

SHAKESPEARE ON ASHEBORO HIGHWAY

William Ragan Puts Road Situation Into Language of Well Known Writer

Considerable controversy, actual and editorial, has developed recently between certain factions in Greensboro and people interested in Authorized Asheboro-High Point highway.

The Enterprise has very pointedly placed the blame for this unnecessary friction and her cause has been loyally championed and vigorously upheld by William P. Ragan, Jr., of the local junior chamber of commerce, who has paraphrased one of Shakespeare's best plays and applied it to the road situation.

His efforts have summed up the road situation as it is or as it seems to be with nothing to make it seem otherwise. Mr. Ragan's paraphrase follows:

Red and ruddy Randolph, a province rich in some thirty soils, Rich in natural wealth, Settled by a people of integrity and health, Industries, thrifty of most high ideals and just pride, Sought, of neighbor counties, admission to the world outside.

To the call and seeking the haughty Greensboro did reply, "Randolph, hush your murmur, in the mud you're doomed to lie, Until all sections lying to our north and east and west

Are supplied in gracious bounty with good roads which are the best. To meet your line there'll be no money spent, Randolph, wade the mud and be content!"

Silence! but ere long it broke. One J. Elwood up and spoke. "Oh non, not so. I knew these people, who they are. Much and often do they plod this way. A road of plank they once did build and, where it crossed the railroad, built a town called High Point.

Although mud and mire be there, Randolph is a county fair. "Loyalty, integrity, Anglo-Saxon's I will lift thee from the mud. purest blood, And the state will be repaid For the sand and cement laid Through these vast and fertile fields Which to Randolph farmers yield so bounteously."

It was J. Elwood Cox who said that Randolph county shall be free. But Greensboro says, "Oh, no. Randolph belongs to me. Turn her in this way. We now demand our rights, She is cattle all our own, We will milk her morn and night,"

But hear J. Elwood say, "Oh, no Randolph shall be free to go And trade with those who trade the best Be they North or east or west. Randolph is no cow, no slave, None she owes allegiance save To Asheboro her own dear town and hamlets all her own."

—High Point Enterprise.

POULTRY SUGGESTIONS FOR LATE AUGUST

Market the surplus cockerels this month, either as broilers, fryers, or roasters, as soon as they are large enough. Cull and market all hens molting to any great extent this month. After molting begins egg production stops, and the hen is not worth carrying another year. The Department of Agriculture advises against keeping them. Keep the young stock growing by liberal feeding.

Put nests in the houses occupied by the pullets. A few may begin to lay, and eggs laid on the floor are likely to get broken and lead to the habit of egg eating. Figure on seeding down any poultry yards or runs not in permanent sod. Rye, winter oats, and winter wheat are good crops for poultry yards.

Protect your flocks and poultry generally by trapping coyote and wolf pups while they are easy to get (west of the Mississippi River). Speed was once the only consideration in getting poultry to market but now to this has been added good handling and refrigeration, from start to finish. The time the product would keep was so short that the whole course of marketing had to be rushed. Now it's a matter of maintaining even refrigeration.

When you consider the delicate character of the skin and flesh of a chicken and the pressure that the poultry in a heavy package exerts upon itself, it is easy to understand why the small package has its advantages. Chickens in transit seldom become too cold. It is heat that must be avoided.

Randolph Boy Assistant Director Mr. Ray J. Tysor, of Erect, has accepted a position with the Y. M. C. A. in Greensboro as assistant physical director and will begin his duties Sept. 1. Mr. Tysor is a graduate of last spring's graduating class of Trinity College and is considered one of Randolph's brightest young men. He is well qualified for the work he has chosen, having taken special training in this line while in school, and holding the place as assistant director in the Durham Y. M. C. A. during his senior year at college.

Linney Resigns Chairmanship Hon. F. A. Linney, whose appointment as U. S. Attorney was confirmed last week, has resigned as chairman of the State Republican Executive Committee. There is a strong probability of C. A. Reynolds, of Winston-Salem, being chosen as his successor. Mr. Linney has served continuously as state chairman since 1914. His resignation was announced at Charlotte.

HOLDS WILDERNESS IN SCORN

Japanese Adventurer Thrives on Such Perils as Might Well Daunt Even the Bravest.

Jujiro Wada has always played a lone hand. Up and down the northern fringes of civilization he has pioneered for 30 years. He has been in the thick of every gold rush from the Klondike to Hanson Creek. He is an expert trapper, hunter, cook, prospector and dog-team driver. From Athabasca to the mouth of the Mackenzie, all old-timers know the little yellow wilderness adventurer.

Soon after the discovery of a gusher well at Fort Norman last fall, winter closed the trails to the new oil bonanza on the Mackenzie. But it did not shut out Jujiro Wada. Ice and snow and howling blizzards have no terrors for him. Employed by Vancouver capitalists to go to Fort Norman and stake claims for them, he struck out for Peace river with a team of dogs in the dead of winter. For 1,200 miles he mushed alone through the frozen, wolf-haunted solitudes, staked his claims and came back across the snow to Peace river.

Now he has been employed by a New York syndicate to go to the top of the world on a hunt for gold. A rumor has long been bruited about the arctic that Herschel Island conceals rich gold deposits. The little Jap will soon leave for the north prepared to spend at least a year on this thunder-riven, desolate rock in the arctic seas. If he uncovers treasure, there will be no delay in bringing out samples. No matter if it is 90 degrees below, Jujiro Wada will harness up his malamutes and break trail back toward civilization. That's his way.

CANDIDATE GOT ONE VOTE

Humiliating Practical Joke Played on Italian Who Had Made Himself Politically Unpopular.

Solicitor Gandolfi of Cremona, Italy, besides being a poet, is also a bombastic meddler in political matters. Because of this it was arranged by a party of jokers to bring him forward as a candidate for the polls. The electoral committee was duly constituted and Gandolfi's name was entered on the government lists.

The unlucky solicitor was forced during the fortnight to do his own canvassing and to drive about from village to village delivering speeches. When election day came, no voting papers having been distributed by the committee for him, it was found that the only vote he received was his own. His discomfiture may be imagined, but it is said that a radical cure for his political tendencies has been found.

A still more unfortunate candidate was a communist in the same town named Lodolini. After the communists had officially announced their intentions to carry him, the man disappeared. It was found that the Fascist had seized him at night time and driven him to Casalmaggiore, where he was forced under the severest threats to remain during election time. Once Lodolini returned to Cremona to see his wife, but the same night the Fascist again entered the house and forced him to dress and drove him again to seclusion and meditation over the rules for the Third Internationale. —New York Tribune.

Signs of Age.

"Uncle Dunk is getting along in years," regretfully said a resident of the Ozarks.

"Eh-yah," replied an acquaintance. "He's somers about eighty-one, ain't he?"

"Yes, and I skurcely ever seed a man so old for his years as he 'pears to be of late. He rid into the county seat with me tuther day. We got there about nine o'clock in the morning and before 5:30 he came around whur I was talking swap with some fellers, and 'lowed that as he didn't know nobody in town skurcely and hadn't any business there, no-way, and nuthin' had happened of any interest so fur and didn't 'pear likely to, he was just about ready to go home. Uncle Dunk is feeling his age powerful." —Kansas City Star.

Milk From Peanuts.

The common peanut is the source of a new substitute for milk which so closely resembles its prototype that it turns sour and curdles, produces buttermilk when churned and may be made into cheese, says the Scientific American. The favor, in which the nut characteristically persists, is declared to be practically its only point of variance with cow's milk. The new lactical product originated in the laboratory of an American university where the peanut kernels are converted into four times their volume of milk, varying from 4 to 8 per cent in fat content and from 2.4 to 3.3 per cent in protein. The cost of production is said to be considerably less than the market price of dairy milk.

Boy Scouts Aid Birds.

The birds in the neighborhood of St. Louis have had their housing problems reduced to lowest terms by the act of the boy scouts of St. Louis, who, as a result of a contest, provided 2,308 well-built bird houses, which have been placed in the public parks and other reserves. The winning troop turned out 661 bird houses. The scout executive writes that much interest was roused locally, not only in the house building which it is proposed to make an annual good turn event, but also in the nests these

Mr. D. W. Maddox, a graduate of Trinity college, who had charge of the Asheboro school last year, will return Mr. Spangler will act as principal of the High school. Asheboro City school is on the accredited list and ranks with the best in the state, and with the teaching force employed this year, it will continue to maintain its good reputation.

50 good cigarettes for 10c from one sack of GENUINE "BULL" DURHAM TOBACCO

HIGH SCHOOL NEWS

Randolph County Ready for Work — Splendid Corps of Workers The High Schools in Randolph county for the coming year, bid fair to be better organized than for any year recently. Principals for the eight High schools in the county have been selected who have had considerable experience, and are graduates of the University of North Carolina, and some of the best colleges in our State. The principals have surrounded themselves with a strong corps of high school teachers.

Mr. T. E. Story, a graduate of the University of North Carolina, has been chosen as superintendent of Trinity High school; associated with him in the school will be Mrs. Vivian H. Willard and Misses Josephine Conley and Edith Dindexter. The lower grades Misses Laura Moore, Ora Fulp, Mittie Newton, Annie Lee Downs, Blanche Farlow and Mrs. Kate Normet. These teachers are all prepared to do the work for which they were employed and no doubt will have great success. With Mr. T. E. Story acting principal of the school and the strong teaching force which the committee have employed, we expect Old Trinity to come to the front along side the most progressive high schools in our state. The course of study has been so arranged that pupils who enter the high school may complete the science of literary course. Old Trinity has a great history, and it is hoped that this is the beginning of greater things for this entire community.

Prof. D. M. Weatherly, who is well known to the people of Randolph county will have charge of the Randleman Graded school. Miss Edna Taylor who has rendered such good service for the last two years, will assist him. In addition to these there will be two other in the high school. Mr. Weatherly is so well known as a fine instructor and manager, that we expect great things from the Randleman high school this year.

Mr. J. E. Allen, will have charge of the Liberty high school, and associated with him will be two other high school teachers. Mr. Allen received his preparation for teaching at Lynchburg college, Lynchburg, Va., in 1920 he attended the six weeks summer school at Chapel Hill. During this summer he has had twelve weeks at the University of Virginia. There is no man more enthusiastic over his work than Mr. Allen, and already Liberty high school under his leadership is becoming one of the strongest high schools in the state. No people anywhere in Randolph stand by, and support their school morally and financially and better than the people of Liberty. The community contemplates enlarging their high school facilities early in the year.

Mr. E. J. Harbison, a graduate of Trinity college will have charge of the Rameuse graded school, and he has associated with him three high school teachers. This year will see the Rameuse high school placed upon the accredited list, which means that students who finish the four year course, will be given a certificate allowing them to teach school in North Carolina without further examination. Rameuse is erecting a \$65,000 school building which will be a credit to any progressive community.

Richard F. Little will have charge of the Franklinville high school, and he too, comes well prepared for superintendency of the Franklinville school. His management of this school has been so satisfactory, that he was employed to teach the third year. His enthusiasm and efforts to train the children physically is very noticeable, and any one gets a new inspiration to visit his school.

Farmer high school will be in charge of Prof. J. B. King, who comes from some one of the old colleges in Tennessee, and from recommendations and his experience as a teacher, the Farmer high school should have one of the best years in its history. The lower grade teachers are Misses Dolly L. Victory, Linnie Dorsett and Mrs. J. B. King.

This year Seagrave will come in the class of a second grade high school. Mr. W. C. King, who is well known to many of Randolph folks, and who is a graduate of Elon College will have charge of the school, and Misses Iola Lowdermilk, Sarah Gregson, and Mrs. J. B. Slack are employed for the lower grades.

Mr. D. W. Maddox, a graduate of Trinity college, who had charge of the Asheboro school last year, will return Mr. Spangler will act as principal of the High school. Asheboro City school is on the accredited list and ranks with the best in the state, and with the teaching force employed this year, it will continue to maintain its good reputation.

CANTALOUPE OF FINEST QUALITY

Early Picking is Reason Given for Melons Reaching Market in Inferior Condition.

AVOID BRUISING IN PACKING

Load Immediately in Iced Refrigerator Cars and Furnish Ample Ventilation—Floor Racks Are Also Recommended.

(Prepared by the United States Department of Agriculture.)

Fully 10 per cent of the cantaloupes produced in the western states reach the consumer so green that they are practically worthless for food. If only 1 per cent were picked and shipped unripe it would mean transporting and marketing more than 40,000 crates, for more than 20,000 carloads—or four-fifths of the production of the United States—are harvested in Colorado, New Mexico, Arizona, Nevada, and California, and shipped on a six to twelve-day journey to middle western and eastern markets.

During three recent shipping seasons specialists of the United States Department of Agriculture conducted investigations in the western producing sections and chief eastern consuming centers, in order to determine the most satisfactory methods of handling cantaloupes for long-distance shipments. It was found that too early picking was one of the chief reasons why melons reached the market in an inferior, tasteless condition.

When to Pick Melons.

Green melons have a depressing effect on both demand and prices. While it is necessary that they be picked before they are entirely ripe, in order to provide the essential keeping qualities in transit, they may be picked at a stage of maturity that will afford good flavor as well as keeping quality when they reach consumers, cantaloupes should be picked just after they will slip cleanly from the stem; that is, at the full-slip stage of maturity.

If properly handled and promptly loaded they will carry in satisfactory condition, even to long-distance markets. Allowance must be made, however, for a certain amount of rough

Unwrapped Melons Cool Quickly, Thus Preventing Mold.

handling and for some delay in transit. As a general rule, therefore, cantaloupes should be picked just before they reach the full-slip stage. Such melons possess not only the desirable eating quality, but also the necessary carrying quality.

The keeping and carrying qualities of cantaloupes are directly dependent on the care exercised to prevent mechanical injuries in harvesting and preparation for shipment.

Use Care in Packing.

During the operation of packing, melons should be placed carefully in the crates, and not dropped or tossed into place, as is frequently done. Injury caused by squeezing can be prevented if packers are careful not to force in over-sized melons when finishing the crates.

The reduction of serious market losses from over-ripe and decayed melons is dependent to a large extent upon the promptness with which they are placed under refrigeration. They should be loaded immediately in iced refrigerator cars, and, while being hauled from packing shed to the car-loading platform, should be covered to protect them from the sun.

Cantaloupes should preferably not be wrapped. They do not refrigerate so well in transit nor do they reach the consumer in so good condition as unwrapped melons. Loading different types of packages may obstruct air circulation and thus seriously retard refrigeration. In cars equipped with these racks, as well as basket bunkers, salt may be effectively employed to hasten refrigeration. The ability of refrigerator cars to cool melon shipments quickly and to maintain desirable temperatures in transit depends directly upon proper bunker and bulkhead construction, and upon the quantity and quality of the insulating material used.

MOLTING PERIOD IS TRYING

Feathers That Must Be Made Are Rich in Nitrogenous Substances—Coated With Oil.

Many owners of hens think that because the hens are not laying during the molting period, they do not need feed. This period is harder on a hen than heavy laying for the feathers that must be made are rich in nitrogenous substances and are coated with an oil.

A THOROUGH TEST

One to Convince the Most Skeptical Asheboro Reader

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Asheboro residents should be convinced.

The testimony is confirmed—the proof complete. Testimony like this cannot be ignored.

Mrs. Hugh J. Burns, North Fayetteville Street, Asheboro, the following statement Jan. 5, 1918: "I have always had a good word for Doan's Kidney Pills and shall continue to. I received wonderful results from this medicine. Whenever my kidneys need the least bit of attention a few doses of Doan's give me quick relief."

"On July 28, 1918, Mrs. Burns said: 'I recommend Doan's Kidney Pills as highly today as ever. They did me more good than any other kidney medicine I ever used.' Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

WHY NOT NEWS

Mr. O. D. Lawrence and daughters, Misses Lizzie and Maple, and Messrs. E. W. Auman and J. C. Lawrence spent last Sunday with Mr. Lawrence's brother, Dr. W. P. Lawrence, at Elon College.

Mr. F. R. Auman, of High Point, has been spending a few days with home folks. Mr. and Mrs. G. D. Monroe and Master Joe Dixon, of Lillington, spent last week with their parents, Mr. and Mrs. J. A. Monroe.

Mr. and Mrs. M. C. Auman and children, of High Point, have been here having some work done on their farm. Mr. and Mrs. L. A. King and Mr. and Mrs. H. E. Cagle attended the S. S. convention at Liberty last week. Rev. and Mrs. John Hulm have as their guest their daughter and son-in-law from Florida.

Young men's prayer meeting every Wednesday night. Mrs. L. E. Cagle and children returned to their home in Greensboro last week. Mrs. Cagle has been spending the summer with her brothers, Messrs. E. L. and J. B. Slack, Jr.

Mr. and Mrs. L. A. King entertained quite a number of the young folks of Why Not Saturday night in honor of her guest, Miss Hussy, from near Asheboro. Many games were played on the lawn.

Friday, Mr. and Mrs. J. A. Monroe and sons, C. L., H. B. and J. A., Mr. and Mrs. G. D. Monroe and Master Joe Dixon, Mrs. C. E. Stuart and Vern Stuart motored to the home of Mr. and Mrs. Bethel Lucas for a picnic, boating and cooking and eating fish. The party left after supper with the memory of one of the best days. Mr. and Mrs. Lucas and daughter, Frances, are ideal host and hostesses.

Vern E. Stuart was host on Monday night to the young men of Why Not. Various stunts were engaged in after which a society was organized with twelve members. The next meeting will be held with Curtis Garner and will discuss the query: Resolved, that the tractor is of more benefit to farmers than horses.

Mr. and Mrs. L. A. King Entertain Mr. and Mrs. L. A. King entertained the Baraca and Philathea classes of the M. P. Sunday School with a lawn party last week.

The lawn was attractively decorated with Japanese lanterns carrying out the color scheme of blue and white. Various games were played after which refreshments, consisting of ice cream and cake, were served.

This proved to be one of the most enjoyable parties of the season. The visitors were Mr. and Mrs. W. C. Garner and Miss Ruth York, of High Point; Misses Hazel Richardson, Lizzie King, Nannie Mae Smith, Lela Brown, Fionnie Holt, Annie Leach and Mr. Paul Brown, of Star.

Why Not Birthday Club Meets

On Saturday evening, August 20, a number of friends met to celebrate Mrs. T. W. Lawrence's birthday. After some time spent in social conversation, interspersed with music by Mrs. G. D. Monroe, the guests were asked to do several stunts which proved to be very amusing. The oldest lady taking part in a feather contest is 72 years old. After much fun, Mrs. Lawrence, assisted by Mrs. J. A. Auman, served watermelon.

Ten members of the club were present, Mr. and Mrs. J. H. Spencer, Mr. and Mrs. G. D. Monroe, Mr. and Mrs. David Luther, Miss Edith Beck. The club will meet September 8th with Mrs. J. A. Auman.

We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the Price of a Weekly. No Other Newspaper in the World Gives So Much at So Low a Price

The next few years will be marked by important and historical changes in the life of the United States deeply interesting to every citizen. The Thrice-a-Week World which is the greatest example of tabloid journalism in America will give you all the news of it. It will keep you as thoroughly informed as a daily at five or six times the price. Besides, the news from Europe for a long time to come will be of overwhelming interest, and we are deeply and vitally concerned in it. The Thrice-a-Week World will furnish you an accurate and comprehensive report of everything that happens.

The Thrice-a-Week World's regular subscription price is only \$1 per year, and this pays for 156 papers. We offer this unequalled newspaper on The Courier together for one year for only \$2.75. The regular subscription price of the two papers is \$3.00.

For \$3.00 we will send The Courier, the Progressive Farmer and the Thrice-a-Week World for one year.

Miss Emma Blair Honored

A new school building is to be erected at High Point to be known as the "Emma Blair School." It will be the finest in the city, the cost being about \$110,000. It will be located on East Russell Street or Park. People of Randolph, her native county, will be gratified to learn of the honor thus coming to Miss Blair, who has for many years been a leader in educational work in the state.

NOTICE OF MORTGAGE SALE OF LAND

Under and by virtue of power of sale given to the undersigned mortgagee, in a certain mortgage deed given by R. M. York and wife to M. V. Andrews on the 5th day of February, 1921, to secure the payment of a certain bond or note of even date therewith, said bond or note being due and payable on the 5th day of May, 1921, and said bond or note being now past due and default having been made in the payment of the principal thereof and the interest due thereon, said note being for \$1215.15 and given by the said R. M. York and wife to M. V. Andrews, and the mortgagors having failed to comply with the conditions set out in said mortgage, the undersigned will at 12 o'clock, M., at the court house door in Asheboro, N. C., on Saturday the 24th day of September, 1921, sell at public auction, to the highest bidder, for cash, all of that certain tract or parcel of land, lying and being in Liberty township, Randolph county, North Carolina, in the town of Julian and being more fully described by metes and bounds as follows, to-wit:

Being lots Nos. 69 and 80, situated on the south side of an unknown street in Julian, N. C. Beginning at an iron stake in the north east corner of the M. P. Parsonage property on Third street; thence south 320 feet along M. P. Parsonage property; thence east 85 feet to a stake; thence 320 feet along the line of the Burgess property; thence west 85 feet to an iron stake, the beginning corner, containing three fourths of an acre more or less, and being the same land conveyed to grantors by H. C. Johnson and wife by deed dated February 4th, 1919.

There is situated on said land a nice cottage dwelling house. This the 23rd day of August, 1921. M. V. ANDREWS, Mortgagee. HAMMER AND MOSER, Attorneys for Mortgagee. 4t-9-1

NOTICE OF MORTGAGE SALE

Under and by virtue of power of sale given in a certain deed of trust bearing the date of October the 15th, 1918, given by W. T. Brooks and his wife Hattie Brooks to the Alamance Insurance and Real Estate Company, Trustee, to secure the payment of three bonds mentioned and described in said deed of trust, aggregating five hundred and fifty dollars and default having been made in the payment of said bonds and all of them and interest due thereon and the said W. T. Brooks and wife Hattie Brooks having failed to comply with the terms and conditions set out in said deed of trust, the undersigned will at 12 o'clock, M., at the court house door in Asheboro, North Carolina, on Monday, the 5th day of September, 1921, sell to the highest bidder for cash, for the purpose of satisfying said bonds, the interest due thereon and the cost of this proceeding, or sale, those certain contiguous tracts or parcels of land, lying and being in Randolph county, North Carolina, and Brower Township, containing sixty-six and one-half (66 1/2) acres more or less. A more perfect description of said land can be secured by reference to Book 172 at page 225 in the office of the Register of Deeds for Randolph county, N. C., to which reference is hereby made for further particulars.

This the 2nd day of August, 1921. ALAMANCE INSURANCE & REAL ESTATE COMPANY, Trustee. 4t-6-11
