Tire Conservation Day

Saturday, July 26th

bring to the motorists of this city and vicinity first-hand information for all who are interested in increasing the wearing power of their tires and so reducing this item of expense.

A well-known tire expert will give personal attention to the tire problems of all who come to the demonstration. His interesting exhibits show all kinds of tire wear—preventable and unpreventable—and his mission is to reduce to the minimum the preventable kinds of tire failure for motorists of this community.

This demonstration is free. It makes no difference what kind of tires you use—you are urged to come—for your good.

Remember the date and remember the place—
