REPUBLICAN ATTACK MET BY REPUBLICAN ANSWER

The Attack.
 By Dr. Nicholas Murray Butler (President Columbia University).
 "The Administration has permitted the industrial problem to take such a form as directly menaces our political institutions. When in September, 1916, the Adamson law was placed upon the statute book, in response to what the Democratic managers believed to be a political necessity, a false step was taken that has never been wholly retraced and whose ill effects are seen in what is taking place in a dozen States today. The far wiser policies that have just now been followed came too late to repair all the damage that had been done."—Extract from speech before Union League Club, New York, November 22, 1919.

U. S. Must Economize, Says Secretary Glass.

The estimated expenses of the Government for the fiscal year beginning July 1, next, are \$5,629,486,250. For the following year they will be nearly as much, \$4,473,000,000. The yearly distribution of so much money among the people, mostly for wages in one form or another, makes people extravagant and results in reckless buying of all sorts of unnecessary things without much regard to cost. This tends constantly to lift prices to still higher levels.

Secretary Glass urges Congress to reduce severely its appropriation for expenditure in new fields.

Timely Warning From Red Men.

Yaquis Indians have sent a formal warning to all Americans in the Mexican States, telling them to leave that State. The Yaquis are going on the warpath. They say they have no desire to hurt Americans, but can't bother to distinguish between them and Mexicans after the hatchet is dug up.

In a statement to the public, Judge Carter says in substance that he cannot successfully publish a newspaper in Albemarle and maintain his self-respect. That to do so he would have to suppress his views as to what he conceives to be the rights of labor.

PREVENT PNEUMONIA

Neglect of a child's cold is often the direct cause of pneumonia. Children do not like to take nauseating medicine but do like the soothing effect of the external remedy.

Chamberlain's Vapo-Rub is applied by rubbing this delightful salve into the chest and under the arms. The result is almost instant relief from cough and colds. It is not unusual for pneumonia to occur after a few applications. Chamberlain's Vapo-Rub is the most popular salve used by parents.

Another thing—certain stocks are naturally being depleted—it will be to your advantage to shop at once.
