**A Few Days Off**

Ain't gwine a work till my lym's day,  
 'F I ever lay up enough  
 gwine a go off a while en stay;  
 I'll be takin' a few days off  
 se de jimson weeds don't  
 but once,  
 when dey's shed, dey's shed,  
 En when you's dead, tain't jis a  
 few months,  
 you gwine to be a long time dead.

ow'd a' old man powerful rich—  
 Two mules an lan' an a cow  
 's soon die fum falling in a ditch  
 Fur went to's grave fum's plow  
 never had nothin' 'twas good ta  
 feet,  
 Ner no piller upon his bed,  
 e never took time to danco wid his  
 feet.  
 But he's gwine a take a long time  
 dead.

I know a old woman wut scrubbed  
 and hoed,  
 And never didn't go nowhar,  
 En when she died de people knowed  
 Dat she had sup'n hid 'bout dar  
 She mought a dressed up en a

 An had her a hot-case peld  
 But she didn't have time to live  
 veh long,  
 She's gwine have a plenty dead

So I says if I manage to save enough  
 Fam de wages I gits dis year  
 It's right den taking a few days off  
 At one time an er  
 'Ca'se when I's got my mou' and eyes  
 And a little wheat in my head  
 I'se gwine a live fast for when I dies,  
 I'll show be a long time dead

**Wildcats—and Why**

Editor of The Courier:  
 Holy smoke! Don't you know why  
 the 81st is called the Wildcat division?  
 It is because every man in it wears a  
 miniature wildcat on his left sleeve.  
 Reason enough.

The Wildcat was the first divisional  
 insignia officially authorized by the  
 United States war department. The  
 idea originated with Maj. J. P. Funn-  
 pries, of the British army, commander  
 of the group of British officers and  
 soldiers sent to Camp Jackson to train  
 the 81st. He was inspired by the fact  
 that Wildcat branch flows through  
 Camp Jackson.

The division was indeed nicknamed  
 the "Stonewall" division until it  
 landed in England; but when our Brit-  
 ish cousins saw those cats it was all  
 up with Thomas Jonathan. "Wildcats"  
 we have been ever since—or "Chats  
 Sauvages," if you please. Nous parous  
 francais nowadays, you know.

**A NERVOUS WRECK**  
**From Three Years' Suffering. Says Cardui Made Her Well.**

Texas City, Tex.—In an interesting  
 statement, Mrs. C. H. Schiff, of this town,  
 says: "For three years I suffered untold  
 agony with my head. I was unable to  
 do any of my work.

I just wanted to sleep all the time, for  
 that was the only ease I could get, when  
 I was asleep, I became a nervous wreck  
 just from the awful suffering with my  
 head.

I was so nervous that the least noise  
 would make me jump out of my bed. I  
 had no energy, and was unable to do  
 anything. My son, a young boy, had to  
 do all my household duties.

I was not able to do anything until I  
 took Cardui. I took three bottles in all,  
 and it surely cured me of those awful  
 headaches. That has been three years  
 ago, and I know the cure is permanent,  
 for I have never had any headache since  
 taking Cardui.

Nothing relieved me until I took Cardui.  
 It did wonders for me."

Try Cardui for your troubles—made  
 from medicinal ingredients recommended  
 in medical books as being of benefit in  
 female troubles, and 40 years of use has

**Can't Puncture Nor Blow Out**

DAYTON AIRLESS TIRES in the past 6 years have been used by thousands of owners of light passenger and delivery cars in all parts of the civilized world and have conclusively demonstrated:

- 1st — They can't puncture nor blow out.
- 2nd — They ride as smoothly as pneumatics.
- 3rd — They give much longer wear than the average pneumatic.
- 4th — They absolutely will not injure the car.

They have been endorsed by 50,000 or more satisfied users including the late George Westinghouse and Edginghouse and Edginghouse Motor Company.

Piers of live, elastic rubber built about one inch apart inside the casing and vulcanized or welded to it take the place of an inner tube.

Nothing can happen but wear.

We have standardized on 30 x 3 and 30 x 3 1/2 and the price is right.

We sell direct where we have no dealer.

We want an exclusive dealer in every county—tire experience unnecessary. Excellent chance to build up in a protected territory a very profitable business either by itself or as a side line.

"Beating Swords Into Plowshares." Uncle Sam now will use the raw stuff that was to blow Germany off the map for fertilizer, instead of making high explosive shells out of it he is putting it on the land to raise food and cotton. Over 150,000 tons of nitrate of soda, released by the War Department is speeding from 18 United States shipping points to farmers via the Bureau of Markets, Department of Agriculture. In view of the number of orders for early shipment being received the nitrate distributors say that spring must be on the way. Farmers who did not want to accept deliveries in February now want immediate shipments, and the Bureau of Markets is trying to ship 100,000 tons this month. Orders have already been issued from Washington for the shipment of over 75,000 tons in small lots, and Savannah and Wilmington report daily shipments of over 1,000 tons each. Announcement that all applications for nitrate will be filed for the full amount was made today, but it was pointed out that applicants should appreciate the impossibility of filling all orders simultaneously, though every effort is being made to have the nitrate reach all applicants in time for use this season.
