

CAN A LEOPARD CHANGE ITS SPOTS?

Upon the eve of another election the republican party of state, county and nation, have come forth with new promises...

Gluttons for Office. When you sound the Republican party in this state and county down you will find that they are gluttons for office...

Judge Taft is quoted as saying from the platform in Greensboro: "I do not wish to seem ungracious, but I must be candid. In my judgment the Republican party in North Carolina would be much stronger as a voting party if all the Federal offices were filled by Democrats...

Boss Ridden Party.

Judge W. P. Bynum, of Greensboro, a life long Republican, is quoted as having said: "The Republican party in North Carolina is probably the most thoroughly boss-ridden party that ever existed. The bosses dictate the platforms, change them after they are adopted to suit their own wishes and selfish ends...

Revenue Scandals

When the Republicans are in power it will be borne in mind that the revenue offices are filled by the Republican bosses and their lieutenants, and when they were in power before, this exposure of fraud and corruption took place. It was necessary to have a special term of the federal court, to have an extra assistant district attorney and a solicitor-general from Washington to assist in the prosecution of numerous revenue officers indicted for fraud and corruption...

RAMSEUR NEWS

The community was saddened Saturday, October 9, when it was learned that Mrs. C. E. Butler was dead. Mrs. Butler was sick only a few hours and everything was done to save her life that could be done. She was a daughter of Mr. and Mrs. Luther Routh, of near Liberty, her father is still living. She was married about twenty years ago to Mr. C. E. Butler and to this union four children were born, three of whom still live, one little boy died some time ago, Mr. Butler, two girls and one boy survive. She leaves also one brother and one sister as well as her father.

Mrs. Butler was converted years ago and joined the Methodist church at Bethany while she was a young girl. Her maiden name was Minnie Routh. She was laid to rest in the cemetery at Bethany Sunday after the funeral service was conducted by Rev. W. M. Smith. A host of friends were there to pay their last respects to this good woman. A good quiet woman has gone from us. We deeply sympathize with the bereaved relatives.

The Ramseur graded school gave a very entertaining play at the school auditorium Friday night, October 8, to a packed house. The receipts went to the betterment association which has been furnishing the school with equipment for school work in the different departments.

KEEP FAITH WITH OUR DEAD

"I promise you formal and effective peace just as soon as a Republican Congress can pass its declaration for a Republican President to sign."

"This is simply a bid for the disloyal pro-German anti-American vote that favors a separate peace. This vote Senator Harding will get, but he deserves to lose the vote of every red-blooded loyal American citizen."

"One of the men who has a wooden cross in Flanders for a monument sent this challenge to you and me just before he went down to his death:

'To you from failing hands we throw The Torch; be yours to hold it high! If ye break faith with us who die, We shall not sleep, though poppies grow In Flanders field.'

"Are you, as an individual, going to break the faith? On the second day of November, in the secrecy of the voting booth and in the presence of God and your own conscience, you will answer that question. Your part in the 'solemn referendum' will then be played. In the name of 81,000 Americans who gave their lives for a better world, may your voice be added to the call of humanity, justice and peace!"—Speech of Capt. Thomas G. Chamberlain, formerly of the A. E. F. Rochester, Sept. 23.

said that if things kept up the next Republican state convention would have to be held in the federal penitentiary at Atlanta, Ga. In this remark the distinguished Republican referred to and recognized what everyone in the state knows—that with us Republican conventions are in the main mere gatherings of the office-seekers of the party, who completely run and control them.

When the Republicans say that the people do rule they admit that the people ought to rule. If I can convince the country that the people have never ruled under a Republican administration, then we are entitled to a verdict at this election, and I am willing to meet the issue.

While these statements may truthfully apply to the past history of the Republican party, in light of recent events it is certainly true that it applies with redoubled force to present conditions, and the Republican party of the county and state as now constituted is the natural and logical successor of the Republican party of 1868 and the Fusion party of 1896. They party still longs more for the feshpots of office than for the promised land of good government.

CAN THE LEOPARD CHANGE ITS SPOTS?

Editor's Note—The Republicans have not built the new county home. They have not abolished the treasurer's office. They have not put the county officers on salaries. They have not stopped issuing bonds without a vote of the people. They have not kept up the good roads the Democrats built while they were in power. They have not reduced the tax but are charging 5 cents too much on the tax. (100 valuation.)

GOV. COX TELLS WHY WOMEN SHOULD SUPPORT THE LEAGUE

Declares Wrath of Women Were Made to Suffer Will Pursue Those Who Caused War "Trough All Eternity;" Outlines Social Service and Justice Program Which Member Nations of League Will Endeavor to Carry Out. In an address to a body of women recently, Governor Cox went into considerable detail why women should support the League of Nations cause, asserting that throughout the year they have been "leaders of progress in the world" and declaring that what of the woman who were made to suffer in the war will pursue Franz Joseph, William Hohenzollern and Nicholas Romanoff "through all eternity. Women Know Real Cost.

Though asserting that the monetary cost of the war, direct and indirect, was \$300,000,000,000, it was the woman, Governor Cox declared, who knew what the war really cost "for they paid the price in personal suffering to provide the rulers of the earth with 10,000,000 men which were thrown into the gauges of battle to placate the anger of the gods of war."

The league, Governor Cox said, not only will prevent war, which he asserted is its primary purpose, but also will promote progress, and will "set up, or itself become, a clearing house for international justice and social service."

"Those who want to keep on dreaming of 'new heaven and a new earth' can perhaps afford to stay out of the league," the candidate said, "but those who really want to make their dreams come true and make this world a fit habitat for human spirit, will want to join the league without delay."

Social Service Program. The governor detailed the following social service and justice program, which he asserted member nations of the league will endeavor to carry out: "Try to secure and maintain fair and humane conditions of labor for men, women and children—thus lifting the standard of living everywhere."

"Try to secure just treatment of the native inhabitants of territories under their control."

"Try to secure and maintain freedom of communication and of transit, and equitable treatment for the commerce of members of the league."

"Labor together in the effort to control and ultimately eradicate disease. Prevent Illicit Traffic."

"Set up commissions for the prevention of the illicit traffic in arms, in dangerous drugs and in women for immoral purposes."

Asserting that the issue is "not fundamentally a legal or diplomatic one, but a moral one, and declaring it fortunate that women for the first time hold the balance of power and the deciding vote, the governor said he has no doubt in his mind how the women's vote will be cast. He continued:

Keep Our Pledge. "The women of America will vote to keep our pledge to 81,000 heroes whose blood has crimsoned the poppies of Flanders fields. They will vote for the limitation of armaments, the arbitration of disputes, the publication of secret treaties, the amelioration of distress and the elevation of labor conditions to higher standards. In a word, they will vote for a league which will convert Christian idealism into the statutes of sound statesmanship and bring to the sons of men a peace that shall cover the earth as the waters cover the sea."

LIFE STORY OF GOVERNOR COX. Born and reared on an Ohio farm. Earned his first money as janitor of the church of which he is still a member. Was a great reader and always knew his lessons at school. At 16, went to Middletown to high school, working his way as printer's devil in a newspaper office. Taught school for several years and did newspaper work. Was Congressman Ross's secretary. Bought the Dayton News. Elected to Congress in 1894, served two terms. In 1912 was elected Governor. Defeated for Governor in 1914, but re-elected in 1916 and again in 1918. In Congress was one of those who destroyed Cannonism; made a distinguished record on Appropriation Committee for economy; was active in tariff reduction, and was a redoubtable fighter for the rights of the people against great corporate interests. His record as Governor stamps him as a great progressive. More constructive progressive legislation was enacted under his leadership than ever before in Ohio's history. This record includes workmen's compensation; state taxation reform which reduced taxes; school legislation, especially for the benefit of country schools; good roads; child welfare; agriculture leg-
