

Election Expense vs. Tire Expenses

This story of the election expenses of a Georgia man who was defeated for county commissioner in the recent primary, reaches us by way of the Newark Ledger in a dispatch from Atlanta. His sworn statement runs:

Lost 1,349 hours sleep thinking about election. Lost two front teeth and a whole lot of hair in a personal encounter with an opponent. Donated one beef, four shoats, and five sheep to a county barbecue. Gave away two pairs of suspenders, four calico dresses, \$5 cash, and thirteen baby rattles. Kissed 126 babies. Kindled fourteen kitchen fires. Put up four stoves. Walked 4,076 miles. Shook hands with 9,508 persons. Told 10,101 lies, and talked enough to make, in print, 1,000 volumes. Attended sixteen revival meetings, and was baptized four different times by immersion, and twice some other way. Contributed \$50 to foreign missions, and made love to nine grass widows. Hugged forty-nine old maids. Got dog-bit thirty-nine times, and was defeated.

FARMERS ASKED TO TAKE BONDS

Special Appeal on Behalf of Liberty Loan Issue is Sent Out by Washington Representative of National Grange.

Every farmer in America is expected to support the Victory Liberty Loan, says Thomas C. Atkeson, the Washington representative of the National Grange Patrons of Husbandry, who has sent the following letter to the officers of every farm grange in the United States:

"'Victory Liberty' is the slogan for the new loan. The drive is to begin April 21, for the sale of six billion dollars in Victory Liberty Bonds. These two words visualize all that is best in American spirit. American farmers must respond to this appeal.

"What the farmers of America did in sacrifice and in accomplishment, in food production and in bond buying during the war is a part of the record. It is a war record of which any class may be proud. It must be made good now by meeting the obligations which result from the outpouring of American strength which conquered the enemies of Liberty and civilization.

Time to Get Ready.

"It is time to get into this Victory Liberty Bond campaign. No appeal of the war has gone unanswered to the full limit when brought to the attention of the farmers. Men, money, wheat, other food—no matter what the obstacles or the difficulties—the answer has been full and certain. The answer must be the same in this coming drive.

"Millions of soldiers must be brought home; thousands of sick must be cared for; thousands of wounded and mutilated must be made ready for future usefulness. We armed a nation and mobilized its resources into a war machine of such tremendous potential power that our enemies surrendered rather than face it, and thereby months or years of fighting and thousands of lives, were saved. Now we must pay the obligations created by this effort. Who can neglect to pay his just part for that which prevented so great a sacrifice of life and blood.

World Wants Products.

"There lies just outside the doors of the American farmer a hungry world, a world which needs all our products. American farming rests on the safe basis of need and service. The investment of the hard earned dollars of American farmers in Victory Liberty Bonds is a safe investment with a certainty of fair return, and the money will come back into circulation making more business, increasing the market and the demand for farm products, and increasing prosperity. Buying Victory Liberty Bonds will make farmers Victory-Liberty-Prosperty-men. Do your part to put the Victory Liberty Loan over the top.

"Make your investment in Victory Liberty Bonds the measure of your confidence in American institutions and that democracy for which your sons offered the supreme sacrifice; a symbol of your determination that the war shall not have been fought in vain; an offering of thanksgiving for peace."

HOW WAR BONDS GO UP IN VALUE

History of All Loans for a Century Shows That Advance Has Always Come with Peace.

Will history repeat itself? That question is in the minds of many bond buyers these days. Records show that the prices of bonds were way down during war times of the past but soon after peace was declared advanced rapidly.

During Napoleonic wars prices of English 3 per cent consols ranged from 67 1/2, the high and 54 1/2, the low in 1814 to 96 1/2, the high and 84 1/2, the low, in 1824. During the same period French 5 per cent rentes rose from 30, the high, in 1814 to 104 1/2 in 1824. They also went as low as 45 in 1814.

French 5 per cent rentes during the Franco-Prussian war ranged in price from 75.1 to 87.3 and 59.8 to 81.4.

United States bonds during the Civil War sold for 95 1/2, the high and 83, the low, in 1861, but from then on they had practically a steady rise until 1873, at which time the high was 123 1/2 and the low 111 1/2.

The ten forty-year bonds, put out in 1864 advanced from 103 1/2 to 116 1/2 in ten years.

Four series of Liberty Bonds have been issued and the fifth—to be known as the Victory Liberty Loan—will soon be offered. These securities have behind them the mightiest protection ever devised—the resources and the pledge and the faith of one of the great nations of the world. The investment value of the bonds can never decrease, for the interest will always be paid and the bonds will be redeemed at full face value at maturity.

LET UNCLE SAM BE YOUR BANKER

Offers Far Better Opportunities Than Those Enjoyed by Thrifty People in France Who Claim Leadership.

France has been called the thriftiest nation in the world. It claims to be. If we do not watch out she will prove it conclusively. America is the richest country on earth. Our per capita savings increased approximately 48 per cent in the last four years—the period of the war. Last year, for instance, the per capita savings in the South alone was \$26.73. That sounds like we have the money, and we certainly have the will to make more.

Uncle Sam is out to show you how. He wants to be your savings banker. He offers you not only 4 per cent interest, compounded quarterly, but the government as security. There could not be a better incentive for thrift than that. The French people have far less, yet they save more. They have no way to put their savings into small government securities, the popular denomination being that of five hundred francs, or \$100.

It would not be very convenient to save if we had to put our pennies into an old stocking until we had accumulated \$100 as the French do, would it? And the stocking doesn't pay any interest. So let Uncle Sam take care of your pennies—twenty-five of them buy a Thrift Stamp and sixteen Thrift Stamps converted into a War Savings Stamp begin earning compound interest for you immediately. Are we going to let the French beat us in thrift?

DARED GERMANS TO SHOW HEADS

Sergeant of Marines Hurlled Pointed Query at Boches When Fire Was Most Terrific in Belleau Wood.

It isn't nice to swear in times. Neither is war nice. This is a war story. It was told by Brigadier General Catlin in his book, "With the Help of God and a Few Marines." Belleau Wood is the setting.

The General had given his troops the order to advance. His last words were, as they started across the wheat fields under a withering fire, "Give 'em hell, boys."

"Some one has reported," the General continues, "that they advanced on those words crying, 'Remember the Lusitania.' If they did I failed to hear it."

"Somehow that doesn't sound like the sort of things the Marines say under the conditions."

Then General Catlin tells what they did say. When the lines were wavering under the terrific German fire, a sergeant cried out:

"Come on you ———, do you want to live forever?"

Tell the marines that you are not going to take your share of the coming Victory Liberty Loan.

CHINESE YOUTH WINS WAR MEDAL

General Pershing Pins Award on Breast of Sing Kee, Who Braved German Fire.

Here is a text book on Americanism written in Chinese character and translated for use when a Victory Liberty Loan salesman tackles you to do your duty. It is an official American communique:

"Pvt. Sing Kee, Infantry. Chung Kee, father, 604 North Fourth street, San Jose Calif. For extraordinary heroism in action at Mont Notre Dame, west of Flines, France, August 14, 15, 1918. Pvt. Kee, although seriously gassed during shelling by high explosive and gas shells, refused to be evacuated, and continued, practically single-handed, by his own initiative to operate the regimental message center relay station at Mont Notre Dame. Throughout the critical period Pvt. Kee showed extraordinary heroism, high courage, and persistent devotion to duty and totally disregarded all personal danger. By his determination he materially aided his regimental commander in communication with the front line."

Sing Kee wears the Distinguished Service Medal of the United States of America.

Sing Kee is for America—for her enough to lay down his life. Are you for America? Are you as good a man as Sing Kee?

Then buy of the Victory Loan to the limit.

DO YOUR BIT WILLINGLY.

By spending lavishly the United States ended the war, saved billions of dollars and hundreds of thousands of lives. Pay your share of the bills thankfully.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

"Doesn't hurt a bit! Drop a little Freezone on an aching corn instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Rheumatism Pains Relieved

"I have used Chamberlain's Liniment for pains in the chest and lameness of the shoulders due to rheumatism, and am pleased to say that it has never failed to give me prompt relief," writes Mrs. S. N. Finch, Batavia, N. Y.

Resolutions Of Respect

Adopted by the Flat Creek Lodge No. 285, A. F. & A. M. in memory of James Wiley Purvis.

Nature Cures, The Doctor Takes The Fee

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, allays the cough and aids Nature in restoring the system to a healthy condition.

YOUTH-TIME

The important time to lay a strong foundation for robust manhood is while life is young and the body developing. A growing child needs every possible help to conserve energy and confirm the body in vigorous health. To a developing child

SCOTT'S EMULSION
