they have taken charge of the government, and declared war on the entente. Russian influence is said to be behind the revolutionists.

The proclamation of the Hungarian revolutionists declares that the action of the peace conference is one of the chief causes of the unrest. Thus far the conference has taken no specific action regarding Hungary, but the recommendations of the commission clearly foreshadow the dismemberment of old Hungary, with a circle of small new states surrounding what remains of the old territory.

This, while not yet approved by the conference doubtless reached the Hungarian leaders and gave impetus to the overthrow of the Karolyi government.

Situation Explained

One of the officials who is taking a chief part in the readjustment of territory in that quarter of Europe has explained the situation as follows: Bohemia has been detached from the northwest of old Hungary. The adjoining country of the Slovaks has also been detached. The Bohemians are Czechs and with the Slovaks form the new Czecho-Slovak nation, both parts being detached from Hungary. The Ruthenians form the wedge next to the Slovaks and this territory has also been taken from Hungary.

Next to the Ruthenians comes Transylvania, which likewise has been detached from old Hungary and given to Rumania. Next to Transylvania comes the Banat region, which has been detached from Austria and given to Rumania nearly to the Temeş river, the remainder of Banat going to Serbia.

Further west the new Jugo-Slav state receives that part of old Hungary up to the River Drave. These changes form an almost complete circle, leaving new Hungary only a compact center occupying the rich Danubian plain.

All the foregoing recommendations, it is pointed out were justified by the principle of nationality and self-determination as enunciated by President Wilson. The Bohemians, Slovaks, Ruthenians and Transylvanians as well as the inhabitants of Banat are radically Slavic or Rumanian and have no ethnological connection with Hungarians who have held the circle of surrounding territory only through the powerful political influence of the Hungarian magyars.

AMENDMENT PROTECTING INFLUX OF FOREIGN LABOR

Paris, March 25.—Virtually all the commissions and sub-commissions of the peace conference are waiting for instructions from the supreme council in order to close and submit their reports.

It is said that except for instructions on certain broad principles which must come from the Premiers, the reports are ready to be submitted within a few hours after the instructions are received.

An American amendment to protect nations against the influx of foreign labor was adopted today by the league of nations commission. It affirms the right of any country in the league to control matters solely within domestic jurisdiction.

Another important amendment to the league covenant affects article VIII, which empowers the executive council to formulate a plan for the reduction of armaments. The language of the article is altered so as to limit the powers of the council to a simple recommendation to the government affected.

One. Hundredth Anniversary Celebration

The Deep River charge M. E. church south will celebrate the one hundredth anniversary of the church's missionary activities on Sunday April 6th, the celebration will be held at Worthville, one of the eight churches of this charge.

The Deep River charge is the largest circuit of the Greensboro district, and we are expecting an aspiring celebration. There will be as speakers that day, Rev. J. H. Barnhardt, presiding Elder of the Greensboro district, and Mr. C. H. Ireland, one of the foremost and most progressive laymen of the Methodist church in North Carolina.

This celebration will take the form of a centenary rally. We are hoping and expecting a large delegation from each church of this large circuit. Dinner on the ground.

Won't you come and help us make the day a memorable one for the Methodists of this county? Remember the date, April 6th.

..... F. W. COOK, Pastor.

Mr. S. A. Cox, of Pisgah, Has Automobile Wreck

On Sunday morning, Mr. S. A. Cox, of Pisgah, had an automobile wreck. He and his daughters, Mrs. J. C. Bean, of Salisbury and Miss Jessie Cox, of Pisgah were going toward Star. They were going down a grade a mile below Steeds when the car turned suddenly to one side and in cutting the wheel Mr. Cox turned the car over. The cause seemed to have been a bent front axle. The occupants were shaken up pretty badly but not seriously hurt. The car fared worse, having a rear wheel entirely smashed the top greatly damaged and the wind shield broken. The wreck did not stop the motor and Miss Jessie Cox who was on the rear seat crawled over front seat, stopped the engine and assisted her father and sister in getting out; they all had a narrow escape.

Parks Cross Roads

Our school at Parks Cross Roads is progressing nicely under the management of Mrs. R. F. Lynch.
