Rhoda Lilly Johnson, Respected Colored Woman Dead

We wish to thank the many friends who have made such an effort to bring a ray of sunshine in our home in the last days of gloom and sorrow.

On August 26, 1920 death came into our home and claimed the beloved daughter Rhoda Lilly Johnson.

Our hearts are filled with thanks for the many beautiful flowers that completely covered the last resting place of our loved one. It is true that the silver cord is broken but we have left our loved one safe in the arms of Jesus, to have her soul rest overshadowed by his love. We see before us the Resurrection morning when all the graves must give up their sleepers and father mother sister brothers and friends meet once more.

Then we shall walk in realms of glory where no tears can come, where the sun light is not needed in that sweet eternal home. Sleep on beloved, sleep and take thy rest.

MARGARET LILLY

## ASHEBORO GRADED SCHOOLS TO OPEN MONDAY, SEPT. 6

MR. D. W. MADDOX SUPERINTENDENT OF SCHOOLS WRITES

To the Patrons of the Asheboro Graded School:

It has been decided by the Board of Trustees that the white school is to open next Monday morning, Sept. 6 at 8:45. Due to the fact that we have no auditorium in the school building, I desire all pupils and parents to assemble in the court house. A very special invitation is extended to all parents to assemble with us, as we want to know you and want you to know us at the beginning of school.

Some superintendents have been unwise enough to make a great many changes in books when taking up work in a new place. I have tried always never to do this, but this fall I am forced to make several changes in texts for the high school. I hope you recall the high school text book law, passed by the Legislature of last year which goes into effect this fall. Many new books were adopted and, of course, under the law, they must be used in the place of some others that have been used heretofore. I assure you that I know as well as any one how costly books are now. At the same time, I assure you that you will not have another change of books for five years, except in the case of history and science which may be changed after two years. For fear of being misunderstood, I take this opportunity for making what I believe to be a necessary explanation.

Please have your children bring all their old books, and you parents do your best to come with them.

Very truly,  
D. W. MADDOX, Supt.
