### SUBSCRIPTION TO THE ASHEBORO COU-RIER WILL BE ADVANCED TO \$2.00 A YEAR SEPTEMBER 1, 1920

On September 1, 1920, the price of subscription to The Asheboro Courier will be advanced to \$2.00 a year. We regret to have to increase the price but it must be done. We pay 15 cents a pound for our present and future supply of paper. This means not only that our print paper alone costs us nearly 300 per cent more from now on, but the cost of labor and other things is also more than 100 per cent greater. Blank paper alone on which The Courier will be printed would cost several thousand dollars more than

Well, I hardly believe I am able to use words that will adequately convey my estimation of him as a true man n every sense of the word. He is a self made man, and with his own efforts, coupled with the confidence placed in him by his fellows, with integrity of character, honesty of purpose and close attention to business. has won no small degree of success in a substantial way. I have known him for more than thirty years, and have been associated with him in business in various capacities for about the same length of time. He came to Ram-seur with practically nothing of this world's goeds, but he was "chock" full of energy, and of that element that goes to make a man of true worth to a community high christain character. He is always a friend to the sick and needy and knows how to render

Skeen, one of the noblest men my young life ever touched, about the years '73 and '84, and I became very much attached to touched, about the year much attached to the good people of that section of the Country. Later I very unexpectedly became a citizen of the County, moving from Richmond County to Ram ing from Richmond County to Ram-seur early in the year 1882 and joined my brother-in law, Mr. W. M. Wat-kins, in the cotton mill business, and there I lived until the latter part of the year 1896, when I moved to Troy, Montgomery County. My school boy days, together with my fifteen years husiness connection in the Gounty, forms one of the most pleasant periods of my life, and there exist a tie that will ever hind me to the good people of dear old Randolph.
