EUNION WEATHERLY PUPILS

On June 9th, Prof. D. M. Weatherly, of Franklinville, attended the reunion of nearly three hundred pupils of his brother, Prof. J. M. Weatherly, at

Jamestown.

Prof. "Jule" taught at "Old Jamestown" and Flint Hill in the "80's."

The reunion was held in the handsome high school building, situated between the towns, the old buildings of both towns having been removed several means.

eral years ago.

The address of welcome wis given in a happy vein by Miss Jennie Ragadale, who was the originator of the idea and who brought it to a success

Albert E. Tate, of High Point, was master of ceremonies and presided with great dignity. Short reminiscent talks were made by Mrs. O. E. Kearns (Effie Johnson), of High Point, Prof.D. M. Weatherly, of Franklinville, a bro-ther of the honor guest; Mrs. R. T. Pickens (Blanche Armfield), of High Point; Mrs. Frank Armfield, (Lucile Armfield), of Concord; George Lee, of Asheville, Fred N. Tate, of High

Point, and others.

The principal address of the day was delivered by Hon, Walter Murphy,late speaker of the house of North Carolina, and it abounded in wit, delightful reminiscences and good common sense. Prof. Weatherly delivered an eloquent and inspiring address, with much of his old time vigor. Though the years have silvered his hair, yet his tall, commanding figure and dignified bearing, he presents a splen-did type of the schoolmaster of "Auld Lang Syne." His voice is yet strong and resonant, and to his hearers it eemed that truly "time had turned backward in its flight," and made us children again, as we listened to his words of counsel and advice, admon-ishing us to high ideals of living and thinking. The same old gestures, expressions and tricks of speech were there, as he affectionately addressed us as "my little children." These speeches were interspersed with a number of old time songs which were wont to be sung at those memorable commencements, which still linger in

erly to the front of the audience, and at the August term of Superior Court in a touching speech presented him with a beautiful watch and chain, bearing this inscription: "Presented to Prof. J. M. Weatherly by his old pupils of Jamestown, as a mark of their love and esteem, June 9, 1921."

Fugative from Davidson Caught Jesse Miller, white man of Randolph county, after being arrested on charges of distilling and auto theft, breaking jail and fleeing to South Carolina, where he was later arrested, tried and acquitted on a murder charge, is back in Davidson county many minds and hearts, the like of which shall never be seen agam.

At the conclusion of the program, Fred N. Tate summoned Prof. Weathon the triple charges of auto theft, dis-

tilling and jail breaking. Miller was brought back Saturday from Florence, S. C., by Deputy Sheriff Arthur E. Crouch, of Arcadia, who went down armed with requisition papers Sheriff Sink had secured from Governor Morrison, but the prisoner did not resist extradition and a trip to Columbia was not neces-The Dispatch.

HAVE YOU TAKEN TYPHOID TREATMENT

There were 128 cases of typhoid fever reported to the North Carolina State Board of Health for the month of May from 57 counties in the State. Rockingham is charged up with the largest number-seven, and is followed closely by Wayne, Lenoir and Johnson with six each. Durham led the cities with six, Winston-Salem had three, Wilmington two, Charlotte and Raleigh, one each.

Typhoid has not been epidemic anywhere, as there is an average of only two cases from counties where the disease exists. However, the Board of Health points out to the people that many cases may result from these few through contact with them, and through contamination of food, water and milk by flies or human carriers.
For this reason, if it has been over two years since you took the treatment preventing typhoid, do the wise thing and repeat it now. During the coming months free protection against typhoid will be offered in half the counties of the State. If yours is not one of them, it should be and it is no fault of the State Board of Health

Pirates on North Carolina Coast

A world-wide search for the missing crew of the schooner Carroll A. Deering, of Bath, Maine, which piled up on the North Carolina beach, last January, with all sails set but not a living soul on board, has been started the State Department through American consuls. The mysterious disappearence of the American steel freighter Hewitt, out of Sabine Pass, Texas, for Boston, about the same time being investigated. It is thought by many that pirates are afloat in the North Atlantic.
