ISSUED WEEKLY

VOLUME XLVI

## WEEKLY RALEIGH LETTER

(By Maxwell Gorman)

Raleigh, March 22.—Governor Morrison, who went to Charlotte the latter part of last week will return to the executive office in a few days and, according to reports current here, he will find the members of the Legislature his principal correspondents during his few days leave of absence.

It appears that both A. J. Maxwell and A. D. Watts, who are candidates for tax commissioner, have appealed to the Senators and members of the House to line up and write the Governor which aspirant they favor. A considerable number of legislators will probably decline to do so for two reasons. First, because it is the Governor's business to select the appointees; and second because many would be content with either Watts or Maxwell, were "tother dear charmer away." Another reason that cannot be advanced is that the Governor cannot fail to get the right man if he appoints either of these two. Not a few would prefer to have Maxwell's service on the Corporation Commission continued—he is needed there and should he relinquish that post it would be a misfortune for the State.

Reports revive the effect that there may be several judges of the Superior Court who may retire on two-thirds pay, as provided for those who have seen long service on the bench, but there is nothing definite in that—except one or two vacancies may occur on the State Supreme Court bench in the course of time. In that case, although "report" has not yet said so, most people would expect the Governor to name Hon. Heriot Clarkson, of Charlotte, one of the ablest lawyers in the State, ex-solicitor, and one of the finest and most lovable men, to one of the vacancies on the higher court—if Mr. Clarkson would accept it which is said to be doubtful.

New Federal Officeholders  
A number of down-eastern Representatives yesterday passed through Raleigh en route to Greensboro, where this evening a special meeting of the Republican State Committee will meet, chiefly for the purpose of fixing a party slate for the various Federal offices from which the present Democratic incumbents will soon be retired. Prospect of a fight, however, does not diminish the chances of the original slate fixed up at a conference between National Committeemen, Messrs. Moorehead and Frank A. Linney, State chairman.

That slate is:  
Collector of Internal Revenue—William Grissom, of Greensboro, Secretary of the Republican State Executive Committee.  
United States Attorney, Western District—Frank A. Linney, of Boone, Chairman of the State Executive Committee.

United States Attorney, Eastern District—Irvin B. Tucker, of Whiteville, late candidate for Lieutenant Governor on the Republican ticket.  
United States Marshal, Western District—Brown Jackson, of Hendersonville, former member of the General Assembly.

United States Marshal, Eastern District—R. W. Ward, of Raleigh, otherwise prominently mentioned as the prospective postmaster at Raleigh under the Harding administration. Jenkins, of Johnston, who was a candidate for marshal will get the eastern collectorship.

This ticket is not going without some fun. Butler and Meekins, though the train be far from one, are already in Greensboro for the fight. Meekins wants young William Duncan, of Raleigh, who has not been a factor in politics here, except as the son of E. C. Duncan, made collector of internal revenue and Butler wants among other things, to have his own brother, Major George Butler, appointed United States Attorney, rather than Irvin B. Tucker.  
The changes are expected to come early in July.

Revival Continues at M. P. Church  
The revival at the Methodist Protestant church continues with much interest being manifested. Already a number have professed faith in Christ. Were you among that number? or were your loved ones or friends among that number? If not, come and bring the unsaved people with you. It is said of the wicked Jessebel that God "gave her time that she should repent; and she would not to repent of her fornication." God is giving the people of Asheboro time to repent. Will you then if they repent not. God is also giving the Christian people time to win the unsaved. And He tells us that if we fail to warn the wicked, their blood will be required at our hands.  
The services will continue through the week. Afternoon services at 2:30 and the evening services at 7:30. The eleven o'clock service next Sunday will consist of the rendition of members, communion service, and the baptism of infants. If you are a Christian or will become a Christian, come on and consecrate your life to the service of your church. If you are already a member elsewhere, transfer your membership where you live so that your life may count for the most for the Kingdom and that the church may be built up to you.

The people are delighted with Rev. M. S. Smith's preaching. Come and hear him and you will be glad to hear him.

Harrison Skeen Sentenced to Roads  
Harrison G. Skeen, of Davidson county, formerly of Randolph county, was sentenced last week in the Davidson county Superior Court, to five years on the county chain gang for the larceny of an automobile belonging to Mr. Stewart of Eller.

Mrs. Stewart, wife of the owner of the stolen car, testified that she was awakened by the noise of someone was taking the car from the garage and that as the car drove by the house she looked out of the window and recognized Skeen as the driver under the light of another automobile coming down the road. Several witnesses told of following the tracks to the home of Skeen some miles away, and finding the car in his yard, near the end of the house and that Skeen came out within two minutes after being called, fully clad, shoes laced, wearing a raincoat and with evidence of having himself been in the rain. The car was taken during or following a shower, it was testified.

Skeen's attorneys examined witnesses to prove an alibi. The defense also sought to show by tracks the next morning that someone had left the car at Skeen's and had run. Skeen proved a good character during the 18 months he lived in that community and also by witnesses from Randolph county where he was born and formerly lived. It was also contended by the defense that it was a misty night and that the window glasses were cloudy and that Mrs. Stewart was mistaken in saying that it was Skeen. Skeen appealed to the Supreme Court, Judge Findley placing the bond at \$5000.

## REVIEW OF REVALUATION WILL BEGIN IN STATE ON APRIL 5TH

Machinery for any necessary revision of valuation of property for taxation in the state under the revaluation act will be put in operation in the state on Tuesday, April 5.

By virtue of the machinery act which passed the general assembly in the last week of its session, the boards of county commissioners and the boards of appraisers and review will meet in each county of the state on April 5 to determine if the value of property as heretofore assessed is in excess of fair value at the time of the meeting. And if it finds that the assessed value is excessive, it shall report the average percentage of such excess to the State Tax Commission not later than April 20, 1921. These values shall be construed as the proper assessment unless they are changed and revised by the State Tax Commission and certified to the county commissioners not later than July 1, 1921.

The provisions of the revaluation act, setting forth the methods for review of valuation follow:

"The board of county commissioners and the County Board of Appraisers and review, heretofore appointed under Chapter 84 of the Public Laws of 1919, (Any vacancy which may have occurred to be filled by appointment of the board of county commissioners) shall meet jointly in each county on the first Tuesday after the first Monday in April, 1921, as a county board of review, to determine if the value of real property as heretofore appraised and assessed in the county as a whole is in excess of the fair value of such property at the time of meeting of said board. The chairman of the board of county commissioners shall be the chairman of the county board of review as thus constituted, and the clerk of the board of county commissioners shall be secretary of the said board. The said board shall make proper inquiry and investigation into the existing values of real property as compared with the assessed and appraised values thereof in the several cities, towns and townships of the county; and if it shall find that the assessed value of such property is in excess of the fair value, it shall find the average percentage of such excess in the county as a whole or in the several cities, towns and townships, and shall report its findings so made to the State Tax Commission not later than the twentieth day of April, 1921. The values so reported shall be the values at which the property shall be assessed for taxation, unless and until the same have been changed and revised by the State Tax Commission and certified to the board of county commissioners of such county, which shall be done not later than the first day of July, 1921.

"Section 28. Specific Complaints.—The board of county commissioners of the several counties shall have and exercise authority to hear and determine specific complaints of overvaluation or undervaluation or any particular tracts of real property, and after the general equalization order provided for in the preceding subsection has been made, any person who owns property subject to taxation and who finds that said property stands assessed for taxation, after such equalization order has been made, at an amount in excess of the actual value of such property on the first day of May, 1921, may have the right to have the same re-assessed and re-appraised by the said board, by filing with the clerk of the board of county commissioners, sometime during the month of May, 1921, an application in form and substance as follows:

"To the Board of County Commissioners:  
I hereby make application for the re-assessment of the real property hereinafter described, for the reason that said property is now assessed in excess of its actual value on the first day of May, 1921, and of hereby certify that in my best judgment the actual value of the said property on that date was as it is stated herein to be:  
Description:  
Location:  
Condition:  
Acreage:  
Assessed Value:  
Actual value May 1, 1921:  
"Any citizen of the county may file complaint to the undervaluation of any real property in the county, or the board may of its own motion review the valuation of any property that it finds to be valued at more or less than the actual value of such property on the first day of May, 1921.

"The county board of commissioners may appoint the county auditor or any resident free holder of the county who has general knowledge of the value of the real property of the county, to investigate any and all complaints filed under the provisions of this section and make report and recommendations to the said board as to the true value in money of such properties. The county board of commissioners shall thereupon approve or review such recommendations and shall, not later than the 15th day of July, 1921, make report to the State Tax Commission of the increases and reductions in the valuation of specific properties made under authority of this section.

Section 29 (c). If the board of county commissioners of any county, at their regular monthly meeting on the first Monday in April, 1921, shall find that the value of real property in such county is so unequal as between the owners of real property in such county as to require a more general revision of assessment than is practicable to be made under the provisions of sub-sections a and b of this section, or the value of real property as heretofore appraised in such county as a whole is in excess of the present actual value of such property it may by resolution so find, and order that such revision be made. A complete abstract of such revised assessment by townships, giving average value per acre and value of town lots and the value as a whole, shall be made to board of county commissioners of such county and to the State Tax Commission, not later than the 15th day of July, 1921, and shall be subject to the authority of the State Tax Commission as a state board of equalization, so as to preserve a properly equalized value of real property in the several counties. The board of county commissioners shall, in the exercise that may be required under this section, such expense to be borne by the county.

## RANDOLPH CLUB TO ISSUE BULLETIN

Chapel Hill, March 21.—At a recent meeting of the Randolph County Club, at the University of North Carolina, the members of the club unanimously favored a motion for getting out "Survey of Randolph County" during the next school term. An editorial board, with J. M. Robbins as chief editor, was formed to collect the material that will enter into this bulletin, and an advertising board, with T. Alexander Burns in charge, was appointed to secure advertising that will cover the cost of the publication of the bulletin.

The name of the bulletin will be "Randolph County: Economical and Social." The booklet will contain ten chapters amounting to approximately one hundred pages. These chapters will take up the historical backgrounds of Randolph County, its natural resources industries and opportunities, acts about the folks, wealth and taxation, gains in rural and city schools since 1910, farm conditions and practices, home raised food and the local market problems, things to be proud of in Randolph and our problems and their solution. Several pictures of the industrial plants and other prominent buildings in the county will be published in the bulletin.

The publication and distribution of this bulletin will let the people know and understand more about their entire county, its growth, its future; it will bring the rural districts into more closer relation with the enterprises of the various towns and cities in the county. All members of the club will voluntarily contribute material entering into the bulletin. This material will be received both from statistics of the county and from the Rural Social Science Department at the University. This bulletin will be up-to-date in every respect and will be of great interest and value to every citizen of Randolph County.

The members of the Randolph County Club will call upon all enterprises in Randolph County next week, during the holidays, to solicit advertising to cover the financial cost of the publication of the bulletin. Advertisements will go into every nook and corner in the county and will be the means of promoting a closer relationship between all the people of the county. If you can give the editors of this bulletin any suggestions or information in regard to the contents that will enter into this bulletin, or can and will support it in any way, please send all communications to Jesse M. Robbins, Chapel Hill, N. C.

This is to be a bulletin for and of the people of Randolph county and without your support it will not be possible to publish this bulletin. Over ten county clubs have published these bulletins here at the University, and why should the people of Randolph county not support the publication of a bulletin that will give them a chance to study their own work-a-day problems and to think out ways and means to higher ends in community life.

The Wallburg boys played a golf game of ball but were unable to handle the offerings of Burge, who played the 7th and 9th innings when he was a little wild. He struck out eight men and yielded four hits.

The Trinity boys started their scoring in the first inning and kept it up. Reed was driven from the box as the 6th inning and Faircloth who succeeded him was also hit opportunely.
