#### Birthday Celebration

It was a happy family that gathered Monday night of last week at the home of Mr. M. C. Ferreo at Ramoth to celebrate grandma Ferreo's 7th birthday. She was taken completely by surprise knowing nothing of the celebration until the children began to arrive. They all came with some little gift of love and brought

a bounteous supply of refreshments with them. After two hours of happy association they bade grandma many good wishes and hopes of many more birthdays and departed. Those present were: Mr. and Mrs. E. J. Steed and family; Mr. and Mrs. H. F. Brady and family; Mr. and Mrs. V. C. Marley and family; Mr. and Mrs. W. E. Ferreo and family; and Mrs. W. E. Luck and baby Joyce.

#### EVANGELINE BOOTH TELLS HOME SERVICE FUND'S NEEDS.

Evangeline Booth, commander of the Salvation Army in the United States, explaining the purpose of the campaign for \$13,000,000 which will be conducted from May 19 to May 29 for the Salvation Army Home Service Fund, said:

"The Salvation Army has been toiling on the upward trend for more than half a century, doing just what it did in France, all in the same spirit and manner, but you did not happen to hear of it, perhaps."

"The war depleted our forces and our finances at home. There must be not only a rehabilitation now, but we must rise to the new high-tide mark and equip ourselves to maintain here in the United States the contracts we were privileged to make on both sides of the sea because of the war."

The Salvation Army Home Service Fund campaign for \$13,000,000 will be conducted during the week of May 19-26. Its success will enable the Salvation Army to practically double its efforts among the poor.

The Salvation Army returns from the trenches of France to take up its half century old battle in the trenches of poverty in the United States. Remember the Salvation Army Home Service Fund campaign for \$13,000,000 May 19-26.

#### LOYD GEORGE PRAISES "ARMY."

Evangeline Booth, Commander of the Salvation Army in the United States, received the following letter from David Lloyd George:

"British Delegation,  
Paris, April 8, 1919.

"Dear Madam—I have very great pleasure in sending you this letter to say how highly I think of the great work which has been done by the Salvation Army amongst the Allied Armies in France and the other theaters of war. From all sides I hear the most glowing accounts of the way in which your people have added to the comfort and welfare of our soldiers. To me it has always been a great joy to think how much the sufferings and hardships endured by our troops in all parts of the world have been lessened by the self-sacrifice and devotion shown to them by that excellent organization, the Salvation Army. Yours faithfully,

"DAVID LLOYD GEORGE,  
"Commander Evangeline Booth,  
New York City."

#### HEADACHES OF CHILDREN

There are several reasons for headaches among children, but by far the most common one is eyestrain. Such headaches may show themselves in any part of the head. A child who sits in an awkward position, and many of them do this, can get headaches due to the circulation in the eyes being cramped. Long continued use of the eyes for near work can also cause it. When a child's eyes are inflamed, including styes, or if headache occur, a careful examination of the eyes should be made.

Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

#### "OUT OF LOVE" CLUB UNIQUE ORGANIZATION

Members Are Girls Rescued by Salvation Army.

The "Out of Love" Club is one of the important club organizations maintained by the Salvation Army in this country. In every large city where there is a Salvation Army corps girls who have been helped back into the normal pace of a workaday world are proud of the membership in this club. Disappointed, loveless girls who do not forget kindnesses shown them in their hour of greatest need give out of love to help other girls receive the same friendliness. In a simple, quiet way, this unique idea has been maintained for over 20 years.

In every large city in the country there are girls who have needed the ministrations of the Salvation Army. After they have been helped and sent on their way again they become life members of this club if they so desire. Only girls are admitted who have given a good account of themselves for at least one month in the positions found for them by the Salvation Army after their release from a hospital or home. These girls pledge themselves to keep alive the spirit of friendliness and home which the Salvation Army has spread among them. The girls are expected to dress in a plain, simple way, and avoid in any sense of the word gaudy or tawdry clothing. Gossiping or tale bearing is tabooed. If members of the club transgress this rule they are liable to suspension for a month or longer. The "Out of Love Club" is one of the many activities that will benefit by the success of the Salvation Army House Service Fund Campaign for \$13,000,000 May 19-26.

TAKE CARE OF SCHOOL HOUSES AND GROUNDS  
Careful attention should be given to the condition of school houses and grounds this summer with a view not only to conserving the property from deterioration, but most especially to make sure that there is no trash, matches and combustible material left anywhere on the school premises that might start fires or contribute to the burning of the property. The doors and windows of the school buildings should be securely fastened to keep out loafers and prowlers who so often start fires or do damage to the property. It should be borne in mind also that this vacation season is the best possible time for making any repairs or additions to the buildings.

**Can't Puncture Nor Blow Out**  
DAYTON AIRLESS TIRES in the past 6 years have been used by thousands of owners of light passenger and delivery cars in all parts of the civilized world and have conclusively demonstrated:  
1st — they can't puncture nor blow out.  
2nd — They ride as smoothly as pneumatic.  
3rd — They give much longer wear than the average pneumatic.  
4th — They absolutely will not injure the car.  
They have been endorsed by 50,000 or more satisfied users including the late George Westinghouse and Edward Grey, formerly Chief Engineer of the Ford Motor Company.

Such a chaotic condition obtained in international affairs when President Wilson promulgated his 14 points on which he claimed peace should be made.  
The whole world, including Germany, accepted this statement that moral law, and force only in the last extremity, should be the foundation for the upbuilding of society whether in the individual or in the nation.  
Among civilized people the time is passed when a dispute means that each party shall "tote a gun" and kill if the other party "starts anything," and yet this is just what "The balance of power" meant to the nations of Europe.  
Mr. Wilson's 14 points meant that nations, like individuals, should appeal to peaceful means of arbitration before any appeal to force.  
The acceptance of this plan created a new era in world history.  
The general principles had to be restated in definite terms. Mr. Wilson went to Europe. He has accomplished his purpose.  
In public addresses he attacked existing international conditions and pleaded for right and justice.  
Laying aside all personal vanity, he carried an open mind to Europe, ready to accept from plans he knew already existed the very best that would be acceptable unanimously to all nations, large and small.  
Only by such splendid tact was he able to wield a wonderful influence everywhere and win an agreement that the principles of the league of nations should first be agreed upon, so that all other matters could be adjusted in accordance with these great principles of right and justice.  
He won his contention, totally changing the diplomatic history of the world.  
He is returning, bringing with him the charter of the world's liberty, the foundation upon which the peace of the world will eventually be secured.  
The foregoing is a brief statement of why the 26 articles of the covenant of the league of nations is the greatest accomplishment in the history of the world.

**WEAK KIDNEYS MAKE WEAK BODIES**  
Kidney Diseases Cause Many Aches and Ills of Asheboro People  
As one weak link weakens a chain, so many weak kidneys weaken the whole body and hasten the final breaking-down.  
Overwork, strains, colds and other causes injure the kidneys, and generally when their activity is checked the whole body suffers.  
Aches and pains and languor and urinary ills frequently come and they are an ever-increasing tendency towards dropsy, gravel or fatalBright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.  
Doan's Kidney Pills act directly on the kidneys. A hebero testimony is proof of their effectiveness.  
Mrs. J. C. Ingold, N. Fayetteville St., Asheboro, says: "About a year ago I had an aching in the small of my back and severe headaches. My kidneys didn't act properly and I was tired and languid. Hearing of Doan's Kidney Pills I got a box at the Standard Drug Co., and they brought me wonderful relief. I take a few doses of Doan's occasionally and they keep me feeling fine."

**THE MOST IMPORTANT DOCUMENT IN ALL HISTORY**  
The partisan Republicans tell us that the covenant adopted at Paris means little or nothing, when in fact, it is really the most important document in all the history of the world. It may be explained that "might was right" until about the time of Henry VII of England. About that time the nations of the world began to strive to accomplish by "secret diplomacy" what had hitherto been accomplished by force.  
Shrewdness, chicanery, intrigue were substituted for open force. The nations fought each other day by day, year by year. It was a battle of wits. Each nation distrusted every other nation. There was no claim by anybody that justice and right should settle international questions.  
It was a grab game for selfish aggrandizement, for territorial and commercial advantages.  
There was only the honor that is found among thieves. Dura-dum bullets, floating mines, the murder of non-combatants without warning and a few other restrictions international law declared barbarous and contrary to civilized warfare.  
Tactfully the nations of the world appealed not to the great moral principles of right and justice and fair-dealing in an effort to better the condition of each and every nation of the world, but selfish interest, a disregard for the effect of any act upon a less powerful people, an exploitation of any people for the enrichment of a more powerful nation, where the underlying and commonly accepted principles of international relations.  
Prussian militarism capitalized this distrust among the nations of the world. Prussian brutality declared against even the "honor among thieves," and organized a reign of terror. Basing its philosophy upon the theory of Von Tripitz, Germany declared there was no wrong if any hideous act was done in the interest of the state. "Corporations have no souls."
