LIFE INSURANCE POLICY

THE NEW

"Pilot Complete Protection"

Offered by Southern Life & Trust Co., insures you against the loss of your earning power not only from Death, but also from Disease or Accident.

Death by any Cause \$5000. \$200.00 a Month
Death by Accident (Before Age 60) \$10000.00

For temporary or permanent disability before age 60 from any cause, whether disease or accident, beginning at the end of first month of disability, and continuing as long as disability lasts.

The regular cash and loan values, paid-up and extended insurance features are a part of this "PILOT COMPLETE PROTECTION PLAN."

The Policy becomes Automatically Paid-up (No Further Premiums to Pay) as soon as permanent disability starts.

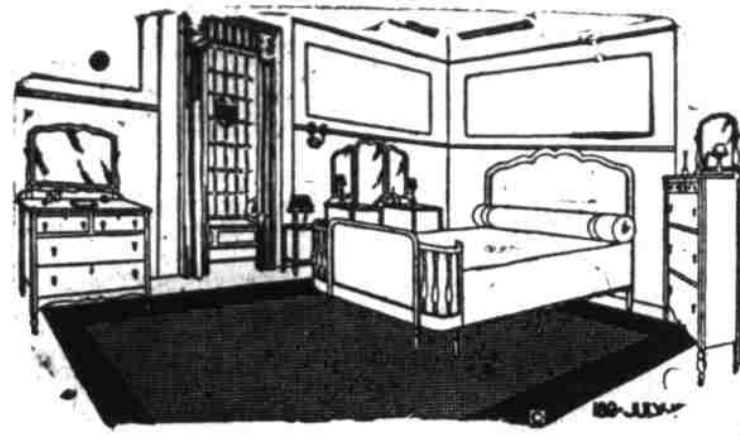

The full \$5,000 (or \$10,000 if death is caused by accident) is payable at death—no deduction whatever being made on account of payments made for disability.

The "Pilot Complete Protection Plan" through all these features furnishes absolute protection against the loss of your earning power (your most valuable asset) from temporary disability, from permanent disability and from death—thereby completing the full circle of personal protection for both yourself and your dependents.

One man out of every eight is either killed or injured from Accident alone each year. Suppose it should be your turn now. "Pilot Complete Protection" is the Answer.
