CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadowville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NO-135

HAS SQUIRREL WELL TAMED

Intelligent Little Animal Beguiles Tedium of Voyage for Naval Officer on Active Duty.

There is a certain very companionable little squirrel which belongs to an officer on a warship, somewhere in South African waters. She is a great talker—in her way—but she is always very careful not to talk when any one else is talking. Her master will call her down from her bedroom, and she appears with cheery little squeaks and gurgles. Then she waits.

"Will you have toast this morning or milk?" is the question with which he greets her, and her answer is a decided chatter for a moment. When she stops, he goes on with the conversation, and she listens to him, with her little eyes full of interest, for what he is telling her. Then comes her turn, and she talks a bit. She is a very playful little squirrel, and she has never been known to lose her temper with her master, though sometimes in a romp, when she gets rather flurried, she bites a bit too hard. And, if her master gently raps her, she pretends to feel grieved about it, goes into a corner and sulks and all that he can do is to leave her alone until she wants to play again.—Montreal Herald.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

ASHEBORO TESTIMONY

Home Proof, Here, There and Everywhere.

When you see Doan's Kidney Pills recommended in this paper you must always find the recommender an Asheboro resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Asheboro recommendation. Then insist on having Doan's. You will know what you are getting:

Mrs. Hugh J. Burns, N. Fayetteville, St., gave the following statement January 5, 1915: "I have always had a good word for Doan's Kidney Pills and shall continue to. I received wonderful results from this medicine. Whenever my kidneys need the least bit of attention a few doses of Doan's give me quick relief."

On July 26, 1918, Mrs. Burns said: "I recommend Doan's Kidney Pills as highly today as ever. They did me more good than any other kidney medicine I ever used." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns had. Foster-Milburn Co., Buffalo, N. Y.

FACTS ABOUT THE SALVATION ARMY

By ELIZABETH TYLER

The people of the South are once more called upon to give. This time it is for one of the most worthy of all causes,—the Salvation Army Home Service Fund.

When war was declared the Salvation Army workers went over seas with our boys and down into the trenches into the very jaws of death. They crossed the sea with our boys with never a thought of personal injury—never dreaming of the wave of popularity or publicity they would get for this humble Christian service; they had only one desire and that was to serve our boys when they most needed friends. They spent much of the money that it had taken them many years to collect in small change—spent it ungrudgingly—because they saw that our boys needed it.

All they asked in return was that they be allowed by their every day examples to teach the Christianity our Savior taught while on earth.

Many soldiers tell of the wonderful work the Salvation Army has done overseas. To me there is nothing unusual about that work, but it is the same kind of work and service the Salvation Army has always given here at home—at our very own doors. It has taken the stories told by the returning soldiers who have come to know the Salvation Army to bring about this wave of popularity for the Salvation Army, but the Army has always worked and served as they are now serving.

It reaches a class of people that no other religious organization can or attempts to reach. The men and women that are too ragged and miserably to attend the services at our churches—they reach the poverty that hides and shrinks in the by-ways of life. A man or woman can never fail so low, but that this army of earnest workers stretch out a helping hand to them. Every man, woman and child in America should contribute to this Home Service fund because there is not a corner in our beloved land, however remote, that does not receive direct benefit from the Salvation Army, for fifty per cent of the population of the cities is made up of people that come from small towns and from those remote sections and ninety per cent of the boys and girls that appeal to the Salvation Army for assistance are those who have come to the large cities and find themselves unequal to the struggle for existence.

The Salvation Army conducts Rescue Homes, Day Nurseries, Homes for the Helpless and Aged and Blind, Lodging Houses for the men and women that are unable to pay and free clinics—it extends its services everywhere that misery and poverty exists.

Soldiers Tell Of Overseas Work.

The soldiers that are returning from France after their hard struggle have nothing but words of praise for the Salvation Army, and from the lips of a soldier now at Camp Gordon comes a story of a frail Salvation Army lassie that defied the shot and shell of the Hun and carried him three miles to a first aid station and saved his life—that man is Sergeant James McCoy of Co. E 17th Infantry. Sergeant McCoy is the proud possessor of the Croix de Guerre, and the famous Belgium medal for bravery was among the first Americans to join the Allies in the great world war.

"It was on my twentieth birthday, August 5, 1918, in the famous Argonne Forest that I received five machine gun bullets in my legs as a sort of a birthday present from the Hun," says Sergeant McCoy, of Camp Gordon, Atlanta, Ga., as he extolled the work of the Salvation Army abroad. "The rain of bullets from the machine guns brought me to the ground with hundreds of my comrades. In spite of the pain, I crawled along, and after making two miles towards a first aid station I fell in a faint and lay there with shot and shell bursting around me. I will never know who found me, but when I awakened I was looking into the eyes of a frail Salvation Army lassie, who had bound my wounds to check the flow of blood and who was bathing my face bringing me back to consciousness.

"It was after midnight, and the only light around us came from the bursting bombs and the hand grenades which were being hurled by one of the strongest battalions of the German Crown Prince. She bade me have courage and said that she would carry me to the nearest first aid station, which was three miles away. She unloosened my equipment and carried me in a military fashion straight out over that perilous journey three miles away. Time and again she stopped to regain her strength and each time after she was ready to go on she would bathe my face and make me as comfortable as possible. How long it took her to bring me through that shot ridden land I will never know, for I afterwards learned that I fainted several times during the journey. It was daylight when the lassie carried me to the first aid station and after she

had placed me in the hands of my sturdy comrades she sank to the ground unconscious."

This is only one of the many things that I know of concerning the Salvation Army and their work with the American troops abroad. They are the greatest friends we have, and, if the American public can only be told of ten per cent of their heroic deeds in No Man's Land the appropriation of \$13,000,000, asked for by the Salvation Army, will be but a drop in the bucket of the funds actually received.

Brothers, sisters, wives or sweethearts of the American soldiers should always love and support the Salvation Army, for they owe that wonderful organization a debt of gratitude, for by its example of humble Christian service it has implanted in the hearts of the world through her fighting men, a renewed faith in Christ and the seeds it has sown in No Man's Land and at the training camps, which will spring up and bear fruit that will give the world the first real taste of democracy.

Heroes Explain Why

In the following words Private Frank Ivy, of Goldsboro, N. C., sums up what he has seen of the work of the Salvation Army abroad. Private Ivy, who was a member of Company K, 167th Infantry, was severely wounded in the early battles of Soissons. While he lay on his cot at Fort McPherson Hospital, waiting time to heal the wounds inflicted by the Huns, he was at his happiest period, as he discussed the work of the Salvation Army, both here and abroad.

When he learned of the coming drive in May for additional funds for this great cause, the wounded hero said: "I hope I am out by that time, and, if I am not, there are thousands who would go far and wide to tell the people of this country just what the Salvation Army stands for, what it did for its boys under shell fire, in the hospitals, and, in fact, everywhere we went, the Salvation Army worker was bound to be there. This is no advertising campaign, for all the boys will have to do is to tell the truth of this great work and the great American public will do the rest."

Sergeant George Henderson, of Jacksonville, Fla., who was wounded at Chateau Thierry, is following the example of Private Cook and organizing the discharged soldiers of Florida to put over the Salvation Army Drive in his home State, as the Salvation Army so ably assisted to put over drive after drive in the cruellest days of the great world war.

"We doughboys know how to help, and we are going to do it," says Sergeant Henderson. "The Salvation Army cared not for shot or shell, for their only thought was to aid others in spite of the personal risk to themselves. They started in the war with us at our training camps in America and remained with us until we put the Hun back on his own ground and started him on the greatest retreat that a losing army was ever forced to make.

Debt of Gratitude

America will never know the gratitude she owes to the Salvation Army and the number of lives that this little sturdy band of workers saved by their fearless actions in the greatest of all fights."

Hundreds of statements have come to our office from those who know of the Salvation Army's work in the trenches.

There will be no vital change in the administration of the work. The Tambourine Girl will no longer circulate among us, however, except at devotional services. The big drive is for funds to replace this smiling lassie and release her from collecting small change to devote her entire time to a work of mercy. The people of America will be asked to contribute once each year instead of all the year round to the Salvation Army and perpetuate its work.

Some of the most prominent men in the South will tour this section of the country in the interest of the drive. Judge J. S. Reynolds, formerly Solicitor General of the Augusta Circuit and one of the best known lawyers in the South, is chairman of the speaker committee. He has gathered about him men who have made good in their respective lines and who will speak in the behalf of the Salvation Army Drive.

Among the prominent speakers who will tour the South are: Judge Marcus Beck, of Georgia; Dr. S. R. Balk, Walter P. Andrews of Atlanta, Clifford Walker, Attorney General for Georgia, Rev. James Horton, C. Murphy Candler, Georgia Railroad Commissioner, Hooper Alexander, District Attorney, and many others.

The Salvation Army is not basing its plea for funds on its war record. It has behind it in America forty years of work as thoroughly and conscientiously rendered as was the work of the Army lads and lassies in the trenches and on the battlefields of France. I know the people of America will help.

BUILD

The world has had enough of destruction, the period of reconstruction is here, of building up, is here. Each community will find it to its advantage to use the splendid community spirit developed through war activities for the greatest promotion of its business and industrial growth.

Randolph has a future, we talk about it, we dream about it, and will realize it when we work for it.

To build and rebuild will require grit, grit and money. It is the mission of this bank to help you get the money. We desire to have you come now, at the very beginning of this new year, to not only build up capital, but a credit that will enable you to borrow.

Our appeal is directed especially to the young men and returned soldiers and sailors. Come in and discuss your capital and building plans with us. We can help you.

Best Motor Oils

CORRECT lubricants are the most economical—sometimes in the beginning—always in the end. The engine of your car is the propelling power. It is the most important single part. And it is highly probable that the oils you use exert a larger influence on your engine than any other feature.

Protection for Your Engine

Keep your car out of the repair shop by keeping the right oil in your engine.

The right oil need not be the most expensive. But it is oil that has been tested. It has been proved by its action on many cars in many kinds of service. That is the kind of oil we sell. You can make no mistake in filling up here always.

DOING HER BIT

More than a year ago I took a course of Mayr's Wonderful Remedy for gall stones, severe colic and stomach trouble and have been entirely well ever since. I have recommended it to many other stomach sufferers, as I felt it was my duty to tell them just how much good it has done me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.
Sold by Standard Drug Company and leading druggists everywhere.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Considering the Russian situation, it might be well to remember that revolutionary France was fanned to a red hot flame by outside intervention.

If You Are Young

your prospects for success are good. A multitude of Bookkeepers, Stenographers and Typists are wanted by banks, mills, railroads, and other large corporations at attractive salaries.

Prepare for the unprecedented prosperity that "reconstruction" will bring. Attend an accredited school and go "over the top" in the business world. Everybody encores.
