Writer Firmly of Opinion That in Many Things the French Capital Is Supreme.

Almost every country in Europe boasts a city which it calls the Little Faris of something-or other. Thus, Coponiation is the Little Paris of the North; Drussels is the Little Paris. of Rodzium; Reigrade is the Little Paris et the Balkans; Bukharest is the Little Paris of the East. There are other bush-league towns that are Ponoced by their citizens with this Little Paris staff; and in every ininnar the prospective visitor should realize that, like all insitutions of mathing very good, they will be a bitter disappointment. About the only thing they have in common with Paris is that places. In Paris you can go to a little restaurant and pay 50. I char that that makes life 1-1-1(A seem like a grand, sweet, rosy, cestatresponse. In Reignale when one pays the since amount he almost invariably gress on membric thirt contractoring longs to co out and kill a half dozen eabinet hidders, shoot up a flock of railway dictals and discubavel the gook. There is only one Paris, and that is andors the groups that almost put out the bulnder's eye, that sells the imitation jeweiry and the penetrating perfundly and the tear autiques and the ravishing wines and the soul-stirring critics. Gait has belied to make famous the momentus and the manibits and Mentmarire and Mont Paraccess and Stea Dieu. All industions. "How long have I got to listen to pol Paris are worth tothing except to

work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be -the most pleasant, the most healthful, the most profitable business on earth'."

This tractor has done much-very muchin bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the worlda machine that saves from thirty to fifty per cent of the farmer's time - a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more -a machine that takes care of every power job on the farm.
